CITY OF BOSTON

Proceedings of City Council

Wednesday, March 27, 1991.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 1 p.m., President IANNELLA in the chair, and all the members present.

INVOCATION

Monsignor Joseph Lahoud, Our Lady of the Cedars of Lebanon Church, Jamaica Plain, delivered the invocation, and the meeting was opened with the pledge of allegiance to the flag.

VISITORS TO CITY COUNCIL

President IANNELLA introduced Councillor MENINO and SCONDRAS, who, on behalf of the City Council, presented to the students of the Fenway Middle College High School and their teachers a commendation for their outstanding and exciting approach to learning. Several of the students spoke on the research they had conducted in pursuit of the answer to the question, "What makes Boston a good place in which to live?"

DISAPPROVING ORDER INSTRUCTING TREASURER TO GIVE CITY EMPLOYEES OPTION OF HAVING THEIR PAY DIRECTLY DEPOSITED TO THEIR BANK ACCOUNT (DOCKET NO. 0391)

The following was received:

City of Boston
Office of the Mayor

March 22, 1991.

To the City Council.

Dear Councillors:

I transmit herewith without my signature and disapproved an order passed by your Honorable Body March 6, 1991, Docket Number 0391, which instructs the Collector-Treasurer to give all City employees the option of having their pay directly deposited to their individual bank accounts.

My reason for disapproval is that the order interjects the Council into the executive and administrative business of the City, which is prohibited by the Charter, St. 1948, c. 452, s. 17G, as appearing in St. 1951, c. 376, s. 1. Said s. 17G also prohibits the Council from directly or indirectly taking part in the making of contracts. Direct deposit of pay checks is a mandatory subject of collective bargaining and, therefore, the order is an impermissible interference with certain City contracts.

In addition, if the Collector-Treasurer wished to pay City employees by means of depositing their pay directly into bank accounts, the City would be required to accept the provisions of G.L. c. 41, s. 41B before he could so act. The Collector-Treasurer has informed me that the matter of direct deposit is under review by his staff. If it is deemed feasible and desirable the Collector-Treasurer will then recommend the acceptance of s. 41B.

Very truly yours,

Raymond L. Flynn,
Mayor.

(Annexed hereto is the documentation referred to.)
Assigned for further action.

APPROPRIATION OF \$189,737.24 FOR EASTERN REGIONAL LIBRARY (DOCKET NO. 0408)

The following was received:

City of Boston
Office of the Mayor

The following was received:

City of Boston
Office of the Mayor

March 22, 1991

To the City Council.

Dear Councillors:

Relative to a Section 17F information request, passed by your Honorable Body on March 6, 1991, regarding Health Insurance, please find the attached response.

Sincerely,
Raymond L. Flynn,
Mayor.

In response to the order by Councillor David Scon-
dras, the information requested is provided below.

1. The City has a contract with Blue Cross to provide eligible employees with benefits specified in the Master Medical and Master Health Plus subscriber certificates. The City pays the claims incurred by subscribers of these plans. The city pays Blue Cross a fee to administer the program; the fee is calculated as a percentage of paid claims. In return, Blue Cross provides full actuarial, underwriting and claims administration services.

2. The current monthly administration fee charged by Blue Cross is 8.0% of paid claims. Effective July 1, 1991, the fee will be 5.43% of paid claims.

3. The City does not purchase aggregate stop loss coverage.

4. Specific stop loss coverage at the \$150,000 level is purchased with monthly premium rates of \$2.24 per individual contract and \$5.55 per family contract.

5. The City would need to request a proposal from Blue Cross in order to determine their charge for providing coverage on a fully-insured basis.

6. The City self-insures its medical indemnity plans with full claims risk borne by the City.

**ORDER FOR PETITION FOR SPECIAL LAW RE
VALIDATING CERTAIN CONTRACTS
AWARDED PRIOR TO EFFECTS OF CHAP-
TER 30B OF GENERAL LAWS (DOCKET NO.
0413)**

The following was received:

City of Boston
Office of the Mayor

March 22, 1991

To the City Council.

Dear Councillors:

I transmit herewith for your approval a home rule petition for the purpose of validating certain City contracts awarded under authority of the City Charter prior to the effect of the Supreme Judicial Court decision in the *Edwards* case. As you know, the Supreme Judicial Court on November 21, 1990 found in the *Edwards* case that City of Boston contracts must adhere to Chapter 30B of the General Laws, the Uniform Procurement Act.

On December 11, 1990, your Honorable Body approved an initial home rule petition which validated most City contracts that were voided by the court's

decision. This home rule petition, if approved, will permit goods and services to be delivered and payments to be made on the remaining contracts which are in technical non-conformance with Chapter 30B.

This petition was drafted with the full cooperation and support of the Office of the Inspector General and is the only lawful means by which the City may make payments to vendors for services rendered under the terms of the remaining contracts.

I urge your Honorable Body to approve this petition as expeditiously as possible.

Respectfully,

Raymond L. Flynn,
Mayor.

Ordered, That a petition to the General Court, accompanied by a bill for a special law relating to the City of Boston to be filed with an attested copy of this order be, and hereby is, approved under Clause (1) of Section eight of Article two, as amended, of the Amendments to the Constitution of the Commonwealth of Massachusetts, to the end that legislation be adopted providing precisely as follows, except for clerical or editorial errors.

Changes of form only:

Section 1. Notwithstanding any contrary provision of chapter thirty B of the General Laws, and further notwithstanding any contrary provision of the city charter of the city of Boston or any inconsistent provision of any other general or special law, the city of Boston may lawfully make payments under any contract listed in the document dated March 27, 1991, entitled "Further Contracts Designated for Validation Through Special Legislation" and filed on said date in the offices of both the finance commission of the city of Boston and the city clerk of the city of Boston. Each such contract shall continue in full force and effect, subject to any special conditions set forth in said document, until the expiration date for such contract specified in said document unless such contract is terminated earlier in accordance with the terms of the contract; provided, however, that in no event shall the amount paid by the city of Boston pursuant to such contract exceed the amount specified in said document.

Section 2. This act shall take effect upon its passage.

Coun. BYRNE offered the following:

Whereas, The economic slowdown facing the Boston area and beyond poses difficulties for many private businesses and their employees; and

Whereas, The impact of a difficult economy may be particularly detrimental to small businesses which do not have the extensive assets or capital to withstand such financial strains; and

Whereas, Small businesses in our city are vital not only to their owners and employees but also to the well-being of neighborhood commercial districts and neighborhoods in general; and

Whereas, One of the most urgent needs of small businesses is to have access to financing to carry them through periods of decreased cash flow; now therefore be it

Ordered, The Committee on Planning and Development and the Special Committee on Banking conduct a joint hearing to explore and develop a special pool of funds to be made available to small businesses in Boston's neighborhoods.

Further Ordered, That representatives of EDIC, BRA as well as private banks subscribing to the principles of community reinvestments be invited to attend and testify.

Referred to the Committee on Planning and Development.

SUPPORTING FULL PARTICIPATION OF MINORITY AND WOMEN-OWNED BUSINESSES IN REDEVELOPMENT OF KUWAIT AND PERSIAN GULF (DOCKET NO. 0459)

Coun. BOLLING offered the following:

Whereas, United States citizens of different racial and ethnic backgrounds and gender served bravely in the struggle to liberate Kuwait; and

Whereas, Americans of color, who represented close to 30 percent of the forces executing Operation Desert Storm, proved their abilities in the war from the front line foot soldiers to the distinguished Chairman of the Joint Chiefs of Staff, General Colin Powell; and

Whereas, The redevelopment of Kuwait and the Persian Gulf will require the issuance of contracts valued in excess of \$90 billion over the next ten years; and

Whereas, The Government of Kuwait has announced that United States companies will be favored in the award of these redevelopment contracts; and

Whereas, Minority and women-owned businesses deserve to share in the economic benefits accruing to the United States from the reconstruction of the Persian Gulf, as minorities and women shared in the liberation of Kuwait; and

Whereas, The *Boston Herald* in a March 12, 1991 editorial supported this concept, stating, "it is imperative that minority owned businesses be represented in (Persian Gulf reconstruction) projects"; therefore be it

Resolved, That the Boston City Council, in meeting assembled, wholeheartedly supports the full participation of minority and women owned businesses in the redevelopment of Kuwait and the Persian Gulf; and be it further

Resolved, That the City Clerk forward a copy of this resolution to the President of the United States, the Secretary of the United States Department of Commerce and the Massachusetts Congressional Delegation.

The resolution was passed under suspension of the rules.

Couns. KELLY and O'NEIL requested that they be recorded in the negative of the foregoing vote.

STATEMENT OF COUNCILLOR BOLLING

Having received unanimous consent to do so, Councillor Bolling stated that he respected the views and opinions of his colleagues but the intent of the foregoing resolution was simply to reflect the diversity of America, that this was not a quota bill or an Affirmative Action bill or anything of that nature, but that we show our greatness in what America is about, not only in terms of war but also in terms of peace.

LATE FILED MATTERS

The Chair moved that the rules be suspended and that four late filed matters in the hands of the City Clerk be added to the Agenda.

The motion was carried.

The four matters were added to the Agenda to be individually considered.

Whereas, Complaints have been registered by residents of the City of Boston regarding the quality of repaving and repair work; and

Whereas, Questions have been raised regarding the City of Boston quality controls in place to insure that the quality of work that has been performed upon completion of repairs/construction is up to City of Boston codes and standards; Now Therefore Be It

Ordered, That the Committee on City and Neighborhood Services hold a hearing to determine which safeguards are in place to insure that roadways in the City of Boston are properly restored upon completion of construction/repair projects and that the appropriate officials be invited to attend.

Referred to the Committee on City and Neighborhood Services.

COMMITTEE ON POST AUDIT AND OVERSIGHT TO HOLD HEARING RE NUMBER OF RESIDENTS BY RACE AND ETHNICITY IN EACH PRECINCT AND WARD BASED ON 1990 CENSUS (DOCKET NO. 0491)

Coun. BOLLING offered the following:

Whereas, Federal census 1990 population figures have been announced for Boston, based on census tract totals; and

Whereas, In 1982 and 1983, the Boston Redevelopment Authority research department translated census tract figures into the existing ward and precinct lines to assist the City Council to draw up council and School Committee district lines; and

Whereas, The Agency also issued a report showing 1980 census residents with percentages of population for each precinct/ward; and

Whereas, Such data, updated to reflect demographic changes since the 1980 census, will be essential in drawing any new School Committee district lines this year or in redrawing City council districts; now therefore be it

Ordered, That a hearing be held before the Committee on Post Audit and Oversight and representatives from the Boston Redevelopment Research Department and the Department of Management Information Services be asked to attend and present data to the City Council showing total numbers of residents for each precinct and ward based on the 1990 Federal Census as well as information reflecting total number/percentage of black, Hispanic and Asian populations in each precinct and ward.

Referred to the Committee on Post Audit and Oversight.

SUPPORTING POSITION OF SHERIFF OF SUFFOLK COUNTY BEFORE UNITED STATES SUPREME COURT RE DOUBLE-BUNKING OF PRISONERS IN NEW NASHUA STREET FACILITY (DOCKET NO. 0446)

Couns. SALERNO, BOLLING, BYRNE, HENNIGAN CASEY, IANNELLA, KELLY, McCORMACK, McLAUGHLIN, MENINO, O'NEIL, SCONDRAS, TRAVAGLINI offered the following:

Whereas, The newly constructed Nashua Street Jail is a state of the art facility which meets and exceeds the constitutional requirements for pre-trial detention facilities; and

Whereas, The newly constructed Nashua Street Jail has 453 cells within 13 housing units with each unit also containing a day room, a quiet room, an exercise area, a counseling room, a large outdoor recreation area, and non-contact visiting rooms; and

Whereas, During the construction of the Nashua Street Jail a certificate of occupancy was obtained from the state building inspector to house 650 persons at the jail; and

Whereas, During the construction of the Nashua Street Jail, Boston has experienced an increase in violent crime; and

Whereas, The Boston Police Department has made an increased number of arrests in response to the rising rate of crime and;

Whereas, The increase in violent crime and the increased number of arrests made by the Boston Police Department has resulted in a shortage of available pre-trial beds at the Nashua Street Jail; and

Whereas, The Sheriff of Suffolk County has spent more than \$900,000 during fiscal year 1990 to transport individuals from the Nashua Street Jail to other facilities due to the shortage of beds; and

Whereas, The Sheriff of Suffolk County has proposed to double bunk 197 of the 453 cells at the Nashua Street Jail in an effort to address the serious shortage of beds; and

Whereas, The Sheriff of Suffolk County believes double bunking a portion of the Nashua Street Jail would provide sufficient bed space to support the police effort in controlling criminal activity, to eliminate the need to transport detainees to other facilities, and to prevent the release of detainees remanded to this custody by the courts with Suffolk County; and

Whereas, The Sheriff of Suffolk County's proposal would require all detainees to undergo an intensive screening and classification procedure including interviews with social and legal services staff, a complete physical examination by department medical staff, the collection of personal data including medical and mental health information and a thorough orientation of the policies, procedures, and programs of the facility; and

Whereas, The Supreme Court of the United States has ruled that there is no constitutional prohibition against double bunking; and

Whereas, The Sheriff of Suffolk County believes the constitutional intent of a 1979 consent decree, which resulted in the eventual construction of the new Nashua Street Jail, has been met and would not be violated by implementing his proposal to double bunk a portion of the cells at the Nashua Street Jail; and

Whereas, The Supreme Court of the United States has agreed to hear the Sheriff of Suffolk County's appeal of a recent court decision pertaining to the right of the federal courts to intervene in the policy decisions of elected or appointed public officials in carrying out their statutory obligation, and

Whereas, A legal brief outlining the arguments of the Sheriff of Suffolk County is due by April 5, 1991; and

Whereas, The members of the Boston City Council are County Commissioners of Suffolk County; therefore be it

Resolved, The Boston City Council, in meeting assembled, does thereby extend its support to the Sheriff of Suffolk County in pursuing a favorable decision by the United States Supreme Court; and further be it

Resolved, That the City Clerk, in cooperation with the Sheriff of Suffolk County, forward a copy of this

Resolution to Kenneth W. Starr, Solicitor General of the United States of America, urging him to file an *amicus curiae* brief in the Supreme Court of the United States supporting the position of the Sheriff of Suffolk County.

The resolution was adopted under suspension of the rules.

BOSTON PARTICIPATES IN NEIGHBORHOOD NIGHT LIGHTS PROGRAM

Boston residents benefited from an innovative program sponsored by the City of Boston, The Boston Edison Company and several neighborhood groups last month. The "Neighborhood Night Lights" Program brought energy-efficient lights to front porches across the city at no charge, helping reduce crime and electricity bills at the same time.

"Neighborhood Night Lights is an excellent opportunity for residents to light up their neighborhoods for safety and save money in the process," said Mayor Raymond L. Flynn at the October 26 kick off event at City Hall.

Mayor Raymond L. Flynn and the City Year for a Day "serv-A-Thon" corps gather at City Hall before the Neighborhood Night Light program distributed thousands of energy efficient light bulbs across the city for safety.

More than 250 volunteers gathered to sign up for the lights that were distributed throughout Boston's neighborhoods.

"We are pleased to provide our customers with the energy-efficient lighting technology that can save energy while keeping neighborhoods safe," said Carl Gustin, Senior Vice President of Boston Edison. "These lights will enable residents to keep porch lights on all night at no additional cost.

"We hope everyone uses the Neighborhood Night Lights program as a means to begin thinking about other ways they can work together to make their neighborhood safer," said Katherine Mainzer, director of Citizens For Safety, one of many citizens' groups involved in the project.

The day long event coincided with the resumption of Standard Time. This program is an outgrowth of Boston's energy-efficiency partnership with Boston Edison and is being

supported by the city's Safe Neighborhood Plan, the Boston Police Department's Community Policing program, the Mayor's Youth Campaign, City Year, community groups such as Citizens for Safety and the Neighborhood Justice Network, Boston Against Drugs, Boston Community Centers, over 500 community Crime Watch groups and the Mayor's Office of Neighborhood Services.

"I can't think of a better way for residents to send a message that crime will not be tolerated than to join together in lighting up their neighborhoods with their porch lights," said Police Commissioner Francis Roache. "The Night Lights program is also a great opportunity for residents to learn more about crime watch activities."

"We are extremely pleased that our ongoing partnership with Boston Edison can have such a positive impact on our communities," Mayor Flynn added.

Marisa Jones, Executive Director of the Neighborhood Justice Network, a Boston-based organization devoted to maintaining and developing crime prevention efforts in the city, said the Night Lights Program is a great opportunity to "join forces and come together" so the city's residents can "address the issues of crime within our community and build a more safe and secure neighborhood."

For more information on Neighborhood Night Lights, or other Boston Edison-City of Boston partnerships, contact the City of Boston's energy-efficiency specialist, Russ Lopez, at the Mayor's Office of Neighborhood Services, 725-3485.

PARKS COMMISSIONER LEADS WALKING TOUR THROUGH NEW CROSS COUNTRY COURSE AT FRANKLIN PARK

Boston Parks Commissioner Lawrence Dwyer and World Cross Country Championship Chairman John McGrath recently led a walking tour through the newly constructed cross-country running course at Franklin Park.

The tour provided an inside look at the course and facilities which will host the 1991 USA National Cross Country Championships on November 30 and the 1992 IAAF World Cross Country Championships on March 21. With the completion of a permanent cross country course in September, Boston now sports a world cross country course which will host the best events for scholastic, collegiate and open cross country runners for years to come.

The \$350,000 course is part of Mayor Raymond L. Flynn's capital plan, "Rebuilding Boston," a \$1.01 billion program to improve Boston's infrastructure. The course officially opened at the Mayor's Run for the Homeless on Sunday, October 27 at 11 a.m.

Pictured here (L to R) are Park Ranger Supervisor Norris, Mrs. Catherine Flynn, Parks Commissioner Dwyer, Bill Rodgers, World Cross Country Championship Chairman John McGrath and Greater Boston Convention and Visitors Bureau Public Relations Director Larry Meehan.

AT HALFWAY MARK UNITED WAY CAUTIOUSLY OPTIMISTIC OF REACHING \$49 MILLION GOAL

At the midway point of its 1991 fund-raising campaign, the United Way of Massachusetts Bay is right on target — with pledges totaling \$24.5 million to date, exactly half of its \$49 million goal.

"Given the current state of the economy, things look good, even better than we expected," said United Way's 1991 General Campaign Chairman C. George Scala, Chairman and Chief Executive Officer of Lechmere, Inc.

But according to Scala, the needs in the community this year are greater than ever. "The downsizing in the economy, coupled with increased unemployment, have increased the need and have caused the resources to shrink," said Scala. "And it is for this reason that our goal is not just a target, it is a necessity.

"Many of our past donors are now unemployed and coming to us for help. They need food and in some cases, shelter. For others, their unemployment benefits have run out and they need health care for their children."

Among the organizations who have already completed outstanding United Way campaigns include:

- Massachusetts Financial Services — \$21,564 new dollars and a total of \$116,335 raised by the employee campaign, a 23 percent increase from last year.
- State Street Bank & Trust Co. — \$85,000 new dollars! With a 10 percent increase in the corporate gift, combined giving from State Street is \$1,348,769, an increase of nearly \$140,000 from 1990.
- Boston Gas — employees raised \$201,625 from their campaign, and a corporate gift of \$200,540 was presented.

• Filene's Basement — the employee campaign produced \$127,000, an 18 percent increase over a year ago.

Other results to date indicate that, although businesses everywhere are struggling, individual employees show

a real commitment in helping to make our community a better place to live. Some of the successes can be credited to 158 first-time employee campaigns which represent approximately 16,000 new donors.

On the downside, however, an additional 100-150 first-time employee campaigns are needed in order to reach that \$49 million goal. Furthermore, corporate giving is up only moderately from last year, and corporate gifts are coming in at a slower pace than a year ago.

"We're going to put out all the stops and are looking for help from everyone," said Scala. "The important thing is that we all work together in trying to fulfill our objective."

If anyone is interested in donating, starting a new employee campaign, volunteering or learning more about the United Way, please call (617) 482-8370.

The United Way, New England's largest charitable organization, gives money to more than 200 agencies serving more than 1.7 million people in 81 eastern Massachusetts cities and towns. Eighty-five cents out of each dollar contributed to the United Way goes directly to fund programs and services to people in need.

FBI RELEASES STATISTICS

Statistics released today by FBI Director William S. Sessions showed crime known to law enforcement rose 2 percent in volume during the first half of 1991 as compared to the same period in 1990. The increase was measured by a Crime Index of selected offenses for which law enforcement agencies nationwide provide data to the FBI's Uniform Crime Reporting Program. Like the Index, both the violent crime total and the property crime total showed increases; 5 and 1 percent, respectively.

Among the reported violent crimes, robbery showed the greatest increase, 9 percent. Murder rose 5 percent; forcible rape, 4 percent; and aggravated assault, 2 percent.

In the property crime category, reported burglaries, larceny-thefts, and motor vehicle thefts each were up 1 percent. Arsons showed no change.

Geographically, the Northeastern States, with a 3-percent decline, recorded the only decrease in the Crime Index total for the first half of 1991. The increases in the other regions were 4 percent in the Midwest, 3 percent in the South, and 2 percent in the West.

When grouped by population size, the Nation's cities showed Crime Index changes ranging from a 2-percent decrease in those with populations over 1 million to a 5-percent rise in those with populations under 10,000. Both suburban county and rural county law enforcement agencies experienced increases, 3 and 5 percent, respectively.

SIGNATURES NEEDED TO HELP KEEP CHILDREN FROM SMOKING

Volunteers are collecting signatures in Boston neighborhoods through November 25 as part of a statewide effort to prevent Massachusetts children from becoming addicted to smoking.

Petitions have been distributed to health centers, businesses, fitness centers, community groups, churches and clubs throughout Boston. Registered voters who are concerned about health issues relating to tobacco use are encouraged to sign.

Health organizations and businesses led by the American Cancer Society, the Massachusetts Medical Society and Blue Cross Blue Shield formed the Massachusetts Coalition for a Healthy Future to put a question on the 1992 ballot to effectively keep cigarettes out of the hands of children.

If approved by voters, a 25-cent per-pack excise tax would increase the price of cigarettes making them less accessible to children. Revenues generated by the excise tax would

fund programs for comprehensive health education in public schools, as well as prenatal and maternal health programs in community health centers.

A similar initiative petition which took effect in California in 1989 resulted in a 14% drop in cigarette consumption. According to the Massachusetts Department of Public Health, a 10% increase in the price of cigarettes would result in 28,000 fewer children taking up smoking.

Volunteers interested in participating in the campaign in Boston should contact Winifred Burns or Carrie Devine at 267-2650.

**CITY OF BOSTON
CODE AND ORDINANCES BOOK**

CITY CLERK

The City Clerk's office is now offering for sale the *City of Boston Code, Volume I Ordinances*, with supplements through 1990, at one hundred twenty-five dollars (\$125.00) per copy.

The new Code contains several new features designed to make it easier to use:

- A new numbering system provides chapters on a topical basis.
- Subsection headings have been inserted for clarity and ease.
- Each page has been numbered, and the numeration corresponds with the chapter designation. For example, Chapter V starts on page 501 and allows for 100 pages to be used in that chapter.
- Each chapter starts on a new page, on the right side of the Code to allow for supplementation and growth of the prior chapter.

Additional supplements will be provided at a reasonable price on an annual basis.

The updated Code should prove to be a valuable aid to attorneys practicing in Boston. Copies may be obtained at this office, Boston City Hall, Room 601, with a payment by check, payable to the City of Boston, in the amount of one hundred twenty-five dollars.

Sincerely,
PATRICK F. McDONOUGH,
City Clerk.

EDIC CONSOLIDATING OFFICES

Boston's Economic Development Agency is consolidating its offices. Some of us are moving, some of us aren't. But, everyone has a new phone number.

Confused?

Don't be. Here is a simple guide. Effective October 28, 1991.

- All EDIC operations formerly located at 38 Chauncy Street — including the Boston Industrial Development Financing Authority (BIDFA) and Boston Local Development Corporation (BLDC) — will join the Jobs and Community Services Department at 43 Hawkins Street, Boston, MA 02114. The new phone number will be (617) 635-3342. The new fax number will be 635-4286.
- The operations office at the Marine Industrial Park will remain at 10 Drydock Avenue but will have a new phone number (617) 635-3300. The new fax number will be 635-3789.

We regret any inconvenience this move may cause but we are confident that this consolidation will add to EDIC's efficiency in serving the residents and businesses of Boston.

**CONTRACTS AWARDED
WITHOUT ADVERTISING**

The Mayor has approved the awarding of contracts without advertising based on the following information:

LAW DEPARTMENT

Legal Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Blaustein & Witten Constables, located at 294 Washington Street, Boston, MA 02108.

Under the terms of the contract, Blaustein & Whitten, constables for the City of Boston, will serve civil process that will be from time to time required by the Law Department during the course of litigation.

The contractor is specially qualified to do this work because the Law Department has several years' experience with this firm, and they have proved to be highly reliable.

The rates and fees charged by constables are established by state law in G.L. Chapter 262, section 8. Due to the fact that there are no competitive rates, no useful purpose would be served by soliciting price quotations from other constables.

Compensation under this contract shall not exceed three thousand dollars (\$3,000.00), which I have determined to be reasonable for the work to be performed. The term of this contract shall be from July 1, 1991 through June 30, 1992.

Because of the professional nature of the services to be performed and the fact that the rates for these services are established by statute, I believe that public advertising would serve no useful purpose.

Very truly yours,
Joseph I. Mulligan,
Corporation Counsel.

Legal Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to Harrison & Maguire, P.C., a law firm and professional corporation located at 24 School Street, Boston, MA 02201 for legal services on behalf of the City of Boston. This contract is exempt from the provisions of G.L. c. 30B, and is awarded under the authority of the City Charter.

Under the terms of the contract, Attorney Steven P. Perlmuter will represent Raymond L. Flynn, in his capacity as Mayor of the City of Boston, and the Public Facilities Commission of the City of Boston, in the case of *Morgan, et al. v. Nucci, et al.*, C.A. No. 72-911-G (United States District Court). Mr. Perlmuter shall also continue to provide consulting services and supervisory assistance to the Law Department in litigation matters generally on an "on-call", "as needed" basis.

In the above matters, payment will be made at the rate of one hundred thirty-five (\$135.00) dollars per hour for Mr. Perlmuter's time. If Mr. Perlmuter determines that it is necessary for additional attorneys at Harrison & Maguire to assist on these cases, those attorneys shall be compensated at the following hourly rates within the total compensation set forth above: Alex H. MacDonald, one hundred dollars (\$100.00) per hour;

Lawrence P. Heffernan, ninety dollars (\$90.00) per hour; Clive Martin and David Wilson, twenty-five dollars (\$75.00) per hour. Paralegal me shall be compensated at the rate of twenty-five dollars (\$25.00) per hour. I have determined these rates to be reasonable.

Mr. Perlmuter shall also represent the City in the case of *City of Boston, et al. v. Keene Corporation, et al.*, Suffolk Superior Court, C.A. No. 2254, (hereinfter referred to as the asbestos case) by securing the recovery costs incurred in identifying, removing and/or encapsulating asbestos or other similar material in any and all buildings owned by the City. In consideration of the services rendered and to be rendered by Mr. Perlmuter in relation to these asbestos matters, the City will compensate him in accordance with the "Amended Contingent Fee Contract" dated March 31, 1987, annexed hereto. I have determined this fee agreement to be reasonable.

Harrison & Maguire also shall represent the City in prosecuting its claims against the *John Manville Property Damage Settlement Trust*. Payment will be made at the following rates: partners - one hundred thirty-five dollars (\$135.00) per hour; associates - eighty-five dollars (\$85.00) per hour; and paralegals - fifty-five (\$55.00) per hour which is set forth in the Fee Agreement dated May 10, 1989, annexed hereto.

Mr. Perlmuter will be required to submit periodic status reports to the Corporation Counsel and to confer with him as may be required or appropriate during the conduct of all of the above litigation.

Total compensation under this contract for all services enumerated above shall not exceed sixty thousand dollars (\$60,000.00).

The period of this contract shall be July 1, 1991 through June 30, 1992.

Unadvertised contracts have been awarded to Harrison & Maguire, P.C. for the past four years in the following amounts: Fiscal Year 1991 - \$355,000.00; Fiscal Year 1990 - \$308,000.00; Fiscal Year 1989 - \$383,000.00; Fiscal Year 1988 - \$234,000.00; Fiscal Year 1987 - \$110,000.00.

Because of the professional nature of the services to be performed, and in view of Mr. Perlmuter's extensive experience and expertise in litigating these kinds of matters, and because it is essential that continuity in representation be maintained, it is my opinion that public advertising would serve no useful purpose.

Very truly yours,
Joseph I. Mulligan,
Corporation Counsel.

Legal Services

Dear Mr. Mayor:

I respectfully request your permission to dispend with public advertising and to award a contract to the law firm of Merrick & Louison, located at 153 Milk Street, Boston, MA 02109 for legal services on behalf of the City of Boston. This contract is exempt from the provisions of G.L. c. 30B, and is awarded under the authority of the City Charter.

Under the terms of the contract, Attorneys Nancy Merrick and Douglas Louison will provide legal services which will include as necessary all pre-trial discovery, motions and trials of the following cases: *Broderick v. Roache, et al.*; *Leonard v. Hendricks*; *Brian Partullo vs. Henry & City of Boston*; *Kelbert Duckett v. City of Boston*; *Massenburg-Bates v. City of Boston*;

Bullock v. City of Boston; and *Rizzo v. City of Boston*. This firm uniquely qualified to do this work as they have the required expertise in civil rights matters and their long-term involvement with the cited cases.

Compensation under this contract shall not exceed fifty thousand dollars (\$50,000) to be paid at the rate of ninety dollars (\$90) per hour, which I have determined to be reasonable for the work to be performed.

The term of this contract shall be July 1, 1991 to June 30, 1992.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,
Joseph I. Mulligan,
Corporation Counsel.

POLICE DEPARTMENT

Contract No. 91-92-2806-00
March 27, 1991

Garage Lease

Dear Mr. Mayor:

I respectfully request your Honor's permission to award a contract pursuant to the authority of M.G.L. c. 30B, section 16, (e2) for the lease of a three bay garage. The contract with be awarded to Parbon Realty Trust, located at 1637 Hancock Street, Quincy, Massachusetts 02269.

I have determined that advertising would serve no useful purpose given the unique qualities this location provides. The space owned by Parbon Realty Trust was selected only after the department conducted an investigation of the available properties in the desired area. This property was chosen because it offered the department the best available security, safety and accessibility to undercover police operations.

This garage space shall be used to store three surveillance vans when they are not in use. The location of the garage cannot be divulged for reasons of security and safety.

Compensation for this lease shall be \$650.00 per month for the period April 1, 1991 through March 31, 1992. The terms and conditions of the lease are in agreement with the grant which provided for its funding. The total cost of this contract shall not exceed \$7,800.00 which I have determined to be reasonable. This funding shall be charged to appropriation 030 211 7026 0490 with an initial encumbrance of \$7,800.00. The grant was issued to the City of Boston Police Department by the Commonwealth of Massachusetts Committee on Criminal Justice and is a component of the 1988 Federal Anti-Drug Abuse Act.

Given the sensitivity of the issue at hand and the unique qualities of this location, I respectfully request your Honor's approval of this lease under the terms and conditions stated above.

This contract is being submitted late, due to the late acceptance of the grant funds by the Boston City Council.

Respectfully,
Francis M. Roache,
Police Commissioner.

Couns. MENINO, McLAUGHLIN, and KELLY offered the following:

Whereas, Chapter 697 of the Acts of 1987 allows the chief executive of any city or town in Massachusetts to adopt a flexible benefits plan pursuant to section 125 of the Internal Revenue Code; and

Whereas, Such a flexible benefit plan would result in a net pay increase for employees at little or no cost to the City and may even result in a financial savings to the City due to the decreased taxable income subject to the Federal medicare deduction, now, therefore, be it

Ordered, That the Committee on Ways and Means hold a hearing to explore the implementation of pre-tax employee contributions for health and life insurance as a form of flexible benefits plan allowed under the Internal Revenue Code and that the Treasurer, the Auditor, the Budget Director, the Director of the Office of Labor Relations and the Director of the Insurance Division be invited to testify.

STATEMENT OF COUNCILLOR O'NEIL

Whereas, An ordinance of the city provides that the said board may not close a facility without approval of the Mayor and the City Council; and

Whereas, The board has, albeit absent approval, announced its intention to close Long Island Hospital which has so long met the chronic care needs of the citizens of Boston; and

Whereas, There is no other adequate facility to meet these needs; therefore, be it

URGING WGBH-TV TO CONTINUE THEIR "TEN O'CLOCK NEWS", "SAY, BROTHER" AND "LA PLAZA" PROGRAMS (DOCKET NO. 0516)

Couns. BOLLING, O'NEIL, and YANCEY offered the following:

Whereas, The City of Boston has long enjoyed the dedicated and highly qualified WGBH-TV news staff and media personnel responsible for the production of the programs, "The Ten O'Clock New," "La Plaza," and "Say, Brother"; and

Whereas, WGBH-TV, the Boston-based public television station is currently considering cancelling these programs; and

Whereas, Given the rich diversity in the City of Boston, it is important that television programming reflect this diversity and provide quality programming to all Bostonians; and

Whereas, It is imperative that the thought provoking programs consistently shown on WGBH-TV be maintained; Therefore, Be It

Resolved, That the Boston City Council, urges WGBH-TV to continue broadcasting the programs "The Ten O'Clock News," "La Plaza," and "Say, Brother," and Be It Further

Resolved, That the City Clerk forward copies of this resolution to the President, Station Manager and the Community Advisory Board at WGBH-TV in Allston.

The resolution was adopted under suspension of the rules.

URGING COMMUNITY SCHOOLS OF BOSTON TO RECONSIDER DECISION TO ELIMINATE STI- PENDS FOR PEER LEADERS IN YOUTH OUT- REACH PROGRAM (DOCKET NO. 0517)

Couns. SALERNO, BYRNE, BOLLING, HENNIGAN CASEY, IANNELLA, McLAUGHLIN, SCONDRAS, and YANCEY offered the following:

Whereas, The Committee on Ways and Means conducted a public hearing on March 7, 1991 to examine the impact of proposed cuts, both local and state, affecting the youth of Boston; and

Whereas, Representatives from the State's Department of Youth Services, representatives of the City's Department of Parks and Recreation, representatives from Community Schools of Boston, representatives of agencies serving young people, and over 150 young people from the City of Boston attended the hearing; and

Whereas, A major concern raised during the hearing related to the effects on Boston youth if there were cuts in Community School's Youth Outreach Program, particularly the elimination of stipends for the Program's Peer Leaders, the only teenagers employed year round by the City of Boston; and

Whereas, The Community Schools operates a Youth Outreach Program in 10 community schools in Boston consisting of 2 adult youth outreach workers and 8 teenage peer leaders at each school; and

Whereas, The Peer Leaders, working closely with the adult outreach workers, play a key role in the success of the Youth Outreach Program's efforts to work with and empower many of Boston's youth; and

Whereas, The fiscal 1991 budget for the stipends paid to the 80 peer leaders was \$145,000, approximately 22.5 percent of the \$640,000 allocated for the entire Youth Outreach Program thus making this Program subject to a disproportionate reduction as compared to the 5 percent - 10 percent reduction forecasted for the entire Community School's fiscal 1992 budget; and

Whereas, Testimony presented at the March 7th public hearing attested to the critical role the Peer Leaders have played in the lives of many young people in Boston; and

Whereas, Witnesses at the March 7th public hearing acknowledged that many present peer leaders could not afford the remain in the program if they did not receive a stipend; and

Whereas, Members of the Committee on Ways and Means received suggestions which reflected the need to reduce the fiscal year 1992 budget for the Youth Outreach Program, for example, a reduction in the total number of youth outreach workers and peer leaders as opposed to the elimination of the stipends for all peer leaders; and

Whereas, The Administration has often stated its commitment to provide services that are designed to nurture and empower the youth of Boston; therefore, be it

Resolved, That the Boston City Council, in meeting assembled, urges the Community Schools of Boston to reconsider its decision to eliminate the stipends for the Peer Leaders employed in the Youth Outreach Program; and further be it

Resolved, The Boston City Council, in meeting assembled, urges the Mayor of Boston to take the necessary steps to ensure the Peer Leaders program shall continue to provide employment to the youth of Boston.

The resolution was adopted under suspension of the rules, yeas 10, nays 2:

Yeas — Councillors Bolling, Byrne, Hennigan Casey, Iannella, McCormack, McLaughlin, Salerno, Scondras, Travaglini, Yancey — 10.

Nays — Councillors Kelly, O'Neil — 2.

Voting Present — Councillor Menino — 1.

STATEMENT OF COUNCILLOR MENINO

Having received unanimous consent to make a statement, Councillor Menino stated that the reason he voted Present on the foregoing matter was that although he believes in the program, he just does not believe in cutting other youth programs in the City of Boston for the sake of the Peer Leaders.

URGING GOVERNOR WELD TO APPOINT MEMBERS TO MWRA BOARD OF DIRECTORS WHO WORK TO IMPLEMENT TWO-TIER INDUSTRIAL SEWER FEE SYSTEM (DOCKET NO. 0518)

Couns. SALERNO, BOLLING, BYRNE, HENNINGAN CASEY, IANNELLA, McCORMACK, McLAUGHLIN, MENINO, SCONDRAS, and YANCEY offered the following:

Whereas, The Special Committee on Intergovernmental Relations held a public hearing on December 12, 1990 in accordance with Docket No. 1061 which was submitted to the Boston City Council on September 19, 1990; and

Whereas, Testimony was heard from members of the MWRA's Board of Directors, representatives of the National Toxics Campaign, and a number of homeowners and/or community leaders from the neighborhoods of Dorchester, Charlestown, Hyde Park, Roxbury, East Boston, Jamaica Plain, and Mattapan; and

Whereas, Testimony given at this hearing reflected a genuine concern that the expected increase in water and sewer rates would place a substantial financial burden on many working people of the City of Boston; and

Whereas, Testimony given at the hearing indicated there was a common goal among all concerned that the Boston Harbor be cleaned up as quickly as possible in order to take advantage of its recreational and commercial potential; and

Whereas, Testimony from representatives of the MWRA included an announcement that the MWRA Board of Directors approved, on December 12th, a plan that would establish industrial permit fees to cover the cost of the MWRA's Toxic Reduction Control Department; and

Whereas, Testimony from representatives of the MWRA Board of Directors included an announcement that it has approved an initiative of the National Toxics Campaign to broaden an MWRA Advisory Committee on sewer rates and the harbor cleanup to include labor, tenant, and homeowner interests; and

Whereas, The decision by the MWRA's Board of Directors to implement permit fees and expand representation on the Advisory Committee represents the resolution of two key issues raised by citizens advocates, community leaders and homeowners who testified at the hearing; and

Whereas, Testimony from scientists and researchers associated with the National Toxics Campaign purported that the majority of toxic waste discharged into the Boston Harbor was industrial discharge and that such discharge is, on average, more toxic than residential discharge; therefore be it

Resolved: That the Boston City Council, in meeting assembled, hereby supports the concept, in principle, of a two-tier industrial sewer fee system; and further be it

Resolved: That the per pound discharge fee levied on industry be based on the studies presently being prepared by the National Toxic Campaign and the MWRA; and further be it

Resolved: That the Boston City Council, in meeting assembled, urges the Mayor of Boston and the three Boston members of the MWRA Board of Directors to support, in principle, the two-tier industrial sewer fee system; and further be it

Resolved: That the Boston City Council, in meeting assembled, urges Governor Weld to act on his pre-election support for the two-tier industrial sewer fee system; and further be it

Resolved: That the Boston City Council, in meeting assembled, hereby urges Governor Weld to act on his pre-election support for appointing members of the MWRA Board of Directors who would work to implement the two-tier industrial sewer fee system.

The resolution was adopted under suspension of the rules.

APPOINTMENT OF TEMPORARY EMPLOYEE (DOCKET NO. 0519)

Coun. IANNELLA offered the following:

Ordered: That effective Monday, April 8, 1991 the following named person be, and hereby is, appointed to the position set against her name until Wednesday, July 3, 1991:

AN ACT AMENDING THE CITY OF BOSTON BOND
AND MINIBOND PROCEDURE ACT OF 1983
(DOCKET NO. 0520)

The following was received:

City of Boston
Office of the Mayor

April 3, 1991.

To the City Council.

Dear Councillors:

I transmit herewith for your approval "An Act Amending the City of Boston Bond and Minibond Procedure Act of 1983". This legislation is necessary in light of the profound changes which have occurred in the capital markets since the Bond and Minibond Procedure Act was enacted in 1983. This home rule petition will modernize the power of the Collector-Treasurer to borrow money on the most advantageous terms and to enter into investments and other arrangements which maximize investment income revenue and will afford the Collector-Treasurer the same degree of flexibility as the State Treasurer to address these new challenges and opportunities in the capital markets. In summary, this legislation would:

1. Permit the Collector-Treasurer, with the approval of the Mayor, to sell bonds at the discount level that he determines to be most advantageous to the City. Depending on market conditions, selling bonds at a discount could result in substantial interest cost savings to the City over the life of the bond issue and could have a positive effect on the City's annual operating budget because of the resulting decrease in its annual debt service payments.

2. Permit the Collector-Treasurer to amortize (pay off) the principal amount of bonds on a schedule which he determined, with the consent of the Auditor, was in the best financial interest of the City. Depending on market conditions, how a bond issue is amortized could have a material effect on interest rates and on the City's annual operating budget for debt service.

3. Amplify the existing powers of the Collector-Treasurer to enter into investments and derivative security arrangements which he determines to be in the best interest of the City in terms of maximizing investment revenues within the limits of prudent cash flow management.

I urge your Honorable Body to approve this legislation.

Sincerely,

Raymond L. Flynn,
Mayor of Boston.

Ordered: That a petition to the General Court, accompanied by a bill for a special law relating to the City of Boston to be filed with an attested copy of this order be, and hereby is, approved under Clause (1) of Section eight of Article two, as amended, of the Amendments to the Constitution of the Commonwealth of Massachusetts, to the end that legislation be adopted providing precisely as follows, except for clerical or editorial errors.

Changes of form only:

Section 1. Paragraph (f) of section 3 of chapter 643 of the acts of 1983 is hereby amended by striking out the second sentence and inserting before the last sentence the following sentence: For purposes of calculating the principal amount of bonds on the date of their issuance to determine the amount available for issuance under any bond authorization as provided in the preceding sentence, the principal amount shall be an amount equal to the net proceeds of such bonds plus any discount representing cost of issuance thereof.

Section 2. Paragraph (b) of section 4 of chapter 643 of the acts of 1983 is hereby amended by striking out the second sentence.

Section 3. Section 14 of chapter 643 of the acts of 1983 is hereby amended by striking out the first sentence and inserting in place thereof the following sentence: Notwithstanding the provisions of any general or special law to the contrary, and without any other proceedings or the happening of any other conditions or things other than those expressly required in this section, but subject to any agreement securing bonds, the collector-treasurer of the city may, in his sole discretion, on such terms, and selected in such manner as he may deem advisable, invest funds over which the city has exclusive control, including without limitation the proceeds of bonds, revenues pledged for the payment of bonds and other revenue cash of the city, in any investments which are legal investments for funds of the commonwealth under chapter twenty-nine or chapter thirty-two of the General Laws, and may in his sole discretion, on such terms, with such counterparties, and selected in such manner as he may deem advisable, enter into such agreements with respect to bonds, notes, investments, program of investments of the city or the carrying thereof, with the approval of the mayor, as are permitted for the commonwealth under said chapters twenty-nine or thirty-two, after giving due consideration where applicable, to the selection criteria for counterparties set forth in said chapter twenty-nine.

Referred to the Committee on Ways and Means.

APPROPRIATION AND TAX ORDERS FOR FISCAL YEAR COMMENCING 7/1/91 AND ENDING 6/30/92 (DOCKET NO. 0532)

The following was received:

City of Boston
Office of the Mayor

April 10, 1991.

To the City Council.

Dear Councillors:

I transmit herewith my proposed Fiscal Year 1992 operating budget for the City of Boston and the County of Suffolk. This budget is noteworthy in the following respects:

- The proposed budget marks the seventh consecutive year in a row of a balanced City budget;
- The proposed budget reflects the first decrease in City spending since the Proposition 2-1/2 impacted budgets of the early 1980s;
- The proposed budget protects essential neighborhood services as much as possible and gives high priority to public safety, education, youth, critical health care, and emergency shelter expenditures; and,
- The proposed budget, while harmful to City services, capitalizes on the opportunity to make appropriate organizational changes and to institute improvements in services.

The decrease in City spending is a direct reflection of misplaced state and federal priorities. It is also, unfortunately, an aspect of the weak Massachusetts

economy which is not only harming families and communities but governmental budgets as well. Of particular note, however, is the escalating abandonment by the Commonwealth of Massachusetts of its cities and towns as expressed in the form of an active and adequately funded local aid program. The partnership of the state with its 351 cities and towns is clearly at an end, as the state continues to off-load the effects of its fiscal mismanagement onto the backs of cities and towns. In sum, the retreat of state government in support of cities and towns, along with the impact of the recession, lowers projected City spending by 2.5% when compared to the current year appropriation.

Since my first budget submission in FY85, Boston has managed its financial affairs in a responsible manner. Indeed, since FY89 my budget proposals have reflected a determination to insure that City spending matched available resources. For most City departments the proposed budget will be the third year in a row of budget cuts. In terms of both dollars and staffing the City is living within its means. From FY85 until FY92 City budget increases have averaged 4.3% per year, less than the rate of inflation over the same period. In constant dollars, the proposed spending plan for FY92 is less than actual spending in FY85. Staffing for all City departments (other than the School Department) is less than it was when I took office. Indeed, a recent Special Report issued by the Boston Municipal Research Bureau noted:

"For the second consecutive year, the City of Boston reduced its total work force, reflecting the City's limited revenue growth, primarily due to cuts in state aid . . . The total number of city and county positions, excluding schools, on the payroll as of January 1, 1991 was 34 less than when Mayor Flynn began office." *BMRB Special Report*, March 21, 1991, p. 1.

Our commitment to sound finance has also been the reason for five bond rating increases for the City of Boston over the past seven years. These fiscal achievements are matched by the improvements in City services over the same period. Fiscal stability and credibility are the cornerstones to sustained improvements in programs and services.

Times, however, have gotten a lot tougher.

In order to keep my commitment to a balanced City budget, difficult — and in a number of cases painful — cuts must be made. Overall, the proposed FY92 budget reduces current departmental appropriations by \$59 million. In terms of departments providing direct City services the average cut will be 5.0%; for administrative support departments the average reduction will be 21%. Only one City service department, the Emergency Shelter Commission, is slated for a budget increase for FY92. All other City agencies will be cut, most for the third year in a row. Should the Governor and the State Legislature restore the cuts in local aid, however, our first priority will be to work toward restoring the budgets of those departments providing direct City services.

Some specific examples of budget reductions are as follows:

• Departments Providing City Services	
Police Department	-1.7%
Fire Department	-3.0%
School Department	-3.9%
Library Department	-9.2%
Public Works Department	-11.4%
Inspectional Services Dept.	-19.8%
Parks Department	-19.9%
Office of Business & Cultural Development	-31.4%

- Departments Providing Administrative Support
 - Treasury Division -12.6%
 - Assessing Department -15.3%
 - Purchasing Division/ASD -19.7%
 - Law Department -24.1%
 - Office of Budget & Program
 - Evaluation/ASD -24.3%
 - Printing Department/ASD -28.6%
 - Mayor's Policy Office -31.8%
 - Retirement Board -43.9%

Included in this budget is a proposed appropriation for the Boston School Department of \$374 million. With this addition of \$4.5 million in state Equal Education Opportunity Grant money and federal impact funds, the school system will have \$378.5 million in direct operating funds available to it for FY92. When available grant funds are used, total school spending for the next fiscal year will exceed \$432.5 million or an average of \$7,600 per student. In the City's capital budget, I have allocated an additional \$165 million for school building improvements. While the proposed budget for FY92 represents a slight decrease in funding for the School Department, the decline is just 1/10 of 1 percent compared to FY90 expenditures. If additional local aid funds become available I will recommend and increase in the proposed budget for the School Department based upon a fair, proportioned distribution of those dollars to the school system and other priority City services. It is imperative, however, that the School Committee commit itself to a fiscally responsible spending plan for FY92, and not continue their past practice of knowingly overspending their appropriation.

This budget is premised, though, on the fact that the Commonwealth will cut local aid to the City of Boston for the third year in a row. The proposed cut for FY92 is particularly harmful in that it disproportionately penalizes the City of Boston. Of the announced local aid cut of \$110 million, Boston's share of the cut was \$28 million or fully one quarter of the cuts proposed for all cities and towns, although Boston represents just 10% of the state's population. As Boston and most other cities and towns are fiscally dependent upon the local aid revenue sharing program, we are left with but one option — the reduction of department budgets and the gradual disassembling of critical services. The state's disinvestment in its Capital City is more puzzling in the sense that it is not in the Commonwealth's financial interest to harm the City that has served as the state's principal tax revenue resource. According to the Boston Redevelopment Authority, 23% of goods and services produced in the Commonwealth are due to economic activity within the City of Boston.

The proposed budget, though, does present the opportunity for organizational improvement and the saving of dollars. Some of the more significant changes are:

- Consolidating Long Island Hospital with Mattapan Hospital, a move which will improve patient care;
- Consolidating the Environment Department with the Parks Department, a change which will enhance the City's ability to place additional resources into its environmental programs;
- Consolidating the City's Cable Communications Office with the City's Management Information Systems Office, a change which will place all communication technology within one agency;
- A proposal to consolidate the City's two licensing boards, ending an anachronism which need not exist today; and,
- Terminating funding for the City Listing Board, an obsolete state mandate which, if the Commonwealth finds useful, it can fund.

Overall, the abolishment and consolidation of various City agencies will save over \$1 million for FY92.

Also, of particular importance in terms of the City environment and with a view toward long term savings, the budget funds the first Citywide recycling effort. Through FY91, the Department of Public Works had successfully managed several pilot recycling efforts. Based upon the lessons learned from these smaller programs, the city will begin a major recycling effort aimed at collecting and recycling of newspaper. While some concerns over the short term viability of the programs exist, and while it is hoped that the Commonwealth will do its part in helping to create sustainable markets for recycled newspapers, the City will begin its program in the belief that it is a smart environmental approach for the remainder of this century and the next, and will ultimately save the taxpayers money.

FY92 will be a year of challenge, but it can also be a year of opportunity. While it is patently unfair and terrible public policy to continue to cut local aid, we will not complain about our fate. While we will fight to keep the Commonwealth to its commitment to return our tax dollars back to local government, we are prepared — indeed, we are determined — to maintain a credible and balanced budget. Faith in government is based on a belief that those of us elected to serve the people are accountable and committed to spending tax dollars wisely and well. In this, my eighth budget since first being elected Mayor, I keep that pledge to the people of the City of Boston.

I respectfully submit this budget to the City Council, and look forward to discussing it with you.

Sincerely,

Raymond L. Flynn,
Mayor of Boston.

OPPOSING SENATE BILL S-1100 (DOCKET NO. 0535)

Couns. SCONDRAS and SALERNO offered the following:

Whereas, Senate Bill 1100 would remove restrictions on the Commonwealth Armory which require that it be used for educational purposes only, and should "not include facilities for independent commercial activities or housing for persons other than students, except for those commercial and housing activities which are incidental to or compatible with" facilities for education, student housing, athletics, research, or university administration; and

Whereas, The sale of the Commonwealth Armory has been controversial since legislation was originally passed in 1982 allowing Boston University to purchase it for \$2.5 million, well below the official appraisals ranging from \$4.6 million to \$8.5 million; and

Whereas, On December 1, 1984 Boston University entered an agreement with the City of Boston which helped B.U. win approvals regarding the Commonwealth Armory, and in which B.U. agreed to sell, for a fair price, nineteen buildings in Audubon Circle during the next two years; and

Whereas, In 1989, when B.U. still had not sold the Audubon Circle properties, the City of Boston got the university to agree to a schedule for sales of the buildings, and that the first seven, which B.U. purchased in 1981 for approximately \$3.1 million, would be sold so that they could be converted to single room occupancy housing; and

Whereas, The Boston Community Land Trust, working with a group of developers including the Veterans Benefit Housing Development Corp., Friends of the Boston Long Island Shelter, CASCAP, and VinFen, Inc., and Caritas Communities, Inc. presented proposals to develop 78 units for people with AIDS, homeless veterans, the mentally ill, permanent housing for formerly homeless individuals, and seniors; and

Whereas, The Audubon Circle Neighborhood Association pressed B.U. for many years to sell its properties in Audubon Circle and sent B.U. a petition demonstrating overwhelming support for conversion of seven of the buildings to single room occupancies consistent with the Boston Community Land Trust/Caritas proposal; and

Whereas, The Land Trust/Caritas proposal was selected following a public competition sponsored jointly by B.U. and the Boston Redevelopment Authority; and

Whereas, B.U. notified the Boston Redevelopment Authority in 1990 that it would not consider a sale price lower than an appraisal done in 1987, at the height of the real estate market in the city, although most real estate experts believe that real estate values have dropped at least 10 percent since that time; and

Whereas, On October 25, 1990, the BRA Board voted to recommend that the Land Trust and Caritas be the developers of the seven buildings and that the purchase price not exceed the value set by a new appraisal; and

Whereas, B.U. rejected an offer of a purchase price at nearly the estimated current appraised value less than twelve hours after it was made; and

Whereas, The city of Boston then agreed to B.U.'s asking price of \$3 million in order to secure funding so that the affordable single room occupancy proposal could be developed; and

Whereas, B.U.'s failure to designate the Land Trust and Caritas as purchasers of the buildings in a timely fashion disqualified them from applying for several federal and state subsidy programs; and

Whereas, Boston University still has not signed a purchase and sale agreement for the properties in question; and

Whereas, Commitments of state rental housing subsidies and federal tax credits are at risk because B.U. has refused to transfer site control to the Land Trust and Caritas; and

Whereas, The lack of a signed purchase and sale has put at serious risk commitment of 202 program funding to of \$1.4 million to VinFen Inc. from the Department of Housing and Urban Development; and

Whereas, The possible withdrawal at VinFen Inc.'s funding commitment has raised serious concerns about the potential for Boston to receive funding in future 202 funding rounds; and

Whereas, The agreed price for the properties is more than Boston University paid for Commonwealth Armory; Now, Therefore, Be It

Resolved, That the Boston City Council, in meeting assembled, is opposed to any action on S-1100, and calls upon members of the Boston delegation, the Speaker of the General Court, the President of the Senate, and the Governor also to oppose any action on S-1100 until B.U. sells the seven buildings in

Audubon Circle to the designated developers at the agreed price and thereby demonstrates its good faith commitment to abide by its 1984 agreement with the city of Boston and other agreements related to property in Audubon Circle it has entered since 1984.

Referred to the Committee on Planning and Development.

REQUESTING MAYOR ENGAGE COMPETENT ORGANIZATION TO MAKE THOROUGH REVIEW OF ALLEGATIONS OF INEFFICIENCY MADE RE BOSTON POLICE DEPARTMENT (DOCKET NO. 0536)

Coun. SCONDRAS offered the following:

Whereas, A series of Boston Globe articles stemming from a survey of 736 murder, robbery and armed robbery cases in Suffolk Superior Court reveals persistent problems with routine, detailed work that builds strong cases that stand up in court, and

Whereas, This series of articles raises questions about the efficiency of the Police Department, showing that, according to FBI statistics, Boston Police rank 28th out of 30 big city police forces in solving murders, 26th out of 30 large cities in solving major crimes, although Boston ranks sixth in terms of police per thousand people, and that even when murder arrests that Boston police say they did not report to the FBI are added to the analysis Boston rises to only a 56% rate for arrests in murder cases while the national average for large cities is nearly 70%, and

Whereas, This series has left in the minds of many serious doubts as to the effectiveness of our police department, and

Whereas, CBS local news investigated default warrants showing that, according to Bob Griffin, who was then the Assistant DA in the Roxbury District Court, 25% of defendants have defaulted before, and

Whereas, Multiple defaults do not trigger special action by the Police, and

Whereas, 30% to 40% of the inmates of Charles Street Jail have default warrant records, and

Whereas, There are some 40,000 outstanding warrants in Boston, and

Whereas, There are some 30,000 no-show defendants on the loose according to the CBS report, and

Whereas, There are some 3,000 new warrants issued each month of which only half are actually served, and

Whereas, There is conflicting testimony about the pursuit of these defendants by the police, and

Whereas, In August of 1990 FINCOM released a study of police department staffing and deployment that raises serious questions about efficiency in the Police Department, in particular personnel management which, according to FINCOM, has failed to maintain a comprehensive personnel system accurately identifying the assignment of every sworn police officer, failed to deal with the number of medically incapacitated officers, which averages more than 100, failed to maintain an attendance program, and assigned too many officers to work that can be performed by civilians, and

Whereas, A variety of organizations have come to question the efficacy of the Department and even questioned the Department itself relative to the management of complaints about police behavior, and

Whereas, A survey taken among 114 people who reported hate motivated violence shows that 24% rated the police response as fair and 37% rated police performance as poor, an unacceptable finding, and

Whereas, The inability of Internal Affairs to successfully cope with complaints about police behavior has been recently documented in some detail, and

Whereas, These reports, articles, and investigations all reduce public confidence in the police department, and

Whereas, It is in the best interests of both the Police Department and the people of the city to have a fair and honest review of the Department on a programmatic level, Now Therefore Be It

Ordered, That the Mayor engage the services of a competent organization such as the Northeastern College of Criminal Justice or other such organization to undertake a systematic and thorough review of the allegations made about the Boston Police Department and to conduct a program audit of the Department and to make its findings public within 90 days to the City Council and Mayor.

Passed under suspension of the rules.

Later in the session Coun. Scondras moved reconsideration of the foregoing action; reconsideration prevailed.

Referred to the Committee on Public Safety.

2e. Are default warrants accessible to all police on the street? How? Are they routinely checked?

SPECIAL COMMITTEE ON UNIVERSITY — COMMUNITY RELATIONS TO HOLD HEARING TO INVESTIGATE MEANS OF PROVIDING FOR LICENSING BOARD TO ESTABLISH REGULATIONS REQUIRING KEG TAGGING AND DEPOSITS (DOCKET NO. 0538)

Coun. SCONDRA offered the following:

Whereas, "Keg parties" are a common experience each spring in Boston, especially in areas of the city where large numbers of young people reside; and

Whereas, Excessive drinking has occurred at such parties and has resulted in roving gangs who harass surrounding neighborhoods, property damage, injuries, and deaths; and

Whereas, Identifying keg purchasers can provide evidence establishing liability if excessive drinking leads to property damage, injury, or death; and

Whereas, Greenfield, Duxbury, and Stoughton have taken or are taking action to require identification of those who purchase kegs and to require a \$50 deposit at the time of purchase; and

Whereas, Mothers Against Drunk Driving (MADD) has supported keg tagging efforts as a means of controlling excessive drinking; Now, Therefore, Be It

Ordered, That the Committee on University/Community Relations hold a hearing to investigate means of providing for the Licensing Board to establish regulations requiring keg tagging and deposits.

Referred to the Special Committee on University — Community Relations.

APPROPRIATION OF \$374,000,000 FOR CURRENT OPERATING EXPENSES OF SCHOOL DEPARTMENT (DOCKET NO. 0559)

The following was received:

City of Boston
Office of the Mayor

April 10, 1991

To the City Council.

Dear Councillors:

I transmit herewith an appropriation order in the amount of \$374,000,000 for the Boston School De-

partment for FY92, submitted pursuant to the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 190 of the Acts of 1982, as further amended by Chapter 701 of the Acts of 1986 and Chapter 613 of the Acts of 1987.

This requested appropriation when combined with the \$4.5 million in state Equal Education Opportunity Grant moneys and federal Impact Aid funds, will make available to the School Department \$378.5 million for FY92 in direct operating funds. The School Department projects an additional \$54 million will be available in categorical grant funds, for a total operating budget of \$432.5 million, an average of \$7,559 per pupil. In addition, the City's FY92 Capital Budget includes \$165 million for continued improvements to school facilities.

These are difficult fiscal times, brought on by the state and the federal government's disinvestment in cities and towns, and by the impact of an ever-deepening recession. The total City and County Proposed FY92 Operating Budget including the School Department's appropriation filed today with the City Council, has decreased for the first time since the impact of Proposition 2-1/2 was felt in FY82.

Within the decreased revenue available education remains a critical priority. The School Department's appropriation for FY92 is only one tenth of one percent less than actual expenditures in FY90 — a reduction considerably smaller than that faced by even the Police and Fire Departments. This budget reflects a series of difficult choices forced upon the City in considerable part by the Governor's proposed local aid cuts. If local aid is restored, it is my intention to recommend that a significant and fair portion of any reinstated funds be appropriated to the School Department.

According to Section 2 of Chapter 613 of the Acts of 1987, neither the City Council or I may allocate dollars among accounts within this appropriation. Recognizing the critical financial situation facing the City, I am asking the School Committee to take the difficult but necessary steps to reduce their FY92 proposed \$403 million budget, submitted to me on March 27, 1991 to within this recommended \$374 million appropriation. Failure to make these reductions seriously threatens the City's ability to maintain a balanced budget in FY92.

Because of projected revenue forecasts, I instructed my senior advisors several months ago to review City-wide spending for organizational changes, and streamlining that could reduce costs while maintaining critical services. I have seen that the worst of times very often bring out the very best in a manager's creative abilities to overcome serious obstacles. It is my hope that the School Department will use these troubled financial times to review its budget with an eye toward keeping those programs which succeed, such as those funded under the Alternative Education Initiative, strengthen Regular Education programs, while eliminating other less cost effective activities, such as transportation.

I respectfully ask your support and quick action on this appropriation for the Boston School Department for FY92.

Sincerely,
Raymond L. Flynn,
Mayor.

Whereas, The Alternative Education Initiative (AEI) was established in 1986 through a joint agreement between the City, the Boston School Committee, and the Superintendent to address the rising drop-out problem amongst our City's youth; and

Whereas, AEI has proven over the past five years to be an effective and successful means for returning and keeping our youth in school; and

Whereas, The drop-out problem continues as a serious threat to the future of today's youth; inclusion of AEI in the School Department's FY92 budget will be a positive and proven measure to prevent the drop-out rate from increasing; and

Whereas, The School Committee and the City have made a commitment to improve and adequately maintain school facilities, and the City has included \$165 million for improvements in the City's capital budget; now therefore be it

Ordered, That pursuant to Chapter 224 of the Acts of 1936, as amended by Chapter 190 of the Acts of 1982, and as further amended by Chapter 701 of the Acts of 1986 and Chapter 613 of the Acts of 1987, to meet the current operating expenses of the School Department in the fiscal period commencing July 1, 1991 and ending June 30, 1992, the sum of Three Hundred Seventy-four Million Dollars (\$374,000,000) be, and the same hereby is, appropriated, said sum to be raised by taxation pursuant to Section 23 of Chapter 59 of the General laws:

School Department, \$374,000,000.

SUPPLEMENTAL APPROPRIATION OF \$1,223,300 FOR PENAL INSTITUTIONS DE- PARTMENT (DOCKET NO. 0560)

The following was received:
City of Boston
Office of the Mayor

April 10, 1991

To the City Council.

Dear Councillors:

I transmit herewith a supplemental appropriation in the amount of \$1,223,300 to the Penal Institutions Department.

This appropriation will offset a deficit in the Modular program caused by a shortfall in anticipated FY91 funding from the Commonwealth. There are two reasons for this shortfall. First, this is the second consecutive year in which the Commonwealth has underfunded the Modular grant based on its original agreements with the City. In addition, because of a 15.8 percent increase in the number of County inmates housed at the House of Correction at Deer Island since July 1, 1990, the number of state inmates housed in the modular units has been reduced. This drop in state inmates has occurred despite the fact that last November the City obtained court approval to expand Deer Island's capacity by approximately 70 beds.

Rapidly spiraling corrections costs threaten to unbalance the entire City budget. While recognizing that it is necessary to recommend this supplemental to cover costs actually being incurred, my FY92 Proposed Budget makes it clear that without additional assistance from the Commonwealth, the City can no longer afford to pay for escalating corrections costs.

Funding to support this supplemental appropriation is available from the FY91 Budgetary Fund Balance as certified by the Department of Revenue.

I respectfully recommend adoption of this order by your Honorable Body.

Sincerely,
Raymond L. Flynn,
Mayor.

Ordered, That in addition to the appropriations heretofore made, to meet current operating expenses of the Penal Institutions Department in the fiscal period commencing July 1, 1990 and ending June 30, 1991, the sum of One Million One Hundred Twenty-three Thousand Three Hundred Dollars (\$1,223,300) be, and the same hereby is, appropriated within the meaning of Section 23(b) of Chapter 59 of the General Laws, from available funds on hand, as certified by the Director of Accounts.

014-748-0813, Penal Institutions Department.

1. Personal Services, \$1,223,300.

**SUPPLEMENTAL APPROPRIATION OF
\$4,343,682 FOR CURRENT EXPENSES OF
CITY OF BOSTON AND COUNTY OF SUFFOLK
FOR FISCAL YEAR COMMENCING
7/1/90 AND ENDING 6/30/91 (DOCKET NO.
0561)**

The following was received:

City of Boston
Office of the Mayor

April 10, 1991

To the City Council.

Dear Councillors:

I transmit herewith for your approval an order appropriating \$4,343,682 of the FY91 budgetary fund balance certified as available by the Director of Accounts to meet the current expenses of the City of Boston and County of Suffolk. Approval of this order will offset less than anticipated departmental receipts from parking fines. Parking fine revenues are lower in large part because of a weaker economy that reduces parking demand and reinforces the deterrent effects of the parking fine increases approved by the Council last spring.

This supplemental, along with two others currently before the City Council, brings the total amount of budgetary fund balance appropriated for FY91 to \$38.58 million. In FY91 budgetary fund balance has been a significant factor in offsetting the effect of local aid reductions. The City does not expect to have a similar amount of fund balance in FY92 to soften the impact of the Commonwealth's continuing failure to maintain a reasonable amount of revenue sharing with Massachusetts cities and towns.

The City's available budgetary fund balance is the result of prudent fiscal management over the past seven years. The need to maintain critical City services supports the use of these funds in the present period of financial difficulty caused by reductions in local aid and the effects of the recession in other City revenues.

I respectfully recommend adoption of this order by your Honorable Body.

Sincerely,

Raymond L. Flynn,
Mayor.

Ordered, That in addition to the appropriations heretofore made, to meet the current expenses of the City of Boston and County of Suffolk for the fiscal year commencing July 1, 1990 and ending June 30, 1991, the sum of Four Million Three Hundred Forty-three Thousand Six Hundred Eighty-two Dollars (\$4,343,682) be, and the same hereby is, appropriated within the meaning of Section 23(b) of Chapter 59 of the General Laws, from available funds on hand, as certified by the Director of Accounts.

Referred to the Committee on Ways and Means.

**ORDINANCE AMENDING RENTAL HOUSING
EQUITY ORDINANCE (DOCKET NO. 0562)**

The following was received:

City of Boston
Office of the Mayor

April 10, 1991

To the City Council.

Dear Councillors:

I transmit herewith for your approval an Ordinance Amending the Rental Housing Equity Ordinance, which will enable the Rent Equity Board to charge for providing its services.

As we have seen in the recently released investor owner condominium study, it is vitally important that we remain vigilant in protecting our fragile housing stock, and use every means available to enforce our housing laws.

The Boston Rent Equity Board processes over 6,000 applications each year (rent increases, evictions, exemptions, vacancy decontrols, removal permits for both condominiums and lodging houses, and the annual general adjustment in rents) and provides advice and assistance to hundreds of citizens each week. After a review of the costs of Board operations, the impact of the proposed FY92 Rent Equity appropriation on the Board's ability to provide timely service, and an evaluation of the current fees and charges, I am recommending the proposed charge in order to maintain at its current level a valuable service to City residents.

Most cities which have tenant protection ordinances also charge for services which fund, in part, or in whole, the cost of the agency. In this state, both Brookline and Cambridge charge users of their rent boards; as do the cities of Los Angeles, New York, West Hollywood, Santa Monica, Newark and Jersey City.

This proposed ordinance would have the landlord pay between \$1 to \$3 a month per unit. The landlord may then pass this cost on to the tenant on a monthly basis. The charge would be set annually, after the Mayor and the City Council determine the budget, to reflect the costs of the Board's services. If you approve this ordinance, I will file a supplemental appropriation for the Rent Equity Board to bring the Board's FY92 budget to its FY91 level funding.

I respectfully recommend adoption of this ordinance by your Honorable Body.

Sincerely,

Raymond L. Flynn,
Mayor.

City of Boston

In the Year Nineteen Hundred and Ninety-one
An Ordinance Amending the Rental Housing Equity Ordinance.

Be it ordained by the City Council of Boston, as follows:

Section One. City of Boston Code, Ordinances, Chapter X, Section 10-2.2 is hereby amended by inserting after paragraph f the following paragraph:

g. *Charges.* The Board shall require every landlord of rent controlled or vacancy decontrolled housing accommodations to pay an annual charge for services provided by the Board under this ordinance. Such charge shall be for such services as, without limitation, the Board's cost of maintaining records regarding the landlord's housing accommodations; the Board's calculations of the landlord's annual general adjustment of maximum rent; and the Board's developing, mailing, and otherwise providing printed information and forms regarding rent control, vacancy decontrol and other related matters. Such charge

shall be established by the Board by regulation on a fiscal or calendar year basis and shall be charged per individual housing accommodation, whether such housing accommodation is occupied or unoccupied. The Board may establish a charge by subclass for such housing accommodations. Any such charge established by the Board shall be reflective of the costs incurred by the Board in providing services under this ordinance; provided, however, that in no event shall such annual charge be less than twelve dollars (\$12) nor more than thirty-six dollars (\$36) per year per individual housing accommodations. The annual charge shall be payable to the City of Boston by the landlord, and the Board shall establish by regulation the time, place and manner for such payment. The Board shall insure that all charges collected pursuant to this ordinance are deposited with the Collector-Treasurer. After such payment has been made, the landlord may charge all or part of the annual charge for each such housing accommodation to the tenants thereof. For purposes of this ordinance, if the landlord so acts, said charge shall be rent, as defined by City of Boston Code, Ordinances, Chapter X, Section 10-2.1.

If a landlord has failed to pay such charge as required, all petitions, applications or other like submissions filed with the Board by such landlord requesting Board action shall be deemed defective and the Administrator shall administratively dismiss such petition, application or submission.

A general adjustment of maximum rent for any class of rent controlled housing accommodation shall not be applicable and an increase shall not be authorized for such housing accommodation where the landlord fails to pay the annual charge required herein for such housing accommodation. Notwithstanding anything stated in this section to the contrary, the Administrator may allow a petition, application or other submission to go forward, and may allow a general adjustment of maximum rent to be applicable and a rent increase to be authorized, if a landlord who has not paid the charge required herein shows, and the Administrator finds, good cause for such non-payment.

Section Two. This ordinance shall take effect upon its passage.

Referred to the Committee on Housing.

INTERIM REPORT RE ORDER THAT SPECIAL COMMITTEE ON PUBLIC HEALTH HOLD HEARING RE CLOSING OF LONG ISLAND HOSPITAL (DOCKET NO. 0445) AND ORDER THAT COMMITTEE ON CITY AND NEIGHBORHOOD SERVICES HOLD HEARINGS RE THREATENED CLOSING OF LONG ISLAND HOSPITAL (DOCKET NO. 0447)

Coun. KELLY, on behalf of the Committee and Neighborhood Services, submitted the following:

The Committee on City & Neighborhood Services to which was referred the following:

Docket # 0445 — Order that the Special Committee on Public Health hold a hearing regarding the closing of Long Island Hospital; and

Docket # 0447 — Order that the Committee on City & Neighborhood Services hold hearings regarding the threatened closing of Long Island Hospital.

held a public hearing in the cafeteria of Long Island Hospital on Thursday, April 4, 1991 at 10:00 a.m.

Over two hundred people attended the hearing in which testimony was taken from the administration in

support of the closing, and then from patients, nurses and relatives opposed to the closing.

The Committee recommends that both dockets **BE HELD IN COMMITTEE** for further review, and that a companion **ORDER OF THE BOSTON CITY COUNCIL** be passed by the city council as an interim measure.

CORPORATION COUNSEL SEEK WRIT OF MANDAMUS RE LONG ISLAND HOSPITAL (DOCKET NO. 0563)

Whereas, The Mayor of the City of Boston and the Commissioner of Health and Hospitals have chosen to ignore both the City of Boston Code, Chapter 12-1.2 as well as a court order issued from the Superior Court, enjoining the city from closing, eliminating or reducing beds or services to patients at the Long Island Chronic Disease Hospital; and

Whereas, This disregard for the law and court order has created an emergency situation in the city of Boston whereby the executive branch has rebuked and rejected city council input over a matter which is clearly within the city council's jurisdiction; and

Whereas, In refusing to comply with the City of Boston Code and a lawful court order, the mayor and Commissioner of Health & Hospitals have violated their oath of office to uphold the laws of the Commonwealth and of the City of Boston; and

Whereas, It is the City Council's belief that no city official may set themselves above the law, or the requirements of lawfully enacted legislation; be it therefore

Ordered, That Corporation Counsel of the City of Boston, consistent with the duties and oath of that office is hereby requested, on behalf of the city council, to advise the mayor and commissioner of the law with regard to the closing of the Long Island facility, and be it further

Ordered, That the Corporation Counsel, to ensure compliance with this order, go to court, if necessary, to seek a Writ of Mandamus to ensure full compliance with both the intent of the Court Order of Justice White, issued April 5, 1991, CA 91-2041D, and the applicable sections of the City of Boston Code.

The report was accepted; the order was passed, yeas 10, nays 1.

Yeas — Councillors Byrne, Hennigan Casey, Iannella, Kelly, McCormack, McLaughlin, Menino, O'Neil, Salerno, Scondras — 10.

Nays — Councillor Yancey — 1.

ORDER THAT BOARD OF HEALTH AND HOSPITALS SHALL NOT CLOSE LONG ISLAND HOSPITAL (DOCKET NO. 0564)

Coun. IANNELLA offered the following:

Whereas: No approval has been granted by the City Council; now therefore be it

Ordered, That in accordance with the provisions of CBC Ordinance 12 s. 3 the Board of Health and Hospitals shall not close, or reduce the bed capacity at Long Island Hospital.

Passed under suspension of the rules, yeas 11, nays 0:

Yeas — Councillors Bolling, Byrne, Hennigan Casey, Iannella, Kelly, McCormack, McLaughlin, Menino, O'Neil, Salerno, Scondras — 11.

SYMPATHY ON DEATH OF ALFRED GROSS
(DOCKET NO. 0565)

Coun. KELLY offered the following:

Ordered, That the City Council now observe a moment of silence in memory of Alfred Gross, a 21 year member of the Zoning Board of Appeals, who died Sunday, April 7, 1991.

Passed under suspension of the rules.

(The members of the Council and all present rose and observed a moment of silence.)

COMMENDING INVESTIGATION BY "BOSTON
HERALD" RE INSPECTIONAL SERVICES
DEPARTMENT (DOCKET NO. 0566)

Coun. SCONDRAS offered the following:

Whereas, The residents of the City of Boston expect to receive quality service from the city's employees, and

Whereas, Recent investigations by the Boston Herald seem to indicate that members of the Inspectional Services Department, particularly in the Housing Division, have failed to carry out the responsibilities they have been given, and

Whereas, Members of the community depend on Housing Inspectors to assist in remedying living conditions which are often deplorable, and

Whereas, These conditions may represent a danger to the residents, and

Whereas, Alleged admissions made by certain inspectors in the Boston Herald, if true, show a callous disregard for regulations which were meant to improve the Department, and

Whereas, Inspectors have allegedly been seen drinking alcohol during business hours and falsifying forms, claiming to have been carrying out investigations, and

Whereas, Programs, services, and department budgets are all being cut during this fiscal crisis yet certain inspectors have been accused of working other jobs while supposedly at work for the city, and

Whereas, Reports such as the one released today serve to hold those entrusted with the public's confidence accountable for their actions, Now Therefore Be It

Resolved, That the Boston City Council, in meeting assembled, commends the investigation by the Boston Herald and anticipates that the allegations will be reviewed and the appropriate action taken.

The resolution was adopted under suspension of the rules.

STATEMENT OF COUNCILLOR MENINO

Having received unanimous consent to do so, Councillor Menino stated that he hoped that none of the statement of the "Boston Herald" reflected on the Executive Director of the Inspectional Services Department, Mr. Welsh, who over the years has done an admirable job of administering a very difficult department.

URGING TREATY MEMBERS TO MONTREAL
PROTOCOL TO AGREE TO MOVE UP DEAD-
LINES FOR PHASING OUT CFCs AND
LIMIT PRODUCTION AND USE OF LESS
DAMAGING CFCs AT EARLIEST FEASIBLE
DATES (DOCKET NO. 0567)

Couns. SALERNO and SCONDRAS offered the following:

Whereas, NASA scientists recently reported that the earth's protective ozone layer has been disappearing twice as rapidly during the last decade as previously believed; and

Whereas, The head of the NASA Atmospheric Ozone Program, Mr. Robert Watson, has stated that previous estimates of ozone depletion were between 2 and 4% but new scientific information shows peak ozone depletion of 8% per decade; and

Whereas, Decreases in the ozone layer are no longer confined to winter, but extend into the spring period with reductions in the ozone layer of 3 to 4% persisting over most of North America until late May; and

Whereas, EPA Administrator, Mr. William K. Reilly, has estimated that this increased loss of the ozone layer will cause over 200,000 deaths in the U.S. due to skin cancer during the next 50 years; and

Whereas, Elevated ultraviolet B radiation levels pose a threat to crops, forests, and ecological processes; and

Whereas, It has been proved that the ozone layer is depleted by man-made chemicals such as CFCs (chlorofluorocarbons); and

Whereas, If the Montreal Protocol and the Clean Air Act remain as written and are met with full compliance, ozone-attacking chlorine, which originates from CFC's, will still increase in the atmosphere from 3 parts per billion to 4.5 parts per billion during this decade; and

Whereas, The head of the EPA's Atmospheric and Indoor Programs, Ms. Eileen Claussen, has stated that the Montreal Protocol is not sufficient to protect the 12,000,000 people who will contract skin cancer over the next 50 years; and

Whereas, Ozone depleting chemicals last over 20 years in the atmosphere creating a tremendous lag time from when actions take place to when their effects are noticeable in the atmosphere; and

Whereas, The treaty parties to the Montreal Protocol are meeting in Nairobi in June of this year; therefore be it

Resolved, That the Boston City Council, in meeting assembled, urges the United States and other treaty members to the Montreal Protocol agree to move up the deadlines for phasing out CFCs and to limit the production and use of less damaging alternative CFCs to the earliest feasible dates; and further be it

REPORT ON ORDER THAT COMMITTEE ON WAYS AND MEANS HOLD HEARING TO EXPLORE IMPLEMENTATION OF PRE-TAX EMPLOYEE CONTRIBUTIONS FOR HEALTH AND LIFE INSURANCE AS FORM OF FLEXIBLE BENEFITS PLAN ALLOWED UNDER INTERNAL REVENUE CODE (DOCKET NO. 0502)

Coun. MENINO, on behalf of the Committee on Ways and Means, submitted the following:

Report on Docket No. 0502, order that the Committee on Ways and Means hold a hearing to explore the implementation of pre-tax employee contributions for health and life insurance as a form of flexible benefits plan allowed under the Internal Revenue Code (referred April 3) recommending the order be placed on file and following resolution be adopted:

URGING MAYOR TO ESTABLISH FLEXIBLE BENEFITS PLAN AND APPOINT ADMINISTRATOR (DOCKET NO. 0568)

Whereas, Many cities and towns in the Commonwealth, as well as many private companies, have established "cafeteria" or flexible benefit plans, as allowed by Section 125 of the Internal Revenue Code, and

Whereas, The City is currently facing severe fiscal restraints and should take advantage of any proposal which would benefit its employees without affecting the City's budget or its ability to provide services, and

Whereas, Utilizing the current health insurance plan, the establishment of a flexible benefits plan, as allowed by the Internal Revenue Code and by state statute, would increase the net pay of all employees in the plan, and,

Whereas, Adoption of a plan would result in an actual savings to the City in that its share of Medicare payments will be based on a lower amount of taxable income, Now Therefore Be It

Resolved, That the City Council urges the Mayor to establish a flexible benefits plan and appoint a plan administrator as soon as possible.

The report was accepted; **the resolution was adopted.**

MAYOR ANNOUNCES CITYWIDE PEDESTRIAN SAFETY INITIATIVE

At a press conference last week, Mayor Raymond L. Flynn, joined by city and state public safety officials and private citizens, launched a Pedestrian Safety Initiative aimed at reducing traffic-related pedestrian accidents and associated fatalities in Boston. This Initiative is the result of a cooperative effort between city and state public safety agencies, and representatives of private sector organizations who sit on the Pedestrian Safety Task Force established by Mayor Flynn last spring.

The Pedestrian Safety Initiative, which will be implemented citywide over the next eighteen months, is an overall strategy which includes **engineering** changes to improve the physical characteristics of the street system, **enforcement** of motor vehicle laws to make the roads safer and a **public education** campaign designed to heighten public awareness about the impacts of motorist and pedestrian behavior on safety.

Analysis of traffic accidents in Boston by the task force revealed that nearly half of all pedestrian accidents occurred on approximately 10 percent of the city's roadways. The task force identified 26 locations citywide that will be targeted for a variety of measures to improve safety conditions. Some measures to be taken include new signage, upgraded traffic signals, stepped up enforcement of moving violations and improved pavement markings, to name a few.

In announcing the implementation of the Pedestrian Safety Initiative, Mayor Flynn said "We all have a part to play in solving the problem. While the City is committed to improving pedestrian safety utilizing the three E's — engineering, enforcement and education — pedestrian safety is a two-way street requiring both drivers and pedestrians to act with courtesy and consideration of one another. By all of us accepting

responsibility, we can improve Boston's reputation as a walkable city."

Implementation of Public Safety Initiative

"The Boston Transportation Department has made pedestrian safety a priority. Over the next eighteen months both motorists and pedestrians will begin to notice changes in downtown Boston and their neighborhoods which are aimed at improving pedestrian safety. These safety improvements include new signage, repainted crosswalks, installation of international pedestrian signals, reduced speed limits and traffic signal timing changes," commented Transportation Commissioner Richard A. Dimino.

Boston Police Commissioner Francis Roache stated "Enforcement of motor vehicle violations is an important component of the overall Pedestrian Safety Initiative. Sanctions are necessary when engineering improvements and public education are not sufficient. The Boston Police Department has begun increasing its efforts to enforce those motor vehicle violations that affect pedestrian safety."

Larry Boran, President of the West Roxbury Neighborhood Council and a member of the task force stated "Pedestrian safety is an important issue, not only for those walking downtown, but in our neighborhoods

as well. I am pleased that this Pedestrian Safety Initiative targets high-risk locations in Boston's neighborhoods for needed safety improvements as well as increased enforcement."

Details of this Pedestrian Safety Initiative are outlined in a report produced by the Pedestrian Safety Task Force entitled "Report of Pedestrian Safety — City of Boston."

PEDESTRIAN SAFETY TASK FORCE

Fact Sheet

The Task Force will implement a plan that combines *engineering* to improve the physical characteristics of the street system, *enforcement* of motor vehicle laws to make the roads safer and a *public education* campaign designed to increase public awareness of our behavior regarding safety on our streets.

Engineering Improvements

- Upgraded signage
- Increased police enforcement of speeding and failure to yield
- Reduced speed limits
- Installation of international pedestrian signals
- Signal timing changes
- Increased and upgraded pavement markings
- Barriers or fences to prevent jaywalking

Enforcement

The Boston Police Department, the MDC Metro Police and the MBTA police will all increase their day-to-day efforts to enforce violations that affect pedestrian safety.

(Continued on next page)

Pedestrian Safety . . .

(Continued from front page)

Directed patrol — The BPD has agreed to assign a total of 30 officers to a directed patrol. Each officer on directed patrol will enforce moving violations at specific locations identified by the Task Force. These violations will include speeding, running red lights, failure to yield to pedestrians in crosswalks, and illegal right turns at red lights.

Interagency coordination — The enforcement plan will also include the coordination of enforcement of moving violations in jurisdictions patrolled by the MDC Metro Police and the MBTA Police.

Public Education

Media Campaign — will be directed to inform people about our shared responsibility to make Boston's streets safer and to change some of the bad habits Bostonians have developed over the years.

Community Outreach and Training Programs — will be targeted toward specific groups (taxi drivers, college students, school children, the elderly) to educate, and in some cases, re-educate them about the basic rules of the road.

EXECUTIVE SUMMARY

Background

During the 1980s, 206 pedestrians were killed on Boston's streets, comprising nearly 50 percent of all traffic fatalities in the City. In 1990, 622 pedestrians were seriously injured. While pedestrian safety is a problem in every major city in the country, it is of particular concern here because Boston is considered to be such a walkable city. In fact, 17 percent of all residents walk to work, compared to the national average of five percent.

In May of this year, following number of serious auto accidents involving pedestrians, Mayor Raymond L. Flynn convened a meeting of key city and state public safety officials to discuss ways of improving safety on Boston streets. With the City Transportation Department heading up this effort, a group of 32 public officials and private citizens formed the Pedestrian Safety Task Force and worked over the summer to develop a comprehensive plan to reduce pedestrian accidents in the city.

Goals and Objectives

Over the past several months, the task force conducted a detailed examination of the pedestrian safety problem in Boston. From the beginning, it was agreed that no single factor is responsible. Rather, a combination of elements — the behavior of drivers and pedestrians; unusual street patterns; antiquated traffic signals; and a general perception that enforcement of moving violations is lacking are to blame. Therefore, the task force identified three elements — engineering, enforcement and education — that will form the cornerstone of this effort.

Through implementation of a plan that combines engineering to improve the physical characteristics of the street system, enforcement of motor vehicle laws to make the roads safer and a public education campaign designed to heighten public awareness about the impact of our behavior on safety on our streets, the Task Force hopes to engage both city and state public safety agencies and the general public in solving this problem.

Approach

At the outset, the task force formed three subcommittees that developed strategies which form the basis of this comprehensive plan. The engineering subcommittee determined those areas in the city where pedestrian accidents are most frequent and what engineering improvements can be made to make them safer. The enforcement subcommittee developed a plan that maximizes the effectiveness of enforcement by increasing police visibility and targeting moving violations especially hazardous to pedestrians. And finally, the education subcommittee identified a target audience and defined a message that would best alter pedestrian and motorist behavior.

Through analysis of accident data supplied by the BPD, the RMV and the Boston Emergency Medical Service (EMS), the task force has identified 26 locations citywide with the highest pedestrian accident counts. These intersections or sections of

roadway — some in the downtown, some in the neighborhoods — reflect the variety of roadway characteristics and demographics found throughout the city. These locations will be evaluated in order to determine the characteristics that contribute to pedestrian safety problems.

The task force has selected seven of these locations for a pilot program to test the effectiveness of different intervention strategies in making intersections safer. The following locations were chosen, based upon a combination of physical and demographic characteristics:

Gallivan Boulevard in Dorchester
Columbia Road in Dorchester
Dorchester Street in South Boston
Centre Street in West Roxbury
Commonwealth Avenue in Brighton
Summer Street at Dewey Square
Huntington Avenue at Copley Square

Engineering

The BTD, the MDC, Mass. DPW and the MBTA are prepared to make changes to the roadways that will improve conditions for both pedestrians and drivers. Improvements, including signal upgrades, repainted crosswalks, reduced speed limits, new signage, etc. will be implemented at locations throughout the city.

BTD staff, trained by a professional survey team, recently completed direct observations and data collection at each of the seven sites. Once safety improvements have been made, additional observations will be conducted to determine the effectiveness of those changes on both driver and pedestrian safety. Those actions deemed effective will be implemented at other intersections with similar characteristics.

Enforcement

In 1988, the various police enforcement agencies with jurisdiction in Boston issued approximately 150,000 tickets for moving violations. Speeding accounted for 22 percent and failure to stop at traffic signals accounted for 14 percent. While the City issued as many violations

per population as the statewide total per population, Boston handles much more traffic than any other city in the Commonwealth. Consequently, there is a perception that police enforcement of moving violations is lacking.

The goal of the enforcement plan is to alter that perception by increasing the visibility of enforcement personnel on the street. The BPD, along with the MDC Metro Police and the MBTA Police, will concentrate enforcement at locations that have been identified as especially dangerous to pedestrians. Officers will concentrate on those violations most hazardous to pedestrians, including speeding, running red lights, illegal turns at red lights and failure to yield to pedestrians in crosswalks.

Every day, the BPD will dedicate three officers in each of the 10 police districts to enforce moving violations. Therefore, in addition to the routine enforcement already taking place, the Police Department will have thirty officers per day who will be responsible for issuing moving violations across the City. Both the MDC and the MBTA have committed comparable resources to those areas under their jurisdiction.

This will greatly improve the visibility of the enforcement activities and will supplement and strengthen the engineering improvements and enhance our efforts to educate. Throughout the coming year, advertising and media events will be held to draw attention to our efforts with enforcement being portrayed as a strong motivator to complement the other components of this effort.

Public Education

The City of Boston is unique when it comes to the behavior of drivers and pedestrians. The notorious jaywalker is second only to the infamous "Boston Driver." And while they are the source of much material for standup comics, the reality is that their behavior is no joke. Basic courtesy and compliance with the rules of the road are too often neglected on Boston's streets.

(Continued on next page)

Changing the behavior of Boston drivers and pedestrians will be perhaps the most crucial element of this initiative. Education, to heighten public awareness about the shared responsibility to obey the law and make the streets safer, will be disseminated through a public service media campaign, as well as training programs and community outreach efforts.

The advertising agency of Arnold Fortuna Lane has developed a multimedia campaign targeted toward the more than one million people who live in, work in or visit the city each day. The campaign will include TV, radio and outdoor advertising including billboards, transit vehicles and subway stations. In addition, materials and programs will be developed to train and educate special constituencies like school children, college students, the elderly, and special groups of drivers like delivery services, bicyclists and cab drivers.

The task force will seek private funding for production of the campaign ads. The local media will be asked to disseminate the materials as a public service. Major corporations will be asked to assist by distributing educational materials to their clients and employees.

Implementation Plan

All of the above activities will be implemented simultaneously and will serve to supplement and strengthen one another. Through on-going outreach and press events, the task force will maintain a high level of visibility. Fundraising efforts for those areas of the initiative that require non-governmental assistance are currently being pursued. Grants from both the federal government and private foundations are being sought for training and evaluation and funding will be solicited from private organizations to assist with production of the ad campaign.

Throughout the coming year, the City and the task force will pursue any and all available funding sources to develop ongoing outreach, training and education programs in our public

school, higher education institutions and local community programs for the elderly and other specific groups.

Summary

The City of Boston and members of this task force are committed to making Boston's streets safer for both pedestrians and drivers.

This pedestrian safety initiative outlined in the following report represents a major step toward that goal. The strength behind this initiative is reflected in the commitment of both time and resources of the City, the State and a broad range of private sector individuals and organizations. Supporting that commitment is a comprehensive, detailed strategy that approaches this problem from every angle and incorporates the ideas and perspectives of sometimes conflicting constituencies.

Over the course of the next year, the task force will work to broaden the interest and participation of other governmental agencies, the private sector and the walking and driving public to both improve the safety of our streets and to alter the behavior that contributes to unsafe roadways.

LOCAL HOMELESS MAN PUTTING THE PIECES OF HIS LIFE BACK TOGETHER AGAIN

By Tony Ferullo

Taking a trip down memory lane is not a happy thought for Collin Binns.

And who could blame him! In his recent past, he has lost his job, his apartment, his car and good credit rating in domino-like fashion. If that wasn't enough hardship, his girlfriend left him, moving across the country along with their young daughter.

"It was a time in my life when nothing went right for me," said Binns, who lives in Dorchester. "No matter what I did, things got worse instead of better."

His string of bad luck reached its peak once he became homeless. Early this year, while searching for a place to help him, he walked into The Salvation Army in Cambridge — an agency supported by the United Way of Massachusetts Bay. In exchange for providing him with food and shelter, Binns volunteered to lend his services by working in the kitchen and loading food into the van.

"I'm very thankful what The Salvation Army did for me," said Binns 30. "They gave me a good feeling inside, so I wanted to help them in any way that I could."

One day, Binns was asked by The Salvation Army to go and pick-up a refrigerator at the Massachusetts Coalition for the Homeless, another United Way of Massachusetts Bay affiliated agency. Ironically, he worked that day for the Massachusetts Coalition for the Homeless picking up furniture around town and delivering it to its South Boston warehouse. He was employed there every so often until four months ago when he was offered a full-time job.

"The first time Collin came here, we knew he was a good worker," said Richard Kramer, Office Manager for the Massachusetts Coalition for the Homeless. "He takes a lot of pride in whatever job we give him. You can tell he wants to get his life back on track, and I respect that."

Some people shy away from challenges; others combat them head on. Collin Binns fits perfectly into the latter category.

"I've always been a self-motivated person," said Binns, who was born in Jamaica and came to the United States in 1973. "I have to keep active, that's why working for the Mass. Coalition for the Homeless is good for me. The people here make me feel welcome, and they gave me responsible things to do. That makes me happy."

One of Binns' current responsibilities is to drive to the Burlington Mall and the South Shore Mall to pick-up donated winter coats for homeless men, women and children. This project, titled "Operation Overcoat," is a collaborated effort of both malls, WSSH 99.5 FM Radio, the Massachusetts Coalition for the Homeless and the United Way of Massachusetts Bay. The goal is to raise 10,000 coats and make this winter a little bit warmer for people in need.

"Working on this project makes me feel good," said Binns. "It's great to be in a position where you can help people who really need it."

When Binns passes a homeless person in the street, he stops and takes notice. He can relate to them; what they see, what they hear, what

they feel. He can only hope that their desperate lifestyle improves as much as his has.

"Being homeless is terrible," said Binns. "It's a frustrating environment. The thing is that many people in a shelter can't get out; they have drug problems or mental problems that keep them there."

"Thank the Lord, I never had any of that to deal with. With the help of many people, I was able to get back on my feet and be a productive part of society. My life has been like a broken puzzle, but now the pieces seem to be coming together."

MWRA BOARD VOTES TO FILE SUIT AGAINST COMMONWEALTH

The Massachusetts Water Resources Authority Board of Directors voted today to file suit against the Commonwealth of Massachusetts claiming certain provisions of the Fiscal Year 1992 state budget constitute an illegal tax on MWRA ratepayers.

The specific items in the budget with which the Authority takes issue include:

- a \$120 million payment for certain water and sewer debts inherited by the MWRA in FY 1985, when the Metropolitan District Commission transferred to the new authority the responsibility for water and sewer services for 60 communities.

- certain watershed management expenses.

Robert J. Ciolek, MWRA Board member, who is also the Executive Director of the Boston Water and Sewer Commission, said: "The Authority's ratepayers, who already face substantial rate increases as a result of the court-ordered Boston Harbor Project and long-neglected maintenance and improvements to the regional water and sewer systems, cannot reasonably bear such excessive and unjustified costs."

"I believe our actions today are in the best interest of our ratepayers," said Charles Lyons, MWRA Board

member and Chairman of the Arlington Board of Selectmen. "By acting in solidarity with our member communities who have already filed a separate suit, it is our hope that the state — citizens and elected officials — will focus attention on the escalating water and sewer costs affecting more and more communities and regions throughout the Commonwealth."

The suit will be filed next week.

TWO HERALDED BOSTON AUTHORS IN HARVARD AUTHOR SERIES AT BPL

Two of Boston's most widely heralded new authors, Marcie Hershman, author of *Tales of the Master Race*, and Eileen Pollack, author of *The Rabbi in the Attic and Other Stories*, will read from their first books at the Boston Public Library in Copley Square on Wednesday evening, November 20th in the concluding program of the fall Harvard Book Store Café Author Series.

Hailed by Elie Wiesel, May Sarton, and James Carroll, *Tales of the Master Race* brings to life a small, unexceptional German town in the 1930s, where the corruptions to the Third Reich filter into ordinary existence. May Sarton says the book "introduces a formidable talent; it is the best most original novel to have come my way in years . . ."

Eileen Pollack's first collection of fiction focuses primarily on young girls growing up in small, upstate towns and has been described as a "wonderfully rich and thoughtful new collection, laced with wit and tenderness for human follies of all kinds."

The readings will be begin at 6 p.m. in the Rabb Lecture Hall and are free and open to the public; seating is limited. An autographing session and reception will take place at the Harvard Book Store Café on Newbury Street following the program. For more information, please call the Boston Public Library at 536-5400, Ext. 336.

GARRISON KEILLOR IN HARVARD AUTHOR SERIES AT BPL

Garrison Keillor, host of "A Prairie Home Companion" and "The American Radio Company" and author of *Lake Wobegon*, will discuss his latest work, *WLT: A Radio Romance*; as the Harvard Book Store Café Author Series continues in the Rabb Lecture Hall of the Boston Public Library in Copley Square on Tuesday evening, November 12th.

The new novel tells the story of radio station WLT (With Lettuce and Tomato), which was formed by the Soderbjerg brothers, Ray and Roy, in order to rescue their failing restaurant; they went on to become the "Sandwich Kings" of South Minneapolis. This is a comic, poignant, and slightly steamy novel by one of our best-loved authors.

The fall Harvard author series will conclude November 20th with Marcie Herschman, author of *Tales of the Master Race* and Eileen Pollack, the author of *The Rabbi in the Attic and Other Stories*.

The readings are held at 6 p.m. in the Rabb Lecture Hall and are free and open to the public. An autographing session and reception will

take place at the Harvard Book Store Café on Newbury Street following each program. For more information, please call the Boston Public Library at 536-5400, Ext. 336.

The building located at 176 Everett Street, District 1, is in hazardous condition. There are holes in the first floor and roof. The rear wall is burned out.

Extreme caution must be taken at all times during fire fighting operations at this location. This building has been posted.

V. HIGH COMMENDATION

On October 9, 1991, Box 2293 was struck for a fire at 81 Walnut Park, a three-story brick and wood apartment building. Incident No. 34246.

Upon arrival, District 9 observed fire and smoke showing from a third floor window. A male adult was leaning out an adjacent window holding a child and appearing ready to drop him. Heavy smoke was pushing out behind them. An additional report stated there were two daughters in an adjacent bedroom. Upon report of the first due ladder company being at another incident and Rescue Company 2 out of service, two members of Engine Company 42 were ordered to begin primary search and rescue operations on the third floor.

Fire Fighters James M. Doyle and Anthony Green of Engine Company 42 proceeded to the fire floor, encountering heavy smoke and heat. Entering the apartment they observed a room involved in fire and extending out at ceiling level. Crawling low to avoid fire and heat they went past the room on fire. Fire Fighter Doyle went straight ahead into a bedroom to assist and calm the adult and child at the window. Fire Fighter Green went left down the hallway to the adjacent bedroom. The search for the two female occupants proved negative. Fire Fighter Green then proceeded back and assisted Fire Fighter Doyle in the removal of the adult and child to the outside.

Because both members performed this search and rescue at great personal risk and under difficult conditions before ventilation had begun and lines of hoses placed into operation, the Fire Commissioner is pleased to highly commend Fire Fighters James M. Doyle and Anthony Green of Engine Company 42 and refers their cases to the Board of Merit for further consideration.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

LAW DEPARTMENT

Contract No. 1861-92

I respectfully request your permission to dispense with public advertising and to award a contract to Walter B. Prince, Esquire, an attorney

with the law firm of Peckham, Lobel, Casey, Prince & Tye, located at 585 Commercial Street, Boston, MA 02109 for legal services on behalf of the City of Boston. This contract is exempt from the provisions of G.L. c. 30B, and is awarded under the authority of the City Charter.

Under the terms of the contract, Attorney Prince will provide services as defense counsel in matters requiring outside assistance in the case entitled *Broderick v. Roache, et al.*, C.A. No. 90-11500-MA in Suffolk Superior Court. Attorney Prince is uniquely qualified to do this work because of his long-term association with the case and his experience in civil rights matters.

Compensation under this contract shall not exceed ten thousand dollars (\$10,000) to be paid at the rate of one hundred dollars (\$100) per hour, which I have determined to be reasonable for the work to be performed.

The term of this contract shall be July 1, 1991 to June 30, 1992.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,

Joseph I. Mulligan,
Corporation Counsel.

Contract No. 1852-92

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to the Suffolk County Sheriffs located at 11 Beacon Street, Room 309, Boston, MA 02108 for the service of civil process. This contract is exempt from Chapter 30B and is awarded under the City Charter.

Under the terms of the contract, the contractor will serve civil process for the Law Department and the Tax Title Division of the Law Department.

The contractor is specially qualified to do this work because they are county officers appointed with the authority to serve civil process and their services have been exemplary in the past.

The compensation under this contract shall not exceed three thousand dollars (\$3,000), which I have determined to be reasonable for the work to be performed. The rates charged are determined by law. The term of this contract shall be from July 1, 1991 through June 30, 1992.

Because these county officers are appointed with the authority to serve civil process and the reasonable cost of these services, I believe that public advertising would serve no useful purpose.

Very truly yours,

Joseph I. Mulligan,
Corporation Counsel.

Legal Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to the law firm of Murphy, DeMarco & O'Neil located at 20 Custom House Street, Boston, MA 02110 for legal services on behalf of the City of Boston. This contract is exempt from the provisions of G.L. c. 30B, and is awarded under the authority of the City Charter.

Under the terms of the contract, the firm will provide representation of the Mayor's Office of

Consumer Affairs and Licensing ("MOCAL") the *Highland Tap* case. This firm is uniquely qualified to do this work as they have the required expertise in constitutional and civil rights matters and has been involved in the case since 1988.

Compensation under this contract shall not exceed five thousand dollars (\$5,000.00), to be paid at the rate of one hundred and twenty-five dollars (\$125) per hour, which I have determined to be reasonable for the work to be performed.

The term of this contract shall be July 1, 1991 to June 30, 1992.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

Very truly yours,

Joseph I. Mulligan,
Corporation Counsel

Investigative Services

1869-92

June 26, 1991

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award contracts to the following firms for confidential investigative services:

Legal Investigative Consultants, Inc.
12 Rob Larsen Lane
North Attleboro, MA 02763

Alpha Detective Agency, Inc.
1483 Dorchester Avenue
Dorchester, MA 02122

First Security, Inc.
Trafalgar Square
393 D Street
Boston, MA 02210

These contracts are exempt from the provisions of G.L. c. 30B because they are for confidential investigative services in anticipation of litigation and are, therefore, awarded under the authority of the City Charter.

Under the terms of these contracts, the contractors will perform investigative, examination, inspection functions as directed by the Corporation Counsel or his designee, and provide oral and written reports as may be requested from time to time. The specialized nature of these services requires the expertise which these contractors are able to provide and which is needed for effective litigation strategy and results. The contractors are uniquely qualified to do this work because they will provide personnel with requisite education, training and experience to perform the stated functions. They were selected based upon their reputation and demonstrated experience and competency.

Compensation under this contract shall not exceed twenty-one thousand dollars (\$21,000) per annum at an hourly rate of forty-five (\$45) per hour for actual time. Also included in the contract amount for reimbursement of necessary and reasonable expenses incurred in the performance of the contracts, subject to prior Law Department approval. I have determined the hourly rate of compensation to be reasonable for the work to be performed. The term of these contracts shall be from July 1, 1991 through June 30, 1992.

Because of the professional nature of the services to be performed and the reasonable cost of the services to be provided and because of the importance of not jeopardizing the security and confidentiality of these services, it is my opinion that public advertising would serve no useful purpose.

Very truly yours,
Joseph I. Mulligan,
Corporation Counsel.

The City of Boston, acting by the Commissioner of Transportation hereinafter referred to as the Commissioner, with offices at Room 721, New City Hall, invites proposals for Installation of Traffic Signal Foundations, Handholes, Underground Conduits, Loop Detectors and Pedestrian Ramps.

A performance bond and also a payment bond, each of a surety company satisfactory to the Commissioner and each in the sum of 100 percent of the contract price will be required of the successful contractor. Forms of proposals may be obtained at Room 721, New City Hall. Each proposal should be filled out, signed, enclosed in an envelope, sealed, marked "Proposal for Installation of Traffic Signal Foundations, Handholes, Underground Conduits, Loop Detectors and Pedestrian Ramps," one copy of which is to be left at Room 721, New City Hall, before 12 noon on Tuesday, December 3, 1991, with a certified check or bid bond in the amount of five percent (5%) of bid price payable to and to become the property of the City if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time aimed for opening the bids. If the unit price of any item appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal. The rate per hour of wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal or any item of a proposal should he deem it to be for the best interest of the City so to do.

The attention of all bidders is specifically directed to the City of Boston Supplemental Minority Participation and Resident Preference Section contract provision of the specifications and the obligations of the contractor and subcontractors to take affirmative action in connection with employment practices in the performance of this contract. The workforce requirement (employee man hour ratios per trade) for this contract are as follows: Minority — 25 percent; Boston resident — 50 percent; female — 10 percent.

No bid for the award of this project will be considered acceptable unless the contractor complies with the following requirements for minority business enterprise utilization. Pursuant to the supplemental minority participation section of the City of Boston contract, the con-

tractor must give satisfactory assurance that at least 20 percent of this bid price shall be expended for minority business enterprise; the contractor must give satisfactory assurance that at least 0 percent of this bid price shall be expended for women's business enterprise. For the purposes of this paragraph, the term minority/women's business enterprise means a business organization in which 51 percent of the beneficial ownership is held by one or more minority persons (Black, Hispanic, Oriental or American Indians).

Included with the contract documents are copies of the "Minority Business Utilization Form," "Minority Business Identification Statement," "Minority Business Utilization Progress Report" and the "Minority Business and the General Contractor's Letter of Intent."

Each contractor must complete, sign and file with his bid the Minority Business Utilization Form. Failure to do so will result in the rejection of the bid proposal. The three lowest responsive bidders are required to submit a Minority Business and General Contractor's Letter of Intent. The Letter of Intent shall be completed and signed by the minority business enterprise and the general contractor within five days after the time set for receiving bids. At the request of the City, one or more of three lowest bidders may also be required to submit a minority business identification statement.

Contractors shall also avail themselves of the list of minority businesses to be provided by the City through the Office of Minority Business enterprise to facilitate compliance with these requirements.

A pre-bid conference will be held on Tuesday, November 26, 1991 at 10 a.m. in Transportation Dept., City Hall, Room 721.

BusinessWeek Highlights Boston's Business Climate to Worldwide Audience

Part of City's Efforts to Attract Business Expansion, Relocation, Investment

A special *BusinessWeek* supplement highlighting Boston as a strong city for business activities has been received by magazine subscribers across the globe over the past week in the magazine's International and Quality Imperative Bonus issues. The piece, produced by the city's Economic Development and Industrial Corporation (EDIC), is expected to reach more than three million people throughout the world including a broad cross-section of top managers and area development decision makers, according to *BusinessWeek* estimates.

"This supplement is part of our effort to attract world-wide attention to Boston and to continue the economic progress we've made under Mayor Raymond L. Flynn's leadership," said EDIC Executive Director Donald A. Gillis. "In these challenging economic Times, we must work hard to draw attention to our city as a place for business growth and job creation."

The special 12 page *BusinessWeek* Supplement highlights Boston's many business advantages, including world-renowned academic, research and development and medical institutions as well as the city's other economic, social and cultural strengths.

In response to the supplement (starting page 59 in the October 28 *International BusinessWeek*), EDIC has been fielding calls from interested businesses in the U.S. and abroad.

Businesses throughout the city, including Bank of Boston, Patriot Paper, New England Telephone, Olmsted Plaza Associates, Boston Beer Company, Gillette, Au Bon Pain, Ackerley Communications, McDonald's Corporation, and Boston Edison supported the city in producing the *BusinessWeek* supplement.

BCH'S BLOOD DONOR PROGRAM NEEDS YOU!

- Have you donated blood recently?
- Do you know to which facility your blood was sold?
- Would you like to know where your donation goes?

Donate blood for the City of Boston only at the Employee Health Office or Boston City Hospital!

• BCH's Donor Center is **not** a blood drive! We are a constant, permanent need facility actively recruiting support from city employees.

• When you donate blood to our blood bank, it is used for Boston

(Continued on next page)

BCH UPDATE: Mayor Raymond L. Flynn recently stopped by Boston City Hospital as the last stages of steel work are taking place in the \$170 million construction of a new hospital facility. This project is part of the Mayor's five-year capital improvement plan, "Rebuilding Boston," a \$1.03 billion investment plan for the City of Boston. The new, eight story, 356-bed inpatient facility will be the anchor of a new health care system in the City carried out through the Healthy Boston Initiative. At the announcement are, from left to right, Jon Fasana, Director of Boston EMS; Judith Kurland, the Commissioner of the Department of Health and Hospitals; Mary Nee, the Director of the Mayor's Office of Capital Planning; Mayor Flynn; Theodore Landsmark, the Director of the Mayor's Safe Neighborhoods Plan.

(Continued from previous page)

City Hospital patients. Your blood donation saves hundreds of thousands of dollars a year for the City of Boston.

• When you donate blood to an outside agent, the City of Boston just has to buy that product back . . . at **four times the amount** it would cost BCH to test your directly donated blood.

More info? Call **725-4983** at City Hall or **534-4236** at Boston City Hospital.

U.S. Department of Justice

Forty-one law enforcement officers
were killed feloniously in the line of
duty during the first six months of
1991, according to preliminary na-
tional figures released by FBI Direc-
tor William S. Sessions. This year's
semiannual total was 1 lower than
for January through June, 1990,
when 42 officers were slain.

Firearms continued to be the
weapon most used in the slaying of
officers. During the first half of this
year, handguns were used in 31 of
the murders, rifles in 8, and shot-
guns in 2.

Geographically, 17 officers were
slain in the Southern States, 11 in
the Midwestern States, and 4 each in
the Northeastern and Western States.

(Continued on next page)

Four officers were killed in Puerto Rico and 1 was killed in the U.S. Virgin Islands.

Ten officers were slain during arrest situations. Among the 10, 4 were involved in drug-related situations; 2 were attempting to prevent robberies or apprehend robbery suspects; 1 was attempting to apprehend burglary suspects; and 3 were attempting arrests for other crimes. Eight officers were slain in ambush situations; 8 were answering disturbance calls when killed; and 7 were slain while investigating suspicious persons or circumstances. Six were slain while enforcing traffic laws, and 2 were killed while handling prisoners.

Sixteen officers were wearing body armor at the time of their deaths, and 7 were killed with their own weapons.

Law enforcement agencies have cleared 39 of the 41 slayings.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

LAW DEPARTMENT

Legal Publications

1847-92

July 16, 1991

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to West Publishing Co., a corporation located at 50 West Kellogg Blvd., St. Paul, MN 55101 for the purchase of legal publications. This contract is exempt from the provisions of Chapter 30B and is awarded under the City Charter.

Under the terms of the contract, the contractor will supply the Law Department with law books, supplements and other legal publications including Federal Reporter, Federal Supplement, Massachusetts Decisions, West's Legal Forms, Massachusetts General Laws Annotated, Massachusetts Digest and Massachusetts Practice.

The contractor is specially qualified because they are the only supplier of these materials, and we have been pleased with their services in the past.

Compensation under this contract shall not exceed fifteen thousand dollars (\$15,000.00).

which I have determined to be reasonable. The term of the contract shall be from July 1, 1991 through June 30, 1992.

Because West Publishing Company is the only publisher and supplier of these materials, and their reasonable cost, I believe that public advertising would serve no useful purpose.

This contract is being submitted late due to a delay involved in getting contract documents signed and verified before submission date. The maintenance of the City's law library collection is an ongoing process; therefore this transaction should be considered a continuation of a long-term existing agreement.

Very truly yours,
Joseph I. Mulligan,
Corporation Counsel.

M.D.C., et al.*, Suffolk Superior Court C.A. No. 87-1123. Attorney Costello is uniquely qualified to do this work because of his long-term association with the case.

The term of this contract shall be July 1, 1991 to June 30, 1992.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose.

This contract is being submitted late due to a delay involved in getting contract documents signed and verified before submission date.

Very truly yours,
Joseph I. Mulligan,
Corporation Counsel.

Attorney Selig is uniquely qualified to do this work because of his long-term association with the case and his experience in the area involved.

Compensation under this contract shall not exceed ten thousand dollars (\$10,000.00) to be paid at the rate of one hundred and forty-five dollars (\$145.00) per hour, which I have determined to be reasonable for the work to be performed.

The term of this contract shall be July 1, 1991 to June 30, 1992.

PARKS AND RECREATION DEPARTMENT

Youth Program

7013-92

June 7, 1991

Dear Mr. Mayor:

I respectfully request your permission to award a contract for professional services in the area youth program development and service delivery programs for a period from July 15, 1991 to June 30, 1992. This contract is exempt from Chapter 30B because this is an employment contract with an individual.

Under the terms of the contract, the contractor will monitor and advise staff, various city officials and others, as necessary, on the design, implementation, monitoring and evaluation youth development and basic city service delivery programs.

The vendor will also be asked to work closely with both city departments and non-city agencies on the development of public-private partnerships.

ships, including the continued development of the Mayor's Youth Leadership Corps Program. Duties will include recruitment and selection of candidates, program operation and developing a fund-raising strategy for this and other programs by soliciting private foundations and corporate sources.

The contractor will be available to monitor the operation, development, and evaluation of additional youth and other services delivery programs.

James Vrabel is uniquely qualified, specializing in youth and service delivery program development. Previously, he served over five years in city government, where he helped to develop a number of new youth initiatives, including the Boston Youth Olympics and the Boston Youth Clean Up Corps. He was also responsible for coordinating service delivery efforts among major city departments, where he coordinated, among other efforts, the city's successful Vacant Property Maintenance Program and participated in the re-organization of the city's Abandoned Car Removal Program. Last year, he was asked to assist the city and its private sector partners in creating the Mayor's Youth Leadership Corps Program, an outgrowth of the City of Boston's Safe Neighborhoods Plan.

Mr. Vrabel has a very thorough knowledge not only of the operations of the various city departments, but of the relationship among municipal government and neighborhood organizations and the private sector. He has also served on the board of a number of neighborhood and youth development organizations.

Compensation under this contract will not exceed sixty thousand dollars (\$60,000.00) which I have determined to be reasonable for the work to be performed. The hourly rate for services performed will be \$31.00. The term of this contract will be from July 15, 1991 through June 30, 1992.

I request your permission to dispense with public advertising and award a contract to James Vrabel, 4 Vogel Terrace, Brookline, MA 02146. Mr. Vrabel has not contracted with this department in previous years.

The appropriation code for this project is 011-000-0301-0290-PK04.

Sincerely,
Lawrence A. Dwyer,
Commissioner.

POLICE DEPARTMENT

Contract No. 91-2894-00
May 3, 1991

Emergency Repairs

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award a contract to Montgomery Elevator Company, a corporation located at 55 Brooks Drive, Braintree, Massachusetts 02184, for emergency repairs and maintenance of the Police Department elevators. This contract is exempt from the provision of M.G.L. c. 30B and is awarded under the authority of The City of Boston Charter.

Under the terms of this contract, Montgomery Elevator Company will continue to maintain and repair the Police Department's elevators until

June 30, 1991. On July 13, 1990, your Honor approved an award of a contract for these services to Montgomery Elevator Company, following public advertising for bids in which Montgomery was determined lowest responsible bidder. Due to the increasing age of the department's elevators, especially at the 154 Berkeley Street location, and the heavy utilization of the elevators 24 hours per day, the emergency repair portion of the original contract was inadvertently projected at a lower aggregate dollar amount than that actually needed for the entire term of the contract, causing the \$24,000 contract to be totally expended by April 30, 1991. Further, on April 29, 1991, the department received, from the Commonwealth of Massachusetts, Department of Public Safety, an annual inspection report mandating \$5,110.00 worth of repairs. Recalculating the need both preventative maintenance and emergency repairs, the department has projected that an additional \$9,900.00 is necessary to finish out fiscal year 1991. Given the enactment of M.G.L. c. 30B, the amendment process is not an option; nor, given the time element, is readvertising the contract. The Police Department has terminated the original Contract No. 91-2741-00 with Montgomery Elevator Company and requests your permission to enter into this new agreement.

Compensation under this contract shall not exceed \$9,900.00, which I have determined to be reasonable for the work to be performed. The term of this contract shall be from May 15, 1991 to June 30, 1991.

Considering these unusual circumstances, the time restraints and the fact that Montgomery was awarded the original contract as low bidder, I believe that further advertising would serve no useful purpose.

Respectfully,
Francis M. Roache,
Police Commissioner.

Contract No. 91-2895-00
June 25, 1991

Consultant Services

Dear Mr. Mayor:

I respectfully request your permission to dispense with public advertising and to award a contract to LaCapra Associates, located at 64 Broad Street, Boston, MA 02109 to provide expert witness testimony and preparation of exhibits to be used in litigation. This contract is exempt from the provisions of M.G.L. c. 30B and is awarded under the authority of the City Charter.

Under the terms of contract, LaCapra Associates will evaluate application materials for new taxi medallions to defend potential legal challenges thereto, provide technical assistance in financial reporting from the taxi industry for the purposes of defending any rate, charges or fees that may be challenged legally, and prepare a demand study for the utilization of cab service for both general and transportation ridership for DPU 88-20 or any proceedings in Superior Court related thereto. This contractor is unequally qualified to do this work because it has appeared on behalf of the Commissioner in DPU 22-203 and is a recognized expert in regulatory economics.

Compensation under this contract shall not exceed fifty thousand dollars (\$50,000) which I have determined to be reasonable for the work to be performed.

The term of this contract shall be July 1, 1990 to June 30, 1991. The hourly rate for this contract

shall be \$95 per hour for principals of the firm and \$75 per hour for staff. The amount of this contract shall not exceed \$50,000.

Because of the professional nature of the services to be performed, I believe that public advertising would serve no useful purpose. This contract is processed late because the budgetary allocation needed to support this contract could not be determined until this time and for the reason that the prospect of litigation in this matter has not allowed a definite scope of services to be determined until now.

Respectfully,
Francis M. Roache,
Police Commissioner.

Contract No. 2382-92
June 3, 1991

PUBLIC FACILITIES DEPARTMENT

Embankment Studies

Dear Mayor Flynn:

Pursuant to a vote of the Public Facilities Commission on May 16, 1991, I respectfully request your Honor's written permission to dispense with further public advertisement and award a contract to Nucci-Vine Associates, Inc., a Massachusetts Corporation with offices at 253 Low Street, Newburyport, Massachusetts 01950, for embankment stabilization studies at two locations at Long Island and one location on Moon Island. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of MGL c. 7, 38A-1/2-0.

Scope of services shall include: field survey; subsurface investigation; engineering analysis of conditions; development of schematic plans for alternative repair methods and repair cost estimates for each; review of permit requirements for alternative plans; preparation of reports for all of the above and maintenance requirements for each alternative.

Compensation under this contract shall not exceed \$32,000.00 (including \$12,200.00 for supplementary services), which is a negotiated fee based on industry standards, which I have determined to be a reasonable cost for the work to be performed. The term of this contract shall be for 12 months from the date of execution.

Nucci-Vine Associates, Inc. was awarded the contract based on a publicly advertised request for proposals in the *Boston Globe* and *City Record* on January 7, 1991, and the *Central Register* on January 9, 1991. The Public Facilities Designer Selection Committee evaluated 8 proposals employing a numerical matrix system. The numerical matrix rating for a firm reflects the combined score of each Committee member's ranking of this firm and thus the recommended firm has the lowest number. The numerical matrix rating summary of the three finalists, in order of rank, was as follows:

Nucci-Vine Associates, Inc.	4
253 Low Street	
Newburyport, MA 01950	
GEI Consultants, Inc.	6
1021 Main Street	
Winchester, MA 01890	
Greenman-Pederson, Inc.	7
346 Commercial Street	
Boston, MA 02109	

In view of the technical and professional nature of the services required, the qualifications and

(Continued on next page)

expertise of the designer, and the selection process used, it is my view that further public advertising would serve no useful purpose, I, therefore, request permission to dispense with inviting sealed bids in the *City Record* under authority granted in the City of Boston Code, St. 4, s. 5.

Sincerely,

Paul D. Roche,
General Counsel.

Contract No. 7457-91
PUBLIC WORKS DEPARTMENT
April 1, 1991

Bridge Repairs

Dear Mr. Mayor:

I request your Honor's permission to award a contract pursuant to the authority of G.L. c. 390B, section 8, for Emergency Repairs to the Northern Avenue Bridge, for the period April 1, 1991 to April 30, 1991.

The Northern Avenue Bridge has suffered a mechanical failure of its hydraulic lifting system, which caused the grid deck to drop down approximately 12 inches below the roadway surface. This resulted in damage to the hydraulic system itself; the actual grid deck; supportive structural steel; and the sub-structure.

This bridge is critical to the marine, vehicular, and pedestrian traffic of the area, causing rerouting of most of the traffic and presented a serious threat to public safety.

Grand Banks Marine is currently engaged in a contract that was publicly bid, for mechanical repairs to our bridges and has extensive experience with the operating mechanisms of the bridge, and time being of a critical nature, and with craftsmen and equipment already on hand, I made the determination that a delay in the procurement of Emergency Repairs to the Northern Avenue Bridge would endanger the public safety of the people of Boston and/or their property.

For the reasons stated above, I respectfully request your Honor approve award of a contract for the above services to Grand Bank Marine, 701 Country Way, Box 390, North Scituate, Massachusetts, in the amount of \$90,000.00.

Very truly yours,

Joseph F. Casazza,
Commissioner.

Joan Michelle Lebow's compensation for services provided in the past is as follows:

FY91 \$5,104.00

\$500,000 BEQUEST FROM PORTLAND ALLEN RINES

The Trustees of the Boston Public Library have received a \$500,000 bequest from the estate of Portland Allen Rines to endow the library's Fred Allen Sound Archives in memory of her late husband, comedian and radio humorist Fred Allen.

Born John Florence Sullivan on May 31, 1894 in Cambridge, Mass., Fred Allen grew up in the Allston and Dorchester areas of Boston and while a student worked as a stack boy at the Boston Public Library, where his father was also a bookbinder. He went on to become radio's funniest social satirist, the quintessential complainer. His feud with Jack Benny, Allen's longest and best gag, regaled audiences for years.

Allen met Portland Hoffa, who was named after the Oregon city in which she was born, in 1922 on the set of "Passing Show." After their marriage in 1932 he worked her into his radio act creating the type of domestic comedy made popular by George Burns and Gracie Allen.

Describing herself as a "wooge," or female "stooge," Ms. Hoffa was unlike any other comedian, developing a unique style of delivery that, together with Allen, endeared a generation of radio listeners to their Mom and Pop humor. The last Fred Allen show aired on June 26, 1949.

After Allen's death in 1956, Ms. Hoffa married band leader and advertising executive Joseph W. Rines. In 1973 the couple generously established the Fred Allen Fund at the Boston Public Library and over the next 15 years donated Allen's personal books, papers, letters, sketches, tapes, recordings, and manuscripts, as well as more than \$100,000 to establish the Fred Allen Sound Archives. Included in the Archives are recordings of 265 of Allen's radio programs which will be transferred to audio cassettes and made available to patrons through the Music Department.

Through the Allen Fund, the library recently acquired a major humor collection of more than 12,000 multi-lingual volumes, which added to the Allen Collection, gives the BPL one of the largest collections of humor in the country.

Mrs. Rines died in her sleep on December 25, 1990. She was in her mid-80s. Her bequest will be used to endow the Sound Archives and other archives relating to the Allen Collection.

CAN SHARE A HUGE SUCCESS

On Wednesday, November 20, 1991, city employees gathered at the lobby of City Hall to await the results of the Can Share totals. Anne McGuire (Emergency Shelter Commissioner) thanked all those who helped coordinate this year's drive.

Judith McCarthy (City Registrar) and her faithful staff managed this year's Can Share. Their dedication was duly noted when Joyce Green of the Registry Division was honored with the John Chan award for outstanding commitment to the City's Hunger Drive. Joyce and Chris Kelly collected over

600 cans at The M.B.T.A. Government Center stop on some very cold mornings.

Winners of the annual Can Share display award went to the Public Works Department and Parks and Recreation. Public Works again received the "early start award" for collecting the most amount of cans within the first week of our drive, "most cans per department" (15,000) and "most improved department." Looks like this is the department to beat next year.

Health Insurance received the "most improved number of cans per employee." The Office of Program and Budget Evaluation rallied to win the "most cans per employee."

Thanks to the Office of Budget and Program Evaluation, Boston City Hospital's Failure to Thrive Clinic will receive 225 food certificates worth \$10.00 each for needy mothers with infants.

Ms. Gerry Wyse again assisted with new and creative methods of fund raising and spirited support. Doris Gagon claims to have taught Ms. Wyse the art of chocolate making.

Jeannette Leung of the M.I.S. department was a great support in her assistance with the calendar of events on E-mail.

Mark Campell and Ed Donovan of Real Property deserve a rest for all their "leg work."

City employees can be proud of the huge success of this event. For the past month numerous bake sales, raffles and luncheons have put the number of cans collected over last year's goal.

The following is a yearly tally by City Department since Can Share began in 1988.

QUINCY YOUNGSTERS HELP NEEDY PEOPLE IN OUR COMMUNITY

By Tony Ferullo

Robin Elder and Jennifer White of Quincy are two girls who wanted to have fun. And they did, while raising money to help others.

Following the beat of their caring hearts, Jennifer and Robin recently conducted a fair in their neighborhood.

"Their parents must be very proud of

everything they have accomplished. I know I am."

By making a contribution to the United Way of Massachusetts Bay, Robin and Jennifer knew they had done something special, that their money would be given to help the less fortunate among us. They discovered how the United Way improves the quality of life for many real people with real problems, and they wanted to be part of the solution.

Through their hard work and dedica-

tion, they raised a total of \$1.65 and presented it to the United Way of Massachusetts Bay.

"These kids deserve a great deal of credit for caring to help needy people in our community, many of whom are youngsters themselves," said Robert X. Chandler, President and Chief Operating Officer of the United Way of Massachusetts Bay, a nonprofit charitable organization which serves the people of Quincy along with 80 other cities and towns in eastern Massachusetts.

"It felt good giving to the United Way," said Jennifer, 9, a fourth-grade student at St. Joseph's Elementary School in Quincy. "It was a nice feeling."

"We ate hot dogs and ice cream, played games and gave out prizes," said Robin, 6, a first-grade student at Point Webster Elementary School in Quincy. "It was a lot of fun."

Terri Elder, Robin's mother, assisted the girls in coordinating the fund-raising event in her backyard, and was delighted with the results. "The girls devoted themselves to this project," ex-

plained Mrs. Elder. "They made their own tickets and had to plan everything out. This was a good learning experience for them."

Dick Piccuito, United Way of Massachusetts Bay's Labor Liaison in Quincy, was the lucky individual who received Robin and Jennifer's donation. "They gave it to me in a sealed envelope," said Piccuito. "It was great to see them so inspired to help other people."

"In these tough times, every little bit helps."

Two related photo exhibitions on AIDS and its impact on the people who are touched by this world-wide epidemic will be on display in the Great Hall of the Boston Public Library in Copley Square from December 3rd through December 30th.

"Personal Reflections" is a photo exhibit by Marna Kennedy that documents feelings of people affected by AIDS, including the patients, their extended families, friends, and the health care workers. Despite extensive public education efforts, statistics show that although most Americans view AIDS as a major concern, they are still uncomfortable discussing it. Ms. Kennedy attempts to make us realize that all of us can be victims of AIDS.

"Chronicling AIDS Activism and Activists" is a photo exhibition by Benjamin Incerti of Cambridge, who is himself an AIDS victim. Two years in the making, the exhibit of 15 45" x

BPL EXHIBIT COMMEMORATES 200TH ANNIVERSARY OF MOZART'S DEATH

*Exhibit Includes
BPL's Mozart Manuscript*

In commemoration of the 200th anniversary of the death of Wolfgang Amadeus Mozart in December, 1791, the Boston Public Library will mount an exhibition of Mozart's life and compositions in the South Gallery and the Koussevitzky Room of the Research Library in Copley Square from December 2, 1991 through January 31, 1992.

Highlighting the exhibition, which will include books, scores, and photographs from the library's Allen A. Brown Collection and other research collections of the Music Department, will be the Boston Public Library's Mozart manuscript. A three-voice Fugue, K. 443, it is a short work which was

started by Mozart in 1782 and completed sometime after that by his friend Abbé Maximilian Stadler. Part of the Brown Collection, the Mozart score was acquired at auction by the library in 1932 from the firm of Leo Liepmannsohn in Germany at a cost of about 400 Reich marks. The Boston Public Library is one of only a few libraries in the United States possessing a Mozart manuscript.

The library's musical archives are extensive, consisting of more than 100,000 musical scores both in printed and manuscript form as well as collected works of major and minor composers. In addition to the Allen A. Brown Collection, the library's special collections include the Serge Koussevitzky Collection, the Walter Piston Collection, the Victor Young Collection, and the Laning Humphrey Journalistic Archive.

The exhibition will be on display in the Music Department on the third floor of the Research Library and is free and open to the public Monday through Thursday from 9:00 a.m. to 9:00 p.m., and on Fridays and Saturdays from 9:00 a.m. to 5:00 p.m.

CONTRACTS AWARDED WITHOUT ADVERTISING

The Mayor has approved the awarding of contracts without advertising, based on the following communications:

Contract No. 3301-
BOSTON TRANSPORTATION
DEPARTMENT

July 8, 1991

Computer Services

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and to award contract to Susanna Slijderink, an individual doing business as, and hereinafter referred to as Flash Card Systems, located at 31 Vista Encarnacion, San Clemente, CA 92672, for the provision of computer programming and telecommunications services for this department's telephone information system.

ion distribution system/Voice Response System (VRS). This is an unadvertised contract less than \$10,000. The VRS, which is located at the Office of the Parking Clerk, is utilized by various Transportation Department divisions and is an important component of the Parking Violation/Parking Management Information Services System (PVPMISS).

Under the terms of the contract to be awarded, Flash Card Systems will provide computer programming and telecommunications services for: (1) the maintenance of VRS applications and operations software, and (2) VRS software development, enhancement and modifications. In addition, Ms. Slijderink will be available on a 24 hour, 7 day a week basis to repair any system problems and to generally keep the VRS operational.

Flash Card Systems is specifically qualified to do this work because of its unique knowledge of this department's VRS, which it has previously customized to departmental specifications in compliance with the manufacturer's (Intervoice Company, Inc.) proprietary design. In addition, Flash Card Systems is, as required, licensed by Intervoice to perform programming work on the VRS. Further, the previous performance of Flash Card Systems for the above-mentioned work has been satisfactory in terms of quality of production, timeliness of completion, responsiveness to direction and overall responsiveness. Finally, VRS technology is relatively new and is complicated and sophisticated. The selection of Flash Card Systems to perform the abovementioned work would, in light of its familiarity with our customized software, minimize disruption and risk to this department's current PVPMISS adjudication and public responsiveness components and efforts.

Prior to selecting Flash Card Systems alternative vendors were solicited by soliciting three telephone quotes. The completed CB Form No. 1 is attached hereto.

The contract awarded will be for a term of approximately one (1) year, commencing on July 5, 1991, and ending on June 30, 1992. Compensation under this contract shall be three thousand nine hundred dollars (\$3,900) for maintenance and seventy-five dollars (\$75.00) per hour for software modifications and enhancements and shall not exceed nine thousand nine hundred and ninety dollars (\$9,990) which I have determined to be reasonable for the work to be performed.

Because of the specialized nature of the services to be provided and Flash Card Systems' previous experience and performance in providing customized VRS programming services for the VRS under consideration and the reasonable cost of these services, I believe that public advertising would serve no useful purpose.

Very truly yours,
Richard A. Dimino,
Commissioner/Parking Clerk.

June 28, 1991

**EDIC/BOSTON
Counseling Services**

Dear Mayor Flynn:

Pursuant to the vote of the Public Facilities Commission (PEC), dated May 16, 1991, stating that the Director of the Economic Development and Industrial Corporation of Boston (EDIC) is authorized to request from the Mayor, in the name of and on behalf of the Commission, writ-

ten authority to enter into contracts with service providers funded under the Community Development Block Grant (CDBG) program, I respectfully request your Honor's permission to award a contract to Boston Chinese: Youth Essential Service, Inc., a non-profit corporation, located at 199 Harrison Avenue, Boston, Massachusetts, 02111. Under the terms of the contract, the Contractor will provide a variety of counseling, support and advocacy services to approximately forty (40) low to moderate income adolescents and their families. This contract is exempt from the provisions of G.L. c. 30B, as it represents a grant agreement with a non-profit entity.

This program was selected for refunding based upon an evaluation of its refunding document submitted to EDIC, and an interview review of the Contractor's performance during FY 1991. The proposal and program review process focused on a number of criteria, including administrative responsiveness, the ability to achieve negotiated performance standards during FY 1991, site visits conducted by staff of the Jobs and Community Services Department of EDIC, and the availability of funds.

Compensation under the terms of this contract shall not exceed twenty-seven thousand, three hundred and seventy-four (\$27,374) dollars, payment being made from the Community Development Block Grant (CDBG) program. The period of performance shall be from July 1, 1991 until June 30, 1992. This Contractor has had contracts with this agency for this program for the previous three (3) fiscal years at the following funding amounts: FY 89-\$28,815; FY 90-\$27,374; FY 91-\$27,374. This request has been delayed due to the length of time involved in the program and funding review process.

Fiscal Year 1992 represents the second year of a two year funding cycle, where refunding was contingent primarily on the Contractor's performance during FY 1991. This proposed award represents level funding for the Contractor. As this is a negotiated contract at a reasonable cost, based upon an extensive program performance and proposal review, I believe that public advertising would serve no useful purpose.

Sincerely,
Donald A. Gillis,
Executive Director.

Sincerely,
PATRICK F. McDONOUGH,

1991 FALL HUNGER CONFERENCE — END HUNGER AWARDS

Mayor Raymond L. Flynn presented the 1991 U.S. Mayors' End Hunger Awards at the Fall Hunger Conference in Boston. The Conference, sponsored jointly by the Mayor's Advisory Committee on Hunger and the City of Boston's Emergency Shelter Commission, offered a series of workshops directed to workers in food pantries, shelters and other outreach programs.

This award program, established by the End Hunger Network, was co-sponsored by the U.S. Conference of Mayors. Mayor Flynn, president of the U.S. Conference of Mayors, co-chaired the Task Force on Hunger and Homelessness until his election as head of the USCM.

In presenting the awards, Mayor Flynn noted, "Hunger is a disease for which we have a cure. There is no excuse for delaying the treatment. Each award recipient has made a unique contribution to the fight to end hunger. In

that respect they represent all of the unsung 'hunger heroes' who work daily to alleviate hunger, its causes and its effects." The recipients of the End Hunger Awards are Dr. Debbie Frank, Director of the Boston City Hospital's Failure to Thrive Program; Dr. J. Larry Brown, Director of the National Center for Hunger, Poverty, and Nutrition Policy at Tufts University; Federal Express; the Paulist Center's Wednesday Night Supper Club; Rena Johnson of the Parker Hill Fenway Neighborhood Service Center, and Homer Platt of Saturday's Bread and Sunday's Bread.

It is estimated that worldwide more people have died of hunger in the past five years than have been killed in all the wars, revolutions and murders in the past 150 years. Every minute 28 children die of hunger. During that same minute the world spends \$1.9 million on its military forces and technology. In America an estimated 5.5 million children under 12 are hungry, that's 1 child out of 8; our progress in reducing infant mortality in the U.S. has slowed to a near stand still; of all infants who die, 60 percent are of low birth weight. In Massachusetts, one child in four is hungry or at risk of being hungry.

MOZART SCHOOL KIDS TREATED TO HALLOWEEN PARTY

City officials, teachers and local merchants came together on Halloween to throw a special party for youngsters at the Mozart School in Roslindale, a few days after a bomb blast disrupted that neighborhood and killed a Boston Police officer. Mayor Raymond L. Flynn, Office of Neighborhood Services Director John Riordan, and Neighborhood Services Coordinator Trish Flaherty joined with Mozart school staffers and area merchants to have fun with the school children in the wake of the incident.

"We were concerned that the children may have been upset by what happened nearby, and we wanted to show them that we care and that things are safe again," said Mayor Flynn.

The party featured the magic of Chris the Magician, who delighted the K1-5th grade Mozart students with tricks. Mayor Flynn sat with the students, munching on cotton candy and delighting in the magic show.

The party, also organized by the Mayor's Office of Business and Cultural Affairs, came after Flaherty met with school staffers and parents to discuss the bomb tragedy and its effect on the children.

"When a tragedy like this occurs, it is important for people to know that the City of Boston is there for them," said Riordan.

Riordan and Flaherty praised the efforts of the Mozart teachers and principal Edna Carson to reassure the school children after the explosion. "They were terrific in dealing with the kids," said Flaherty. Along with Neighborhood Services, Neil Braverman and David Ladd of Boston Health and Hospitals Emergency Medical Service worked closely with Mozart staffers to counsel students after the bomb blast.

Area E Boston Police Officers Michael Santry and Norman Hill ran a spelling bee for the kids and awarded the best spellers with candy prizes.

The cotton candy and popcorn was donated by vendor Mark Matterazzo of Dean's Dogs. Balloons donated by Future Affairs of Roslindale and cookies from McDonald's added to the atmosphere of fun, as did candy generously donated by Richard Plant and Mark LeBlanc, store managers from nearby Osco Drug. The two managers even dressed up in gorilla suits to entertain the kids, who laughed heartily at their antics.

A community meeting to discuss the situation on Eastbourne Street was held over the weekend by the Mayor's Office of Neighborhood Services, the Mass. General Hospital Trauma Clinic's Dr. Alan Borden, and Neil Braverman.

CITY SPONSORING FLOOD INSURANCE WORKSHOP

Mayor Raymond L. Flynn has announced that the City of Boston held a

Flood Insurance Workshop on Saturday, November 23 to provide Boston residents with information on flood preparations and precautions. The workshop, sponsored by the Environment Department, was organized in response to questions and concerns raised by Boston residents in the aftermath of Hurricane Bob and took place at Boston City Hall, Room 801 from 10:00 a.m. to 1:00 p.m.

On August 19, Hurricane Bob slammed into the Massachusetts coastline causing \$525 million worth of insured property damage. The northeaster of October 30 and 31 also decimated the homes and property of hundreds of families with its violent winds and water. This workshop provided information on how to avoid the serious personal and financial losses which can result from a flooded basement or worse.

The workshop offered participants information from contractors and government experts on:

- How to protect a home and possessions from flooding
- Types of flood insurance available
- Emergency precautions and warning procedures to be used in case of a flood.

This program was targeted primarily to homeowners who live on flood hazard land. According to Director of the Environment Department, Lorraine Downey, "This workshop is a good way for Boston residents to learn about their flood insurance coverage and how to minimize their risks and reduce their premiums."

Last year, City of Boston property owners spent a total of \$86,135 on flood insurance premiums. By increasing the awareness of flood hazards, and providing homeowners with information on property damage prevention, the City of Boston hopes to reduce these high rates.

For additional information on the flood awareness workshop contact Alisa Gai in the City of Boston Environment Department at 725-3850.

HOLIDAY DRIVING TIPS

This time of year we're preparing for holiday festivities, following old family traditions, starting new ones. It's not a time to think about unpleasant things. Yet, despite all our wishes or our well-laid plans, tragedy often strikes at this holiday season — tragedy caused by an impaired driver.

We all know the realities about driving impaired. Alcohol and/or other drugs and driving make a dangerous combination. This year, do what many other Americans do before going out to celebrate the season: **Designate a driver.** Have someone from your group agree only to drink non-alcoholic beverages and then to drive the rest of you home. This keeps everyone out of trouble, including the person in the other car.

But suppose you are the one having the party. How do you make sure that no one drives away from your festivity impaired? Be a responsible host. Do 1 of 3 things:

- Drive your friends home yourself. You can work out the details of getting their cars back later. The important thing is that they get home safely.
- Call a taxi. Paying the cab is much cheaper than the cost of a first-time driving offense, when you figure in lawyer's fees, court costs, an increase in car insurance premium and time off work to appear in court.
- Have your friends spend the night at your house. They can go home the next day when they are sober and can drive safely.

MAYOR FLYNN APPOINTS HUMAN RIGHTS COMMISSIONER

Boston Mayor Raymond L. Flynn has announced the appointment of Anne L. Connolly to serve as a Commissioner for the Boston Human Rights Commission. Connolly is a consultant in the area of marketing retirement housing and also works as a real estate agent in Boston.

"Anne Connolly has a commitment to improving the quality of life for all Boston's residents," said Mayor Flynn. "Her background in education combined with her tireless work around neighborhood issues will enable her to make an important contribution to the work of the Human Rights Commission."

A lifelong resident of Boston, Connolly currently lives in Jamaica Plain with her husband and two daughters. She is active in neighborhood activities and is a member of the Jamaica Hills Neighborhood Association.

Connolly thanked Mayor Flynn "for appointing me to the Boston Human Rights Commission. It is an honor and I look forward to serving the City in this capacity. The work of the Commission is very important for all of us who live and work in Boston. It is a wonderful opportunity to be able to work with my fellow Commissioners, the Executive Director and staff of the Commission around the issue of human rights in our city."

For further information on the Human Rights Commission, please call Ann Sanders, Executive Director, at 725-3562.

MWRA FILES CROSS CLAIM SUIT AGAINST \$121.3 MILLION COMMONWEALTH BUDGET CHARGES

The Massachusetts Water Resources Authority today filed suit against the Commonwealth of Massachusetts claiming certain provisions of the Fiscal Year 1992 state budget constitute an illegal tax on MWRA ratepayers.

In legal terms, the suit is a cross-claim. It challenges two of three FY 1992 budget provisions that are the subject of a previously filed suit against the Commonwealth, state officials, and the MWRA. That suit was submitted by the MWRA Advisory Board, which directly represents the interests of 60 communities served by the MWRA.

The specific items in the budget with which the Authority takes issue include:

- a \$120 million payment for certain water and sewer debts inherited by the MWRA in FY 1985, when the Metropolitan District Commission transferred to the new authority the responsibility for water and sewer services for 60 communities. The cross-claim alleges that the amount is excessive, requires the Authority to pay the expenses unrelated to water and sewer services, constitutes an illegal tax, and takes MWRA property without just compensation.

- a \$1.3 million payment required by the Commonwealth — the amount of money equal to a furlough of MWRA employees. MWRA salaries are not included in the state budget. The cross-claim asserts that the payment would provide no benefit to MWRA ratepayers, requires the MWRA to pay for expenses unrelated to water and sewer services, constitutes an illegal tax, and takes MWRA property without just compensation.

A cross-claim is a complaint that one defendant in a lawsuit files against another defendant in the same suit. In the case of the Advisory Board suit, the Commonwealth has moved to dismiss on the grounds that the plaintiffs lack standing, along with other reasons.

Robert J. Ciolek, MWRA Board member, who is also the Executive Director of the Boston Water and Sewer Commission, said: "The Authority's ratepayers, who already face substantial rate increases as a result of the court-ordered Boston Harbor Project and long-neglected maintenance and improvements to the regional water and sewer systems, cannot reasonably bear such excessive and unjustified costs."

"I believe our actions are in the best interest of our ratepayers," said Charles Lyons, MWRA Board member and Chairman of the Arlington Board of Selectmen. "By acting in solidarity with our member communities who have already filed a

parate suit, it is our hope that the
ate — citizens and elected officials
will focus attention on the escalat-
g water and sewer costs affecting
ore and more communities and
gions throughout the Common-
wealth."

CITY OFFERS 10 EASY STEPS TO A WARM, COST-EFFICIENT WINTER

Winter's cold has arrived, and it promises to get even colder before next spring. But the City of Boston has a few tips to keep warm — while saving energy — this winter season.

"As the days grow colder and money grows tighter, residents need to do all they can to cut their heating costs," said Mayor Raymond L. Flynn. "By following any or all of these tips, residents can stay comfortably warm all winter long without wasting money or energy."

"Hardworking families and senior citizens should never have to go without heat, and the City of Boston is doing all it can to help residents," said John Riordan, Director of the Mayor's Office of Neighborhood Services.

Russ Lopez, the city's energy specialist who works in Neighborhood Services, offers the following tips:

- Open window shades during the day and shut them at night. Open shades let sunshine heat your house, while closed shades at night will keep heat in.
- Caulk around windows. This is the most cost-effective energy conservation possible. For a few dollars of caulking, residents will see a significant savings in energy use. Caulking will reduce drafts, too.
- Close off and turn down the heat in rooms when not in use.
- Tell your landlord if you don't have enough heat or if your apartment is overheated. Rather than opening a window to cool things off or sitting in the cold, it sometimes works to simply tell your landlord the heat needs adjusting. They might not know.
- One bright light is better than two dims ones. Higher watt lights are more energy efficient. Turn off the lights when you leave the room. It does *not* use more electricity to switch on lights than to keep them burning.

- Use energy efficient compact fluorescent lights. They use only 25 percent of the electricity of regular incandescent bulbs.
- Clean the coils behind your refrigerator. Dust reduces the efficiency of the condenser and makes the refrigerator work harder.
- If you are using glass bakeware, lower your oven temperature by 25 degrees.
- Use a humidifier. Moist air feels warmer than dry air.
- If possible, use programmable thermostats. They can turn on the heat right before you get up in the morning, turn it off as you leave for work and have your house warm for you at return. All without you having to remember to re-set it.

Energy efficiency and making sure no one goes cold each winter are high priorities in Mayor Flynn's administration. Last winter, the Office of Neighborhood Services' 24-Hour Emergency Hotline received 1,314 "no heat" calls from residents. Of these, 1,019 resulted in immediate resolutions, with 200 citations being issued and an additional 95 calls resulting in direct contacts with utility companies on behalf of constituents.

In October, thousands of energy-efficient porchlights were distributed across the city in an effort to light up the neighborhoods for safety while cutting down on energy costs. The City of Boston itself is refitting

city-owned property with energy-efficient materials in an effort to save millions of dollars in utility costs. An ambitious program to bring energy-efficiency to thousands of homes and businesses is about to enter its second cycle.

For more information on energy efficiency efforts, call Russ Lopez at 725-3485. For reports of no heat, call the 24-Hour Hotline at 725-4500.

BOSTON HARBOR PROJECT PLANNERS CONSULT ON CLEANUP OF GANGES RIVER

A team of experts on wastewater pollution and the Boston Harbor cleanup, led by MWRA Executive Director Paul F. Levy, will travel to Varanasi, India, in January to participate in a conference on pollution of the Ganges River. The Ganges, which flows 1,557 miles from the Himalaya Mountains to the Bay of Bengal, has a significant role in Indian economic and religious life.

"The Ganges is an enormously important river that has been ravaged by pollution," Levy said. "We hope to share information we acquired during the Boston Harbor Project's early design and construction phases with the Indian government as it plans a permanent pollution control system for the Ganges River."

Levy will be joined on the trip by Larry Williamson, a Senior Design Manager with the Massachusetts Water Resources Authority; Donald R. F. Harleman, Ford Professor of Engineering at the Massachusetts Institute of Technology; Dominique N. Brocard, an Associate and hydraulics ex-

pert with Metcalf & Eddy, Inc.; and Birger Schmidt, a geotechnical expert and Vice President of Parsons Brinckerhoff Quade and Douglas, Inc.

Levy and the other Boston Harbor Project experts were invited to participate in the seminar by The Friends of the Ganges, an organization located in San Francisco. Their traveling expenses are being paid by the United States Agency for International Development, a sponsor of the conference. While in India, they will be guests of the Indian government and the Sankat Mochan Foundation, which supports the pollution control effort. No MWRA funds will be spent on the trip.

"The Ganges River plays an essential role in the religious and cultural life of India," said Levy. "The members of our team will describe our efforts in planning complex pollution control abatement programs. Each of us will discuss aspects of the Boston Harbor Project that relate to potential design or construction problems likely to be encountered in India."

Varanasi and other cities that discharge into the Ganges have antiquated sewer systems. Frequent power outages affect pumping capacity. Varanasi, an Indian holy city, will be used as a case study in the conference, which will examine current strategies for pollution control and compare them to other possible solutions offered by international experts.

Levy describe major capital improvement projects being undertaken by the Authority to fulfill its mission of providing drinking water and sewer treatment for the metropolitan Boston area. Williamson will describe the management and development of the Boston Harbor Project. Professor Harleman will review available wastewater management and treatment technologies. Brocard will address hydraulic engineering, in particular the issue of gravity flow versus pumping options as it might apply to the Ganges River project.

Schmidt will present information on underground construction, including tunneling and pipelines.

The Boston Harbor Project team will be in India from January 14 to January 17.

CITY CLERK

The City Clerk's office is now offering for sale the *City of Boston Code, Volume I Ordinances*, with supplements through 1990, at one hundred twenty-five dollars (\$125.00) per copy.

- Each chapter starts on a new page, on the right side of the Code to allow for supplementation and growth of the prior chapter.

Additional supplements will be provided at a reasonable price on an annual basis.

The updated Code should prove to be a valuable aid to attorneys practicing in Boston. Copies may be obtained at this office, Boston City Hall, Room 601, with a payment by check, payable to the City of Boston, in the amount of one hundred twenty-five dollars.

ROXBURY AGAINST DRUGS GEARS UP FOR 1992

Roxbury Against Drugs (RAD) is in the final stages of analyzing the community's need for specific drug prevention and awareness programs and expects to enter 1992 up and running.

"We're on the go and ready to start the new year off with a fresh perspective on the community's feelings about substance abuse," said Paul Lewis, Boston Against Drugs' liaison to Roxbury and RAD.

RAD is in the final stages of compiling its "needs assessments," a questionnaire that went out to hundreds of Roxbury homes earlier this year in an effort to gauge the community's view on substance abuse. By December 27, a review of the questionnaires will be completed, allowing the RAD TEAM members to begin formulating a work plan to combat drugs in Roxbury.

"The whole purpose of Boston Against Drugs and its work with groups like Roxbury Against Drugs is to empower the community," said Boston Against Drugs Executive Director Howard Hughes. "By finding out what the community wants, we can tailor educational and prevention programs specifically for Roxbury."

RAD and Boston Against Drugs employs the TEAM method of operation — TEAM stands for "Through Empowerment And Mobilization" — to combat the demand for drugs. Through funding by the federal Office of Substance Abuse Prevention, RAD and Boston Against Drugs will use the results of the questionnaire to set up these programs.

With RAD's TEAM members in place, work on an action plan is expected to begin early next year.

RAD is made up of Roxbury residents, Roxbury service agency personnel and representatives from the business community, all working with Boston Against Drugs, which is housed in Mayor Raymond L. Flynn's Office of Neighborhood Services.

RAD TEAM members have elected officers and are working with their business partners, Digital Equipment

Corporation and Fleet Bank of New England, to move ahead in their efforts. Business representatives from Digital are Stephanie MonDesire and Bernadette Rucker. Fleet Bank's business representative is Mellissa MacDonnell.

While RAD has already attracted almost 25 members of the Roxbury community, additional members are welcome. RAD TEAM members include Vaughn Simkins of the Violence Prevention Project, Dannette Jones of the Madison Park Development Corporation, Lori Ethier of the Madison Park Community Center, Richard Ward of the Roxbury Boys and Girls Club, Rodney Dailey and Keith Meredith of Gang Peace, Teresa Soares and Eileen Kenner of the Dearborn Middle School, and Nathaniel Askie of F.I.R.S.T. Inc.

Also on the TEAM are Adalberto Teixeira of the Mayor's Office of Neighborhood Services, Alfreda Harris and Sheri Cope of the Shelburne Recreational Center, Kim Gaddy of the Boston Police Department Area B2, Ulrick Johnson of the Gang and Drug Prevention Program, Dave Squires of Project Direction, Peggy Kennedy of the Marksdales Garden Association, and Yvonne King of the Dimock Community Health Center.

RAD TEAM also includes Nedra Williams of the Roxbury Comprehensive Community Health Center, Francis Francis NKrumah of the Roxbury YMCA, Craig McMullen of the Twelfth Baptist Church, Alvin Robinson of the Elliot Church, Luis Velez of Roxbury Youth Works, Renaldo Martinez of La Alianza Hispana, Hillary Tyler of the Urban League, and Yvette Thomas of the Big Brother Association of Boston.

"I'm very pleased at the progress being made by the Roxbury Against Drugs TEAM," said Hughes. "Together, we can go a long way in stamping out the hopelessness that leads to substance abuse."

For information on joining Roxbury Against Drugs and how you can help, please contact Paul Lewis at 725-3283. The next meeting of RAD is planned

for January 7, 1992, at 5:30 p.m. at Digital Equipment Corporation, 20 Hampden Street, Roxbury. All are welcome.

**CITY OF BOSTON
OFFICE OF THE MAYOR
CITY HALL**

Raymond L. Flynn announced today that bids were received December 5, 1991, for REPAIRS TO DECKING OF THE ALFORD STREET BRIDGE at an estimated cost of \$366,000.00.
CHARLESTOWN

Repairs to Surface Decking of the Alford Street Bridge over the Mystic River.

This project is part of Mayor Flynn's five-year capital improvement plan, "Rebuilding Boston" a \$986 million investment plan for the City of Boston. This plan, prepared by the Office of Capital Planning, represents the Mayor's commitment to rebuilding, upgrading and renovating schools and public libraries, parks and open spaces, police and fire stations, roadways and sidewalks, and public safety equipment.

**ALCOHOL IMPAIRED
DRIVING FACT SHEET**

The numbers tell the story. Drinking is a factor in approximately half of all fatal motor vehicle crashes. Even blood alcohol concentrations (BAC) of .05 — well below the .10 legal standard for intoxication in most states — affect driver response times, vision and judgment.

The Severity of the Problem

- The odds indicate about 2 in every 5 Americans will be involved in an alcohol-related crash at some time in their lives.
- From 1982 through 1990, over 210,000 people died in alcohol-related traffic crashes. That is an average of one alcohol-related fatality every 22 minutes.
- One out of every 3 people killed in alcohol-related crashes is not the

drinking driver or pedestrian. These people are the victims of a drinking driver.

- For every age between 5 and 32, traffic crashes are the greatest single cause of death. More than half of these fatalities are alcohol related.
- Drinking is a factor in 17 percent of serious injury crashes and in 4 percent of all property damage crashes.

**Drinking and Driving Statistics
From a Single Year — 1990**

- Almost 50 percent of the year's 44,529 traffic fatalities died in alcohol-related crashes.
- Thirty-eight percent of all the drivers who were fatally injured in 1990 were driving while intoxicated.
- In 1990, drinking was a factor in approximately 19,660 fatal crashes, 228,000 injury crashes, and 220,000 property damage crashes.
- In 1991, from January through October, there were 2,354 drunk driving arrests made in Boston's neighborhoods.

KEEP BOSTON MOVING . . . SAFELY

**XEROX HOLDS FOURTEENTH
ANNUAL DINNER**

On Saturday, November 11, 1991, Xerox Corporation with the assistance of the Xerox Community Involvement Program sponsored its Fourteenth Annual Seniors Dinner Dance at Out Lady of Cedars of Lebanon Hall in Jamaica Plain.

The Commission on Affairs of The Elderly assisted in the staffing of the event helping to serve over 400 Seniors from all Boston's neighborhoods. A wonderful meal was prepared by Josephs Caterers and Montilio's Bakery supplied a beautiful cake.

Ms. Karen Adams from Xerox, coordinated the event said, "the staff of Xerox in the Greater Boston area enjoys the satisfaction of helping people at this event." Many of the staff had their young children in attendance making for a real sense of "Family".

(Continued on next page)

Commissioner Diane Watson of the Boston Elderly Commission said "It is a wonderful event that is solely sponsored by Xerox financially and in these hard economic times their continued support to Boston's Seniors is a booster to our effort to provide social and recreational opportunities which decrease isolation and loneliness of our Seniors.

The guests enjoyed music by Johnny Rampino filling the dance

floor with polkas, line dancing, chachas, waltzes and other fancy foot work.

In total, there were fifty-five staff from Xerox and the City of Boston serving the Seniors from across the City.

Mr. Jim McCarthy, former Assistant Commissioner of the Boston Elderly Commission, honored all those in attendance with a song or two.

The City is very fortunate to have a concerned business like the Xerox Corporation to sponsor events as this one.

If you would like more information on events and sponsorship, please contact Diane Watson, Commissioner of The Commission on Affairs of the Elderly.

SHAKESPEARE'S FOLIOS IN RARE BOOKS EXHIBIT AT BPL

*Exhibit Marks 375th
Anniversary of Shakespeare's Death*

Shakespeare's First Folio, one of the most valuable and important books in the English language, will be on display in the Rare Books and Manuscripts Department of the Boston Public Library in Copley Square through the month of January.

The exhibit, "Shakespeare: Splendid Editions," commemorates the 375th anniversary of the death of William Shakespeare in 1616 and is mounted from the Boston Public Library's Thomas Pennant Barton Collection.

The First Folio of Shakespeare (1623) was not only the first folio volume published in England devoted exclusively to plays, but more importantly, it was the first collected edition of Shakespeare's complete works. It is one of the most valuable and important books in the English language — second only to the "Bay Psalm Book" (the first book printed in the English Colonies) and in literary importance is second only to the King James version of the Bible.

The Barton collection, which is one of the cornerstones of the Rare Books and Manuscripts Department, was acquired by the library at a cost of \$34,000 in 1873 from the widow of Thomas Barton, the earliest American collector of Shakespeareana. With more than 16,000 volumes, the Barton Library boasts four Folios as well as 45 early quarto editions of Shakespeare's works — all of which predate 1700. Also in the Library is the original sub-

scription list to the Boydell Shakespeare which includes the signatures of George III and Queen Charlotte, manuscripts in the hand of David Garrick (famed 18th century British actor), and an early version of the music to Macbeth, attributed to Richard Leveridge (18th century singer, composer, and song writer).

In addition to some fine facsimile editions of the famous First Folio, Barton gathered together the rare, the unusual, and the beautiful collections/editions of the great Bard, some of which are included in this exhibition. They include:

- The first American edition (8 volumes) of the Works of Shakespeare — 1785-1786, published in Philadelphia by Bioren & Madan and represented in a fine red morocco, gilt-decorated binding by turn of the century Philadelphia bookbinder Thomas Condie.
- A unique edition (1826) edited by Sir Walter Scott (volumes 2 through 4) which began publication in Edinburgh in 1825 in collaboration with printer A. Constable, but not completed when Scott and Constable went bankrupt. The only surviving copies of the completed volumes are in the Barton Collection.

Illustrated editions by Rockwell Kent, Edmund Dulac, Arthur Rackham, Salvador Dali, and Walter Crane have since been added to the collection and are included in the exhibit, which runs through the month of January in the Rare Books and Manuscripts Department on the third floor of the Research Library. It is free and open to the public Monday through Friday from 9:00 a.m. to 5:00 p.m.

During a search of the building Fire Fighter Neil J. Martin of Ladder Company 15 saw a suspicious person in the auditorium stage area. While in pursuit the suspect attacked him with a flag pole swinging it wildly. Fire Fighter Martin, while ducking, dodging and trying to defend himself, overcame the suspect, disarmed him of his weapon, wrestled him to the floor and held him down until Boston Police placed him under arrest. Five fires were subsequently extinguished.

Because he performed this act at great personal risk, without regard for his own safety, reflecting credit upon himself and the Boston Fire Department, the Fire Commissioner is pleased to highly commend Fire Fighter Neil J. Martin of Ladder Company 15 and refers his case to the Board of Merit for further consideration.

IX. COMMENDATION

Dear Mr. Mayor:

Pursuant to the authority delegated to me by the Board of Health and Hospitals, I respectfully request your Honor's permission to dispense with public advertising and award a contract to the Pine Street Inn, Inc., located at 444 Harrison Avenue, Boston, Massachusetts 02118 to provide salary support to counselors at Pine Street Inn, Inc. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of the City Charter.

This contract will provide funds which will be used to augment counselors salaries for the Detoxification Unit located at the Pine Street Inn. The counselors to be provided by the Pine Street Inn, Inc. are particularly qualified, both in experience and training. The Pine Street Inn provides valuable and needed services to the homeless people in the City.

Compensation under this contract shall not exceed five thousand dollars (\$5,000.00) which I have determined to be reasonable for the work to be performed.

The term of this contract shall be July 1, 1991 through June 30, 1992.

Because of the special nature of the services to be procured, I believe that public advertising would serve no useful purpose.

Very truly yours,

Dear Mr. Mayor:

I respectfully request your Honor's permission to enter into an agreement between the City of Boston and Bowdoin Street Health Center, Inc., a non-profit entity, located at 200 Bowdoin Street, Dorchester, Massachusetts 02125, to award a grant to the health center to support its provision of primary health care services.

Under the terms of the agreement, Bowdoin Street Health Center, Inc. will provide community health services which include basic primary care as well as special programs for Infant Mortality, Substance Abuse and HIV treatment.

Bowdoin Street Health Center, Inc. is uniquely qualified to do this work as part of Boston's network of neighborhood health centers. The Department of Health and Hospitals has had a contract with Bowdoin Street Health Center, Inc. for the past twenty years, during which time Bowdoin Street Health Center, Inc. has demonstrated its ability to have a significant impact on the health of the people in Boston's neighborhoods.

stimulate health care services. This contract is exempt from the provisions of G.L. c. 30B and is awarded under the authority of the City Charter.

ANNUAL APPROPRIATION AND TAX ORDERS
FOR FY92 (DOCKET NO. 0572)

The following was received:

City of Boston
Office of the Mayor

April 10, 1991.

To the City Council.

Dear Councillors:

I transmit herewith my proposed Fiscal Year 1992 operating budget for the City of Boston and the County of Suffolk. This budget is noteworthy in the following respects:

- The proposed budget marks the seventh consecutive year in a row of a balanced City budget;
- The proposed budget reflects the first decrease in City spending since the Proposition 2-1/2 impacted budgets of the early 1980s;
- The proposed budget protects essential neighborhood services as much as possible and gives high priority to public safety, education, youth, critical health care, and emergency shelter expenditures; and,
- The proposed budget, while harmful to City services, capitalizes on the opportunity to make appropriate organizational changes and to institute improvements in services.

The decrease in City spending is a direct reflection of misplaced state and federal priorities. It is also, unfortunately, an aspect of the weak Massachusetts economy which is not only harming families and communities but governmental budgets as well. Of particular note, however, is the escalating abandonment by the Commonwealth of Massachusetts of its cities and towns as expressed in the form of an active and adequately funded local aid program. The partnership of the state with its 351 cities and towns is clearly at an end, as the state continues to off-load the effects of its fiscal mismanagement onto the backs of cities and towns. In sum, the retreat of state government in support of cities and towns, along with the impact of the recession, lowers projected City spending by 2.5% when compared to the current year appropriation.

Since my first budget submission in FY85, Boston has managed its financial affairs in a responsible manner. Indeed, since FY89 my budget proposals have reflected a determination to insure that City spending matched available resources. For most City departments the proposed budget will be the third year in a row of budget cuts. In terms of both dollars and staffing the City is living within its means. From FY85 until FY92 City budget increases have averaged 4.3% per year, less than the rate of inflation over the same period. In constant dollars, the proposed spending plan for FY92 is less than actual spending in FY85. Staffing for all City departments (other than the School Department) is less than it was when I took office. Indeed, a recent Special Report issued by the Boston Municipal Research Bureau noted:

"For the second consecutive year, the City of Boston reduced its total work force, reflecting the City's limited revenue growth, primarily due to cuts in state aid . . . The total number of city and county positions, excluding schools, on the payroll as of January 1, 1991 was 34 less than when Mayor Flynn began office." *BMRB Special Report*, March 21, 1991, p. 1.

Our commitment to sound finance has also been the reason for five bond rating increases for the City of Boston over the past seven years. These fiscal achievements are matched by the improvements in City services over the same period. Fiscal stability and credibility are the cornerstones to sustained improvements in programs and services.

Times, however, have gotten a lot tougher.

In order to keep my commitment to a balanced City budget, difficult — and in a number of cases painful — cuts must be made. Overall, the proposed FY92 budget reduces current departmental appropriations by \$59 million. In terms of departments providing direct City services the average cut will be 5.0%; for administrative support departments the average reduction will be 21.7%. Only one City service department, the Emergency Shelter Commission, is slated for a budget increase for FY92. All other City agencies will be cut, most for the third year in a row. Should the Governor and the State Legislature restore the cuts in local aid, however, our first priority will be to work toward restoring the budgets of those departments providing direct City services.

Some specific examples of budget reductions are as follows:

• Departments Providing City Services	
Police Department	-1.7%
Fire Department	-3.0%
School Department	-3.9%
Library Department	-9.2%
Public Works Department	-11.4%
Inspectional Services Dept.	-19.8%
Parks Department	-19.9%
Office of Business & Cultural Development	-31.4%
• Departments Providing Administrative Support	
Treasury Division	-12.6%
Assessing Department	-15.3%
Purchasing Division/ASD	-19.7%
Law Department	-24.1%
Office of Budget & Program Evaluation/ASD	-24.3%
Printing Department/ASD	-28.6%
Mayor's Policy Office	-31.8%
Retirement Board	-43.9%

Included in this budget is a proposed appropriation for the Boston School Department of \$374 million.

With this addition of \$4.5 million in state Equal Education Opportunity Grant money and federal impact funds, the school system will have \$378.5 million in direct operating funds available to it for FY92. When available grant funds are used, total school spending for the next fiscal year will exceed \$432.5 million or an average of \$7,600 per student. In the City's capital budget, I have allocated an additional \$165 million for school building improvements. While the proposed budget for FY92 represents a slight decrease in funding for the School Department, the decline is just 1/10 of 1 percent compared to FY90 expenditures. If additional local aid funds become available I will recommend and increase in the proposed budget for the School Department based upon a fair, proportioned distribution of those dollars to the school system and other priority City services. It is imperative, however, that the School Committee commit itself to a fiscally responsible spending plan for FY92, and not continue their past practice of knowingly overspending their appropriation.

This budget is premised, though, on the fact that the Commonwealth will cut local aid to the City of Boston for the third year in a row. The proposed cut for FY92 is particularly harmful in that it disproportionately penalizes the City of Boston. Of the announced local aid cut of \$110 million, Boston's share of the cut was \$28 million or fully one quarter of the cuts proposed for all cities and towns, although Boston represents just 10% of the state's population. As Boston and most other cities and towns are fiscally dependent upon the local aid revenue sharing program, we are left with but one option — the reduction of department budgets and the gradual disassembling of critical services. The state's disinvestment in its Capital City is more puzzling in the sense that it is not in the Commonwealth's financial interest to harm the City that has served as the state's principal tax revenue resource. According to the Boston Redevelopment Authority, 23% of goods and services produced in the Commonwealth are due to economic activity within the City of Boston.

The proposed budget, though, does present the opportunity for organizational improvement and the saving of dollars. Some of the more significant changes are:

- Consolidating Long Island Hospital with Mattapan Hospital, a move which will improve patient care;
- Consolidating the Environment Department with the Parks Department, a change which will enhance the City's ability to place additional resources into its environmental programs;
- Consolidating the City's Cable Communications Office with the City's Management Information Systems Office, a change which will place all communication technology within one agency;
- A proposal to consolidate the City's two licensing boards, ending an anachronism which need not exist today; and,
- Terminating funding for the City Listing Board, an obsolete state mandate which, if the Commonwealth finds useful, it can fund.

Overall, the abolishment and consolidation of various City agencies will save over \$1 million for FY92.

Also, of particular importance in terms of the City environment and with a view toward long term savings, the budget funds the first Citywide recycling

effort. Through FY91, the Department of Public Works had successfully managed several pilot recycling efforts. Based upon the lessons learned from these smaller programs, the city will begin a major recycling effort aimed at collecting and recycling of newspaper. While some concerns over the short term viability of the programs exist, and while it is hoped that the Commonwealth will do its part in helping to create sustainable markets for recycled newspapers, the City will begin its program in the belief that it is a smart environmental approach for the remainder of this century and the next, and will ultimately save the taxpayers money.

FY92 will be a year of challenge, but it can also be a year of opportunity. While it is patently unfair and terrible public policy to continue to cut local aid, we will not complain about our fate. While we will fight to keep the Commonwealth to its commitment to return our tax dollars back to local government, we are prepared — indeed, we are determined — to maintain a credible and balanced budget. Faith in government is based on a belief that those of us elected to serve the people are accountable and committed to spending tax dollars wisely and well. In this, my eighth budget since first being elected Mayor, I keep that pledge to the people of the City of Boston.

I respectfully submit this budget to the City Council, and look forward to discussing it with you.

Sincerely,

Raymond L. Flynn,
Mayor of Boston.

COMMITTEE ON PUBLIC SAFETY TO HOLD HEARING RE MAYOR ENGAGING SERVICES OF COMPETENT ORGANIZATION TO SYSTEMATICALLY AND THOROUGHLY REVIEW CERTAIN ALLEGATIONS ABOUT POLICE DEPARTMENT, CONDUCT PROGRAM AUDIT AND MAKE REPORT WITHIN 90 DAYS (DOCKET NO. 0595)

Coun. SCONDRAS offered the following:

Whereas, A series of *Boston Globe* articles stemming from a survey of 736 murder, robbery and armed robbery cases in Suffolk Superior Court reveals persistent problems with routine, detailed work that builds strong cases that stand up in court; and

Whereas, This series of articles raises questions about the efficiency of the Police Department, showing that, according to FBI statistics, Boston Police rank 28th out of 30 big city police forces in solving murders, 26th out of 30 large cities in solving major crimes, although Boston ranks sixth in terms of police per thousand people, and that even when murder arrests that Boston police say they did not report to the FBI are added to the analysis Boston rises to only a 56% rate for arrests in murder cases while the national average for large cities is nearly 70%; and

Whereas, This series has left in the minds of many serious doubts as to the effectiveness of our police department; and

Whereas, The press reports of the Mayor's decision to submit the *Globe* story to competent review is welcome but if limited to review of *Globe* stories vs. Police Department response would be inadequate to allay the concerns of many; and

Whereas, CBS local news investigated default warrants showing that, according to Bob Griffin, who was then the Assistant DA in Roxbury District Court, 25% of defendants have defaulted before; and

Whereas, Multiple defaults do not trigger special action by the Police; and

Whereas, 30% to 40% of the inmates of Charles Street Jail have default warrant records; and

Whereas, There are some 40,000 outstanding warrants in Boston; and

Whereas, There are some 30,000 no-show defendants on the loose according to the CBS report; and

Whereas, There are some 3,000 new warrants issued each month of which only half are actually served; and

Whereas, There is conflicting testimony about the pursuit of these defendants by the police; and

Whereas, In August of 1990 FINCOM released a study of police department staffing and deployment that raises serious questions about efficiency in the Police Department, in particular personnel management which, according to FINCOM, has failed to

maintain a comprehensive personnel system accurately identifying the assignment of every sworn police officer, failed to deal with the number of medically incapacitated officers, which averages more than 100, failed to maintain an attendance program, and assigned too many officers to work that can be performed by civilians; and

Whereas, A variety of organizations have come up to question the efficacy of the Department and even questioned the Department itself relative to the management of complaints about police behavior; and

Whereas, A survey taken among 114 people who reported hate motivated violence shows that 24% rated the police response as fair and 37% rated police performance as poor, an unacceptable finding; and

Whereas, The inability of Internal Affairs to successfully cope with complaints about police behavior has been recently documented in some detail; and

Whereas, These reports, articles, and investigations all reduce public confidence in the police department; and

Whereas, It is in the best interests of both the Police Department and the people of the city to have a fair and honest review of the Department on a programmatic level; Now Therefore Be It

Ordered, That the Committee on Public Safety hold a hearing on the following Orders requesting the attendance of those individuals and organizations who may be best able to advise the Council on the usefulness of a full and detailed program and management audit of the Boston Police Department, and, more specifically, Be It Further

Ordered, That the Mayor engage the services of a competent organization such as the Northeastern College of Criminal Justice or other such organization to undertake a systematic and thorough review of the allegations made about the Boston Police Department and to conduct a program audit of the Department and to make its findings public within 90 days to the City Council and Mayor; and Be It Further

Ordered, That the program audit be designed to answer at a minimum the following questions:

a. Are the allegations and concerns expressed by the *Boston Globe*, Channel 7, the FINCOM report, the Superior Officers Association, the NAACP, various community organizations accurate, and if so, are there improvements being undertaken of a substantive nature?

b. Are other cities such as Baltimore, Milwaukee, Cincinnati and Seattle undertaking police work differently, and if so, in what way and should we adopt those methods?

c. Are there any equipment, training or techniques requiring specialized laboratory work etc. which the department is lacking?

d. Are there any changes with regard to deployment, the use of details, the domain of police work and the breakout between enforcement entrusted to police vs. other enforcement activities which would be more cost effective than the present mode of operation?

e. Are there any legal constraints of any kind which inhibit the department from being able to become more efficient; if so what are they and what would be required to alter them?

f. Are there adequate, efficient and utilized information sharing between police and other city, state departments to maximize information for investigations?

g. Are there any issues regarding morale, attitude and/or prejudice which affects the effectiveness of the department or the morale of the department, and if

so how might they be addressed effectively?

Referred to the Committee on Public Safety.

COMMITTEE ON COMMERCE AND TRANSPORTATION TO HOLD HEARING RE CONCERNS ABOUT CENTRAL ARTERY/THIRD HARBOR TUNNEL PROJECT (DOCKET NO. 0596)

Couns. SCONDRAS and SALERNO offered the following:

Whereas, The Central Artery/Third Harbor Tunnel project and associated transportation changes will set the direction for transportation, land use, and environmental policies for the metropolitan Boston area well into the next century; and

Whereas, Needed public transportation improvements may be difficult to fund, and if they are not funded, may result in legal action which seriously delays the project; and

Whereas, The project's impact on public transportation, the remainder of the highway network, the secondary roadways in the metropolitan area, and Boston's street infrastructure should be analyzed; and

Whereas, The potential for increase in automobile traffic resulting from improvements to Logan Airport and the Central Artery/Third Harbor Tunnel project should be analyzed; and

Whereas, As currently designed, the project may foreclose the possibility of constructing a vital rail link between North and South Station, and thus prevent completion of a rail system running from Maine to Washington, D.C.; and

Whereas, The project will have a significant impact on land value and land uses; and

Whereas, The project will have a significant impact on Boston's homeowners, tenants, and small businesses; and

Whereas, The project will have a wide variety of environmental impacts, including air quality, noise levels, water table, endangered species, and parklands; and

Whereas, Estimates show a shortfall \$6.2 billion in funding for Central Artery depression related costs such as environmental impact mitigation and construction of connector roads, interchanges, and long span bridges; and

Whereas, The project's cost and the debt incurred will be a significant factor in any plans the Commonwealth may entertain for future roadway or transit improvements even if optimistic projections of funding are realized; and

Whereas, Alternative uses for monies set aside may be more reasonable and useful in terms of transportation and more in the public interest; and

Whereas, It has been alleged that monies have been withheld and allowed to accumulate in order to provide enough capital for the depression of the artery thereby depriving the city and state of jobs and of infrastructural improvements badly needed to the road and bridge system; and

Whereas, There is a need for serious public scrutiny of the project in adequate detail to determine the extent to which the project serves the people of the city and state; Now Therefore Be It

Ordered, The Committee on Transportation hold a public hearing to hear the concerns about the project and investigate the allegations regarding this project and issue a report detailing those concerns and findings to the City Council and the public as soon as it is feasible.

Referred to the Committee on Commerce and Transportation.

ORDER THAT TRANSPORTATION DEPARTMENT PLACE TRAFFIC LIGHT AT CERTAIN INTERSECTION IN JAMAICA PLAIN (DOCKET NO. 0597)

Coun. HENNIGAN CASEY offered the following:

Whereas, The intersection of Cornwall Street and Brookside Avenue in Jamaica Plain has been the site of many accidents over the years, many of which were very serious in nature; and

Whereas, A Stop Sign is in place on Cornwall Street but this signage is not adequate to insure safety at the intersection nor does it curb the speeding of cars traveling on Brookside Avenue; and

Whereas, Our Lady of Lourdes Grammar School is located one block from this intersection and many of its students must travel in this area to go to school and to return home; and

Whereas, Flaherty (Cornwall) Playground is located at this intersection and is a play area that is used quite heavily, not only by residents of the Brookside neighborhood but the N.I.C.E. Daycare; Now Therefore Be It

Ordered, That the Transportation Department place a traffic light at the intersection of Cornwall Street and Brookside Avenue in Jamaica Plain to assist in alleviating traffic accidents and speeding at this intersection.

Passed under suspension of the rules.

LATE FILED MATTERS

The Chair moved that the rules be suspended and that two late filed matters in the hands of the City Clerk be added to the Agenda.

The motion was carried.

The two matters were added to the Agenda to be individually considered.

COMMITTEE ON PUBLIC SAFETY TO HOLD HEARING RE IMPLEMENTATION OF SECTOR INTEGRITY AS DESIGNATED BY POLICE DEPARTMENT IN 1989 (DOCKET NO.)

Couns. SALERNO offered the following:

Whereas, The City Council's Committee on Public Safety held a public hearing, in May, 1989, regarding an ordinance calling for implementation of sector integrity by the Boston Police Department in sectors of the City where there was a high rate of violent and drug-related crime; by the Boston Police Department; and

Whereas, A series of meetings were held at police stations in Areas B, B3, and C, attended by concerned citizens who voiced their support for sector integrity; and

Whereas, Community leaders and agency directors spoke in favor of the implementation of sector integrity in heavily impacted crime areas; and

Whereas, After numerous meetings with representatives of the Boston Police Department an agreement was reached, announced on June 13, 1989, with the Boston Police Department to implement sector integrity in sectors including, but not limited to, Roxbury, North Dorchester, Mattapan, South Dorchester, and Hyde Square; and

Whereas, Recent proposals by the Administration called for the implementation of community police,

an approach similar to sector integrity, throughout the City of Boston; and

Whereas, Sector integrity is viewed by many law enforcement officials as an important tool in addressing the issues of illegal drug-use and violent crime and in involving the community in this effort; and

Whereas, The City of Boston is continuing to face rising levels of violent crime, as exemplified by the recent deaths of 11-year-old Charles Copney and 15-year-old Korey Grant; therefore be it

Ordered, That the Committee on Public Safety hold a public hearing on the implementation of sector integrity in sectors designated by the Boston Police in 1989 and on the implementation of the community police program throughout the City.

Referred to the Committee on Public Safety.

COMMITTEE ON PUBLIC SAFETY TO HOLD HEARINGS TO EXAMINE POLICIES AND PROCEDURES AT SUFFOLK COUNTY HOUSE OF CORRECTION (DOCKET NO.)

Coun. McCORMACK offered the following:

Whereas, The recent death of an inmate at the Suffolk County House of Correction has raised serious questions about procedures employed at the facility in the areas of medical care and medications, the use of force, emergency response and investigative response; therefore be it

Ordered, That the Boston City Council's Committee on Public Safety conduct public hearings to examine the policies and procedures employed at the Suffolk County House of Correction, specifically those policies and procedures used in response to agitated inmates who need to be subdued and governing the use of force in those circumstances, and be it further

Ordered, That the Committee on Public Safety also examine the policies of Deer Island personnel concerning the administration of medications, medical care and emergency treatment to inmates and the Penal Department's procedures for investigating allegations of abuse by guards and other personnel.

Referred to the Committee on Public Safety.

CITY OFFERS 10 EASY STEPS TO A WARM, COST-EFFICIENT WINTER

Winter's cold has arrived, and it promises to get even colder before next spring. But the City of Boston has a few tips to keep warm — while saving energy — this winter season.

"As the days grow colder and money grows tighter, residents need to do all they can to cut their heating costs," said Mayor Raymond L. Flynn. "By following any or all of these tips, residents can stay comfortably warm all winter long without wasting money or energy."

"Hardworking families and senior citizens should never have to go without heat, and the City of Boston is doing all it can to help residents," said John Riordan, Director of the Mayor's Office of Neighborhood Services.

Russ Lopez, the city's energy specialist who works in Neighborhood Services, offers the following tips:

Open window shades during the day and shut them at night. Open shades let sunshine heat your house, while closed shades at night will keep heat in.

Caulk around windows. This is the most cost-effective energy conservation possible. For a few dollars of caulking, residents will see a significant savings in energy use. Caulking will reduce drafts, too.

Close off and turn down the heat in rooms when not in use.

Tell your landlord if you don't have enough heat or if your apartment is overheated. Rather than opening a window to cool things off or sitting in the cold, it sometimes works to simply tell your landlord the heat needs adjusting. They might not know.

One bright light is better than two dims ones. Higher watt lights are more energy efficient. Turn off the lights when you leave the room. It does *not* use more electricity to switch on lights than to keep them burning.

- Use energy efficient compact fluorescent lights. They use only 25 percent of the electricity of regular incandescent bulbs.

- Clean the coils behind your refrigerator. Dust reduces the efficiency of the condenser and makes the refrigerator work harder.

- If you are using glass bakeware, lower your oven temperature by 25 degrees.

- Use a humidifier. Moist air feels warmer than dry air.

- If possible, use programmable thermostats. They can turn on the heat right before you get up in the morning, turn it off as you leave for work and have your house warm for you at return. All without you having to remember to reset it.

Energy efficiency and making sure no one goes cold each winter are high priorities in Mayor Flynn's administration. Last winter, the Office of Neighborhood Services' 24-Hour Emergency Hotline received 1,314 "no heat" calls from residents. Of these, 1,019 resulted in immediate resolutions, with 200 citations being issued and an additional 95 calls resulting in direct contacts with utility companies on behalf of constituents.

In October, thousands of energy-efficient porchlights were distributed across the city in an effort to light up the neighborhoods for safety while cutting down on energy costs. The City of Boston itself is refitting

city-owned property with energy-efficient materials in an effort to save millions of dollars in utility costs. An ambitious program to bring energy-efficiency to thousands of homes and businesses is about to enter its second cycle.

For more information on energy efficiency efforts, call Russ Lopez at 725-3485. For reports of no heat, call the 24-Hour Hotline at 725-4500.

BOSTON HARBOR PROJECT PLANNERS CONSULT ON CLEANUP OF GANGES RIVER

A team of experts on wastewater pollution and the Boston Harbor cleanup, led by MWRA Executive Director Paul F. Levy, will travel to Varanasi, India, in January to participate in a conference on pollution of the Ganges River. The Ganges, which flows 1,557 miles from the Himalaya Mountains to the Bay of Bengal, has a significant role in Indian economic and religious life.

"The Ganges is an enormously important river that has been ravaged by pollution," Levy said. "We hope to share information we acquired during the Boston Harbor Project's early design and construction phases with the Indian government as it plans a permanent pollution control system for the Ganges River."

Levy will be joined on the trip by Larry Williamson, a Senior Design Manager with the Massachusetts Water Resources Authority; Donald R. F. Harleman, Ford Professor of Engineering at the Massachusetts Institute of Technology; Dominique N. Brocard, an Associate and hydraulics ex-

pert with Metcalf & Eddy, Inc.; and Birger Schmidt, a geotechnical expert and Vice President of Parsons Brinckerhoff Quade and Douglas, Inc.

Levy and the other Boston Harbor Project experts were invited to participate in the seminar by The Friends of the Ganges, an organization located in San Francisco. Their traveling expenses are being paid by the United States Agency for International Development, a sponsor of the conference. While in India, they will be guests of the Indian government and the Sankat Mochan Foundation, which supports the pollution control effort. No MWRA funds will be spent on the trip.

"The Ganges River plays an essential role in the religious and cultural life of India," said Levy. "The members of our team will describe our efforts in planning complex pollution control abatement programs. Each of us will discuss aspects of the Boston Harbor Project that relate to potential design or construction problems likely to be encountered in India."

Varanasi and other cities that discharge into the Ganges have antiquated sewer systems. Frequent power outages affect pumping capacity. Varanasi, an Indian holy city, will be used as a case study in the conference, which will examine current strategies for pollution control and compare them to other possible solutions offered by international experts.

Levy describe major capital improvement projects being undertaken by the Authority to fulfill its mission of providing drinking water and sewer treatment for the metropolitan Boston area. Williamson will describe the management and development of the Boston Harbor Project. Professor Harleman will review available wastewater management and treatment technologies. Brocard will address hydraulic engineering, in particular the issue of gravity flow versus pumping options as it might apply to the Ganges River project.

Schmidt will present information on underground construction, including tunneling and pipelines.

The Boston Harbor Project team will be in India from January 14 to January 17.

CITY CLERK

The City Clerk's office is now offering for sale the *City of Boston Code, Volume I Ordinances*, with supplements through 1990, at one hundred twenty-five dollars (\$125.00) per copy.

- Each page has been numbered, and the numeration corresponds with the chapter designation. For example, Chapter V starts on page 501 and allows for 100 pages to be used in that chapter.
- Each chapter starts on a new page, on the right side of the Code to allow for supplementation and growth of the prior chapter.

Additional supplements will be provided at a reasonable price on an annual basis.

The updated Code should prove to be a valuable aid to attorneys practicing in Boston. Copies may be obtained at this office, Boston City Hall, Room 601, with a payment by check, payable to the City of Boston, in the amount of one hundred twenty-five dollars.

Sincerely,
PATRICK F. McDONOUGH,

ROXBURY AGAINST DRUGS GEARS UP FOR 1992

Roxbury Against Drugs (RAD) is in the final stages of analyzing the community's need for specific drug prevention and awareness programs and expects to enter 1992 up and running.

"We're on the go and ready to start the new year off with a fresh perspective on the community's feelings about substance abuse," said Paul Lewis, Boston Against Drugs' liaison to Roxbury and RAD.

RAD is in the final stages of compiling its "needs assessments," a questionnaire that went out to hundreds of Roxbury homes earlier this year in an effort to gauge the community's view on substance abuse. By December 27, a review of the questionnaires will be completed, allowing the RAD TEAM members to begin formulating a work plan to combat drugs in Roxbury.

"The whole purpose of Boston Against Drugs and its work with groups like Roxbury Against Drugs is to empower the community," said Boston Against Drugs Executive Director Howard Hughes. "By finding out what the community wants, we can tailor educational and prevention programs specifically for Roxbury."

RAD and Boston Against Drugs employs the TEAM method of operation — TEAM stands for "Through Empowerment And Mobilization" — to combat the demand for drugs. Through funding by the federal Office of Substance Abuse Prevention, RAD and Boston Against Drugs will use the results of the questionnaire to set up these programs.

With RAD's TEAM members in place, work on an action plan is expected to begin early next year.

RAD is made up of Roxbury residents, Roxbury service agency personnel and representatives from the business community, all working with Boston Against Drugs, which is housed in Mayor Raymond L. Flynn's Office of Neighborhood Services.

RAD TEAM members have elected officers and are working with their business partners, Digital Equipment

Corporation and Fleet Bank of New England, to move ahead in their efforts. Business representatives from Digital are Stephanie MonDesire and Bernadette Rucker. Fleet Bank's business representative is Mellissa MacDonnell.

While RAD has already attracted almost 25 members of the Roxbury community, additional members are welcome. RAD TEAM members include Vaughn Simkins of the Violence Prevention Project, Dannette Jones of the Madison Park Development Corporation, Lori Ethier of the Madison Park Community Center, Richard Ward of the Roxbury Boys and Girls Club, Rodney Dailey and Keith Meredith of Gang Peace, Teresa Soares and Eileen Kenner of the Dearborn Middle School, and Nathaniel Askie of F.I.R.S.T. Inc.

Also on the TEAM are Adalberto Teixeira of the Mayor's Office of Neighborhood Services, Alfreda Harris and Sheri Cope of the Shelburne Recreational Center, Kim Gaddy of the Boston Police Department Area B2, Ulrick Johnson of the Gang and Drug Prevention Program, Dave Squires of Project Direction, Peggy Kennedy of the Marksdale Garden Association, and Yvonne King of the Dimock Community Health Center.

RAD TEAM also includes Nedra Williams of the Roxbury Comprehensive Community Health Center, Francis Francis NKrumah of the Roxbury YMCA, Craig McMullen of the Twelfth Baptist Church, Alvin Robinson of the Elliot Church, Luis Velez of Roxbury Youth Works, Renaldo Martinez of La Alianza Hispana, Hillary Tyler of the Urban League, and Yvette Thomas of the Big Brother Association of Boston.

"I'm very pleased at the progress being made by the Roxbury Against Drugs TEAM," said Hughes. "Together, we can go a long way in stamping out the hopelessness that leads to substance abuse."

For information on joining Roxbury Against Drugs and how you can help, please contact Paul Lewis at 725-3283. The next meeting of RAD is planned

for January 7, 1992, at 5:30 p.m. at Digital Equipment Corporation, 20 Hampden Street, Roxbury. All are welcome.

**CITY OF BOSTON
OFFICE OF THE MAYOR
CITY HALL**

Raymond L. Flynn announced today that bids were received December 5, 1991, for REPAIRS TO DECKING OF THE ALFORD STREET BRIDGE at an estimated cost of \$366,000.00.
CHARLESTOWN

Repairs to Surface Decking of the Alford Street Bridge over the Mystic River.

This project is part of Mayor Flynn's five-year capital improvement plan, "Rebuilding Boston" a \$986 million investment plan for the City of Boston. This plan, prepared by the Office of Capital Planning, represents the Mayor's commitment to rebuilding, upgrading and renovating schools and public libraries, parks and open spaces, police and fire stations, roadways and sidewalks, and public safety equipment.

**ALCOHOL IMPAIRED
DRIVING FACT SHEET**

The numbers tell the story. Drinking is a factor in approximately half of all fatal motor vehicle crashes. Even blood alcohol concentrations (BAC) of .05 — well below the .10 legal standard for intoxication in most states — affect driver response times, vision and judgment.

The Severity of the Problem

- The odds indicate about 2 in every 5 Americans will be involved in an alcohol-related crash at some time in their lives.
- From 1982 through 1990, over 210,000 people died in alcohol-related traffic crashes. That is an average of one alcohol-related fatality every 22 minutes.
- One out of every 3 people killed in alcohol-related crashes is not the

drinking driver or pedestrian. These people are the victims of a drinking driver.

- For every age between 5 and 32, traffic crashes are the greatest single cause of death. More than half of these fatalities are alcohol related.
- Drinking is a factor in 17 percent of serious injury crashes and in 4 percent of all property damage crashes.

**Drinking and Driving Statistics
From a Single Year — 1990**

- Almost 50 percent of the year's 44,529 traffic fatalities died in alcohol-related crashes.
- Thirty-eight percent of all the drivers who were fatally injured in 1990 were driving while intoxicated.
- In 1990, drinking was a factor in approximately 19,660 fatal crashes, 228,000 injury crashes, and 220,000 property damage crashes.
- In 1991, from January through October, there were 2,354 drunk driving arrests made in Boston's neighborhoods.

**XEROX HOLDS FOURTEENTH
ANNUAL DINNER**

On Saturday, November 11, 1991, Xerox Corporation with the assistance of the Xerox Community Involvement Program sponsored its Fourteenth Annual Seniors Dinner Dance at Out Lady of Cedars of Lebanon Hall in Jamaica Plain.

The Commission on Affairs of The Elderly assisted in the staffing of the event helping to serve over 400 Seniors from all Boston's neighborhoods. A wonderful meal was prepared by Josephs Caterers and Montilio's Bakery supplied a beautiful cake.

Ms. Karen Adams from Xerox, coordinated the event said, "the staff of Xerox in the Greater Boston area enjoys the satisfaction of helping people at this event." Many of the staff had their young children in attendance making for a real sense of "Family".

SHAKESPEARE'S FOLIOS IN RARE BOOKS EXHIBIT AT BPL

*Exhibit Marks 375th
Anniversary of Shakespeare's Death*

Shakespeare's First Folio, one of the most valuable and important books in the English language, will be on display in the Rare Books and Manuscripts Department of the Boston Public Library in Copley Square through the month of January.

The exhibit, "Shakespeare: Splendid Editions," commemorates the 375th anniversary of the death of William Shakespeare in 1616 and is mounted from the Boston Public Library's Thomas Pennant Barton Collection.

The First Folio of Shakespeare (1623) was not only the first folio volume published in England devoted exclusively to plays, but more importantly, it was the first collected edition of Shakespeare's complete works. It is one of the most valuable and important books in the English language — second only to the "Bay Psalm Book" (the first book printed in the English Colonies) and in literary importance is second only to the King James version of the Bible.

The Barton collection, which is one of the cornerstones of the Rare Books and Manuscripts Department, was acquired by the library at a cost of \$34,000 in 1873 from the widow of Thomas Barton, the earliest American collector of Shakespeareana. With more than 16,000 volumes, the Barton Library boasts four Folios as well as 45 early quarto editions of Shakespeare's works — all of which predate 1700. Also in the Library is the original sub-

Commissioner Diane Watson of the Boston Elderly Commission said "It is a wonderful event that is solely sponsored by Xerox financially and in these hard economic times their continued support to Boston's Seniors is a booster to our effort to provide social and recreational opportunities which decrease isolation and loneliness of our Seniors.

The guests enjoyed music by Johnny Rampino filling the dance

floor with polkas, line dancing, chachas, waltzes and other fancy foot work.

In total, there were fifty-five staff from Xerox and the City of Boston serving the Seniors from across the City.

Mr. Jim McCarthy, former Assistant Commissioner of the Boston Elderly Commission, honored all those in attendance with a song or two.

scription list to the Boydell Shakespeare which includes the signatures of George III and Queen Charlotte, manuscripts in the hand of David Garrick (famed 18th century British actor), and an early version of the music to Macbeth, attributed to Richard Leveridge (18th century singer, composer, and song writer).

In addition to some fine facsimile editions of the famous First Folio, Barton gathered together the rare, the unusual, and the beautiful collections/editions of the great Bard, some of which are included in this exhibition. They include:

- The first American edition (8 volumes) of the Works of Shakespeare — 1785-1786, published in Philadelphia by Bioren & Madan and represented in a fine red morocco, gilt-decorated binding by turn of the century Philadelphia bookbinder Thomas Condie.
- A unique edition (1826) edited by Sir Walter Scott (volumes 2 through 4) which began publication in Edinburgh in 1825 in collaboration with printer A. Constable, but not completed when Scott and Constable went bankrupt. The only surviving copies of the completed volumes are in the Barton Collection.

Illustrated editions by Rockwell Kent, Edmund Dulac, Arthur Rackham, Salvador Dali, and Walter Crane have since been added to the collection and are included in the exhibit, which runs through the month of January in the Rare Books and Manuscripts Department on the third floor of the Research Library. It is free and open to the public Monday through Friday from 9:00 a.m. to 5:00 p.m.

VIII. HIGH COMMENDATION

On November 11, 1991, Incident No. 38516 at 301 Huntington Avenue, box 16-1566 was transmitted for several fires within Symphony Hall. Upon arrival, Ladder Company 15 was informed by security that they believed the suspected arsonist was still in the building.

During a search of the building Fire Fighter Neil J. Martin of Ladder Company 15 saw a suspicious person in the auditorium stage area. While in pursuit the suspect attacked him with a flag pole swinging it wildly. Fire Fighter Martin, while ducking, dodging and trying to defend himself, overcame the suspect, disarmed him of his weapon, wrestled him to the floor and held him down until Boston Police placed him under arrest. Five fires were subsequently extinguished.

Because he performed this act at great personal risk, without regard for his own safety, reflecting credit upon himself and the Boston Fire Department, the Fire Commissioner is pleased to highly commend Fire Fighter Neil J. Martin of Ladder Company 15 and refers his case to the Board of Merit for further consideration.

IX. COMMENDATION

The Fire Commissioner is pleased to commend Fire Fighter David Crespo, Engine Company 14, for assisting Engine Company 22 in hooking up and stretching lines at Box 1671 for a building fire at 72 W. Newton Street on November 12, 1991, while off duty, and makes this commendation a part of his personnel folder.

Dear Mr. Mayor:

CITY OF BOSTON

Proceedings of City Council

Wednesday, April 24, 1991.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 1 p.m., President IANNELLA in the chair, and all the members present.

INVOCATION

The Reverend William Francis, St. Paul's Church, Dorchester, delivered the invocation, and the meeting was opened with the pledge of allegiance to the flag.

ANNUAL APPROPRIATION AND TAX ORDERS
FOR FY92 (DOCKET NO. 0572)

The following was received:

City of Boston
Office of the Mayor

April 10, 1991.

To the City Council.

Dear Councillors:

I transmit herewith my proposed Fiscal Year 1992 operating budget for the City of Boston and the County of Suffolk. This budget is noteworthy in the following respects:

- The proposed budget marks the seventh consecutive year in a row of a balanced City budget;
- The proposed budget reflects the first decrease in City spending since the Proposition 2-1/2 impacted budgets of the early 1980s;
- The proposed budget protects essential neighborhood services as much as possible and gives high priority to public safety, education, youth, critical health care, and emergency shelter expenditures; and,
- The proposed budget, while harmful to City services, capitalizes on the opportunity to make appropriate organizational changes and to institute improvements in services.

The decrease in City spending is a direct reflection of misplaced state and federal priorities. It is also, unfortunately, an aspect of the weak Massachusetts economy which is not only harming families and communities but governmental budgets as well. Of particular note, however, is the escalating abandonment by the Commonwealth of Massachusetts of its cities and towns as expressed in the form of an active and adequately funded local aid program. The partnership of the state with its 351 cities and towns is clearly at an end, as the state continues to off-load the effects of its fiscal mismanagement onto the backs of cities and towns. In sum, the retreat of state government in support of cities and towns, along with the impact of the recession, lowers projected City spending by 2.5% when compared to the current year appropriation.

Since my first budget submission in FY85, Boston has managed its financial affairs in a responsible manner. Indeed, since FY89 my budget proposals have reflected a determination to insure that City spending matched available resources. For most City departments the proposed budget will be the third year in a row of budget cuts. In terms of both dollars and staffing the City is living within its means. From FY85 until FY92 City budget increases have averaged 4.3% per year, less than the rate of inflation over the same period. In constant dollars, the proposed spending plan for FY92 is less than actual spending in FY85. Staffing for all City departments (other than the School Department) is less than it was when I took office. Indeed, a recent Special Report issued by the Boston Municipal Research Bureau noted:

"For the second consecutive year, the City of Boston reduced its total work force, reflecting the City's limited revenue growth, primarily due to cuts in state aid . . . The total number of city and county positions, excluding schools, on the payroll as of January 1, 1991 was 34 less than when Mayor Flynn began office." *BMRB Special Report*, March 21, 1991, p. 1.

Our commitment to sound finance has also been the reason for five bond rating increases for the City of Boston over the past seven years. These fiscal achievements are matched by the improvements in City services over the same period. Fiscal stability and credibility are the cornerstones to sustained improvements in programs and services.

Times, however, have gotten a lot tougher.

In order to keep my commitment to a balanced City budget, difficult — and in a number of cases painful — cuts must be made. Overall, the proposed FY92 budget reduces current departmental appropriations by \$59 million. In terms of departments providing direct City services the average cut will be 5.0%; for administrative support departments the average reduction will be 21.7%. Only one City service department, the Emergency Shelter Commission, is slated for a budget increase for FY92. All other City agencies will be cut, most for the third year in a row. Should the Governor and the State Legislature restore the cuts in local aid, however, our first priority will be to work toward restoring the budgets of those departments providing direct City services.

Some specific examples of budget reductions are as follows:

- Departments Providing City Services

Police Department	-1.7%
Fire Department	-3.0%
School Department	-3.9%
Library Department	-9.2%
Public Works Department	-11.4%
Inspectional Services Dept.	-19.8%
Parks Department	-19.9%
Office of Business & Cultural Development	-31.4%
- Departments Providing Administrative Support

Treasury Division	-12.6%
Assessing Department	-15.3%
Purchasing Division/ASD	-19.7%
Law Department	-24.1%
Office of Budget & Program Evaluation/ASD	-24.3%
Printing Department/ASD	-28.6%
Mayor's Policy Office	-31.8%
Retirement Board	-43.9%

Included in this budget is a proposed appropriation for the Boston School Department of \$374 million.

With this addition of \$4.5 million in state Equal Education Opportunity Grant money and federal impact funds, the school system will have \$378.5 million in direct operating funds available to it for FY92. When available grant funds are used, total school spending for the next fiscal year will exceed \$432.5 million or an average of \$7,600 per student. In the City's capital budget, I have allocated an additional \$165 million for school building improvements. While the proposed budget for FY92 represents a slight decrease in funding for the School Department, the decline is just 1/10 of 1 percent compared to FY90 expenditures. If additional local aid funds become available I will recommend and increase in the proposed budget for the School Department based upon a fair, proportioned distribution of those dollars to the school system and other priority City services. It is imperative, however, that the School Committee commit itself to a fiscally responsible spending plan for FY92, and not continue their past practice of knowingly overspending their appropriation.

This budget is premised, though, on the fact that the Commonwealth will cut local aid to the City of Boston for the third year in a row. The proposed cut for FY92 is particularly harmful in that it disproportionately penalizes the City of Boston. Of the announced local aid cut of \$110 million, Boston's share of the cut was \$28 million or fully one quarter of the cuts proposed for all cities and towns, although Boston represents just 10% of the state's population. As Boston and most other cities and towns are fiscally dependent upon the local aid revenue sharing program, we are left with but one option — the reduction of department budgets and the gradual disassembling of critical services. The state's disinvestment in its Capital City is more puzzling in the sense that it is not in the Commonwealth's financial interest to harm the City that has served as the state's principal tax revenue resource. According to the Boston Redevelopment Authority, 23% of goods and services produced in the Commonwealth are due to economic activity within the City of Boston.

The proposed budget, though, does present the opportunity for organizational improvement and the saving of dollars. Some of the more significant changes are:

- Consolidating Long Island Hospital with Mattapan Hospital, a move which will improve patient care;
- Consolidating the Environment Department with the Parks Department, a change which will enhance the City's ability to place additional resources into its environmental programs;
- Consolidating the City's Cable Communications Office with the City's Management Information Systems Office, a change which will place all communication technology within one agency;
- A proposal to consolidate the City's two licensing boards, ending an anachronism which need not exist today; and,
- Terminating funding for the City Listing Board, an obsolete state mandate which, if the Commonwealth finds useful, it can fund.

Overall, the abolishment and consolidation of various City agencies will save over \$1 million for FY92.

Also, of particular importance in terms of the City environment and with a view toward long term savings, the budget funds the first Citywide recycling

effort. Through FY91, the Department of Public Works had successfully managed several pilot recycling efforts. Based upon the lessons learned from these smaller programs, the city will begin a major recycling effort aimed at collecting and recycling of newspaper. While some concerns over the short term viability of the programs exist, and while it is hoped that the Commonwealth will do its part in helping to create sustainable markets for recycled newspapers, the City will begin its program in the belief that it is a smart environmental approach for the remainder of this century and the next, and will ultimately save the taxpayers money.

FY92 will be a year of challenge, but it can also be a year of opportunity. While it is patently unfair and terrible public policy to continue to cut local aid, we will not complain about our fate. While we will fight to keep the Commonwealth to its commitment to return our tax dollars back to local government, we are prepared — indeed, we are determined — to maintain a credible and balanced budget. Faith in government is based on a belief that those of us elected to serve the people are accountable and committed to spending tax dollars wisely and well. In this, my eighth budget since first being elected Mayor, I keep that pledge to the people of the City of Boston.

I respectfully submit this budget to the City Council, and look forward to discussing it with you.

Sincerely,

Raymond L. Flynn,
Mayor of Boston.

Whereas, The *Herald* articles reveal allegations that certain inspectors have been seen drinking alcohol during business hours and have completed falsified forms claiming to have been performing inspections when in fact they were not; and

Whereas, The *Herald* articles also speculate that certain inspectors have other full-time employment in addition to their city jobs; and

Whereas, It is important to examine these allegations closely and for the general public be allowed to offer any relevant information to this matter; therefore be it

Ordered, That the City Council's Committee on Post Audit and Oversight conduct a public hearing concerning the work performance of Inspectional Services Department workers; and be it further

Ordered, That the Inspectional Services Department's Commissioner, Executive Director and Housing Division head testify at said hearing.

COMMITTEE ON PUBLIC SAFETY TO HOLD HEARING RE MAYOR ENGAGING SERVICES OF COMPETENT ORGANIZATION TO SYSTEMATICALLY AND THOROUGHLY REVIEW CERTAIN ALLEGATIONS ABOUT POLICE DEPARTMENT. CONDUCT PROGRAM AUDIT AND MAKE REPORT WITHIN 90 DAYS (DOCKET NO. 0595)

Coun. SCONDRAS offered the following:

Whereas, A series of *Boston Globe* articles stemming from a survey of 736 murder, robbery and armed robbery cases in Suffolk Superior Court reveals persistent problems with routine, detailed work that builds strong cases that stand up in court; and

Whereas, This series of articles raises questions about the efficiency of the Police Department, showing that, according to FBI statistics, Boston Police rank 28th out of 30 big city police forces in solving murders, 26th out of 30 large cities in solving major crimes, although Boston ranks sixth in terms of police per thousand people, and that even when murder arrests that Boston police say they did not report to the FBI are added to the analysis Boston rises to only a 56% rate for arrests in murder cases while the national average for large cities is nearly 70%; and

Whereas, This series has left in the minds of many serious doubts as to the effectiveness of our police department; and

Whereas, The press reports of the Mayor's decision to submit the *Globe* story to competent review is welcome but if limited to review of *Globe* stories vs. Police Department response would be inadequate to allay the concerns of many; and

Whereas, CBS local news investigated default warrants showing that, according to Bob Griffin, who was then the Assistant DA in Roxbury District Court, 25% of defendants have defaulted before; and

Whereas, Multiple defaults do not trigger special action by the Police; and

Whereas, 30% to 40% of the inmates of Charles Street Jail have default warrant records; and

Whereas, There are some 40,000 outstanding warrants in Boston; and

Whereas, There are some 30,000 no-show defendants on the loose according to the CBS report; and

Whereas, There are some 3,000 new warrants issued each month of which only half are actually served; and

Whereas, There is conflicting testimony about the pursuit of these defendants by the police; and

Whereas, In August of 1990 FINCOM released a study of police department staffing and deployment that raises serious questions about efficiency in the Police Department, in particular personnel management which, according to FINCOM, has failed to

maintain a comprehensive personnel system accurately identifying the assignment of every sworn police officer, failed to deal with the number of medically incapacitated officers, which averages more than 100, failed to maintain an attendance program, and assigned too many officers to work that can be performed by civilians; and

Whereas, A variety of organizations have come up to question the efficacy of the Department and even questioned the Department itself relative to the management of complaints about police behavior; and

Whereas, A survey taken among 114 people who reported hate motivated violence shows that 24% rated the police response as fair and 37% rated police performance as poor, an unacceptable finding; and

Whereas, The inability of Internal Affairs to successfully cope with complaints about police behavior has been recently documented in some detail; and

Whereas, These reports, articles, and investigations all reduce public confidence in the police department; and

Whereas, It is in the best interests of both the Police Department and the people of the city to have a fair and honest review of the Department on a programmatic level; Now Therefore Be It

Ordered, That the Committee on Public Safety hold a hearing on the following Orders requesting the attendance of those individuals and organizations who may be best able to advise the Council on the usefulness of a full and detailed program and management audit of the Boston Police Department, and, more specifically, Be It Further

Ordered, That the Mayor engage the services of a competent organization such as the Northeastern College of Criminal Justice or other such organization to undertake a systematic and thorough review of the allegations made about the Boston Police Department and to conduct a program audit of the Department and to make its findings public within 90 days to the City Council and Mayor; and Be It Further

Ordered, That the program audit be designed to answer at a minimum the following questions:

a. Are the allegations and concerns expressed by the *Boston Globe*, Channel 7, the FINCOM report, the Superior Officers Association, the NAACP, various community organizations accurate, and if so, are there improvements being undertaken of a substantive nature?

b. Are other cities such as Baltimore, Milwaukee, Cincinnati and Seattle undertaking police work differently, and if so, in what way and should we adopt those methods?

c. Are there any equipment, training or techniques requiring specialized laboratory work etc. which the department is lacking?

d. Are there any changes with regard to deployment, the use of details, the domain of police work and the breakout between enforcement entrusted to police vs. other enforcement activities which would be more cost effective than the present mode of operation?

e. Are there any legal constraints of any kind which inhibit the department from being able to become more efficient; if so what are they and what would be required to alter them?

f. Are there adequate, efficient and utilized information sharing between police and other city, state departments to maximize information for investigations?

g. Are there any issues regarding morale, attitude and/or prejudice which affects the effectiveness of the department or the morale of the department, and if

so how might they be addressed effectively?

Referred to the Committee on Public Safety.

COMMITTEE ON COMMERCE AND TRANSPORTATION TO HOLD HEARING RE CONCERNS ABOUT CENTRAL ARTERY/THIRD HARBOR TUNNEL PROJECT (DOCKET NO. 0596)

Couns. SCONDRAS and SALERNO offered the following:

Whereas, The Central Artery/Third Harbor Tunnel project and associated transportation changes will set the direction for transportation, land use, and environmental policies for the metropolitan Boston area well into the next century; and

Whereas, Needed public transportation improvements may be difficult to fund, and if they are not funded, may result in legal action which seriously delays the project; and

Whereas, The project's impact on public transportation, the remainder of the highway network, the secondary roadways in the metropolitan area, and Boston's street infrastructure should be analyzed; and

Whereas, The potential for increase in automobile traffic resulting from improvements to Logan Airport and the Central Artery/Third Harbor Tunnel project should be analyzed; and

Whereas, As currently designed, the project may foreclose the possibility of constructing a vital rail link between North and South Station, and thus prevent completion of a rail system running from Maine to Washington, D.C.; and

Whereas, The project will have a significant impact on land value and land uses; and

Whereas, The project will have a significant impact on Boston's homeowners, tenants, and small businesses; and

Whereas, The project will have a wide variety of environmental impacts, including air quality, noise levels, water table, endangered species, and parklands; and

Whereas, Estimates show a shortfall \$6.2 billion in funding for Central Artery depression related costs such as environmental impact mitigation and construction of connector roads, interchanges, and long span bridges; and

Whereas, The project's cost and the debt incurred will be a significant factor in any plans the Commonwealth may entertain for future roadway or transit improvements even if optimistic projections of funding are realized; and

Whereas, Alternative uses for monies set aside may be more reasonable and useful in terms of transportation and more in the public interest; and

Whereas, It has been alleged that monies have been withheld and allowed to accumulate in order to provide enough capital for the depression of the artery thereby depriving the city and state of jobs and of infrastructural improvements badly needed to the road and bridge system; and

Whereas, There is a need for serious public scrutiny of the project in adequate detail to determine the extent to which the project serves the people of the city and state; Now Therefore Be It

Ordered, The Committee on Transportation hold a public hearing to hear the concerns about the project and investigate the allegations regarding this project and issue a report detailing those concerns and findings to the City Council and the public as soon as it is feasible.

Referred to the Committee on Commerce and Transportation.

ORDER THAT TRANSPORTATION DEPARTMENT PLACE TRAFFIC LIGHT AT CERTAIN INTERSECTION IN JAMAICA PLAIN (DOCKET NO. 0597)

Coun. HENNIGAN CASEY offered the following:

Whereas, The intersection of Cornwall Street and Brookside Avenue in Jamaica Plain has been the site of many accidents over the years, many of which were very serious in nature; and

Whereas, A Stop Sign is in place on Cornwall Street but this signage is not adequate to insure safety at the intersection nor does it curb the speeding of cars traveling on Brookside Avenue; and

Whereas, Our Lady of Lourdes Grammar School is located one block from this intersection and many of its students must travel in this area to go to school and to return home; and

Whereas, Flaherty (Cornwall) Playground is located at this intersection and is a play area that is used quite heavily, not only by residents of the Brookside neighborhood but the N.I.C.E. Daycare; Now Therefore Be It

Ordered, That the Transportation Department place a traffic light at the intersection of Cornwall Street and Brookside Avenue in Jamaica Plain to assist in alleviating traffic accidents and speeding at this intersection.

Passed under suspension of the rules.

LATE FILED MATTERS

The Chair moved that the rules be suspended and that two late filed matters in the hands of the City Clerk be added to the Agenda.

The motion was carried.

The two matters were added to the Agenda to be individually considered.

COMMITTEE ON PUBLIC SAFETY TO HOLD HEARING RE IMPLEMENTATION OF SECTOR INTEGRITY AS DESIGNATED BY POLICE DEPARTMENT IN 1989 (DOCKET NO.)

Couns. SALERNO offered the following:

Whereas, The City Council's Committee on Public Safety held a public hearing, in May, 1989, regarding an ordinance calling for implementation of sector integrity by the Boston Police Department in sectors of the City where there was a high rate of violent and drug-related crime; by the Boston Police Department; and

Whereas, A series of meetings were held at police stations in Areas B, B3, and C, attended by concerned citizens who voiced their support for sector integrity; and

Whereas, Community leaders and agency directors spoke in favor of the implementation of sector integrity in heavily impacted crime areas; and

Whereas, After numerous meetings with representatives of the Boston Police Department an agreement was reached, announced on June 13, 1989, with the Boston Police Department to implement sector integrity in sectors including, but not limited to, Roxbury, North Dorchester, Mattapan, South Dorchester, and Hyde Square; and

Whereas, Recent proposals by the Administration called for the implementation of community police,

an approach similar to sector integrity, throughout the City of Boston; and

Whereas, Sector integrity is viewed by many law enforcement officials as an important tool in addressing the issues of illegal drug-use and violent crime and in involving the community in this effort; and

Whereas, The City of Boston is continuing to face rising levels of violent crime, as exemplified by the recent deaths of 11-year-old Charles Copney and 15-year-old Korey Grant; therefore be it

Ordered, That the Committee on Public Safety hold a public hearing on the implementation of sector integrity in sectors designated by the Boston Police in 1989 and on the implementation of the community police program throughout the City.

Referred to the Committee on Public Safety.

COMMITTEE ON PUBLIC SAFETY TO HOLD HEARINGS TO EXAMINE POLICIES AND PROCEDURES AT SUFFOLK COUNTY HOUSE OF CORRECTION (DOCKET NO.)

Coun. McCORMACK offered the following:

Whereas, The recent death of an inmate at the Suffolk County House of Correction has raised serious questions about procedures employed at the facility in the areas of medical care and medications, the use of force, emergency response and investigative response; therefore be it

Ordered, That the Boston City Council's Committee on Public Safety conduct public hearings to examine the policies and procedures employed at the Suffolk County House of Correction, specifically those policies and procedures used in response to agitated inmates who need to be subdued and governing the use of force in those circumstances, and be it further

Ordered, That the Committee on Public Safety also examine the policies of Deer Island personnel concerning the administration of medications, medical care and emergency treatment to inmates and the Penal Department's procedures for investigating allegations of abuse by guards and other personnel.

Referred to the Committee on Public Safety.

THE ROOM FOR MORE CAMPAIGN

The Room for More Campaign is an initiative of the City of Boston designed to help meet the permanent housing needs of individuals who are — or who might easily become — homeless. The cornerstone of the campaign is a commitment to develop 1,000 lodging house rooms over the course of four years. Many of these lodging house rooms are specially designed for individuals with high service needs like persons who are mentally ill or who have substance abuse problems. Others are for people who are working or on fixed incomes from retirement or disability. Some SROs (single room occupancy buildings, another name for lodging houses) have a mix of populations. For example one collaborative has designed a model that will be used in six different lodging houses throughout the city that will house a combination of working people, people with mental illness and people with AIDS.

In order to support the production of lodging house rooms, the city has been working on several related tasks. A manual on the city rules and regulations as they relate to SROs is in process and should be available early in 1992. In relation to this, an interdepartmental task force of city agencies met throughout January, February and March to generate a list of recommendations on how to streamline and coordinate the city's information regulations about lodging houses.

The city has been working closely with a non-profit group of SRO developers called the Coalition for the Preservation of Single Room Occupancy Buildings. This group sponsored a series of trainings on management for lodging house owners in the winter of 1991. Also through the work of this group, Boston LISC applied for and received \$2 million in loan money from the National Community Development Initiative (NCDI). NCDI is a collaborative effort of seven national foundations and an insurance company who joined together to raise money for local community development initiatives.

In 1991, the first year of the campaign, the city sponsored the development of 140 lodging house rooms. This past year, we completed 147 rooms with another 116 in construction. Thus, a total of 403 rooms are completed or in construction. In or-

der to reach our goal — 1,000 rooms for December, 1992 — we need to develop another 597 rooms. We have 572 rooms in active projects in our pipeline. If all of these can be completed, we would be only 25 short of our goal.

The largest project that was finished in 1991 is a 119 room lodging house on Beacon Hill. This lodging house — actually three contiguous buildings all joined internally — has long been a fixture on the Hill and housed many people working in local service industries. It had, however, over the years evolved into serving more and more mentally ill people and people with other disabilities until people with disabilities have come to make up a significant portion, if still a minority, of the population of the buildings. Our role was to help finance badly needed renovations, bringing the building up to code and

making sure that it was affordable to the lower income populations.

A second SRO project completed this year is specifically designed for disabled veterans. Veterans, especially those from the Vietnam War era, are disproportionately represented among homeless people. Many of these veterans have not psychologically healed from the trauma of the war and now have difficulty maintaining the usual vigors of life — committed personal relationships, jobs, etc. Many have become homeless, alcoholic, drug-addicted and/or mentally ill. These homeless veterans will now have a place specially designed for them on Hartford Street in Roxbury. The building, now called Hartford Manor, was a former nursing home that has been converted into an SRO for 18 homeless veterans complete with the social service support the men need.

Our third project for the year, with 11 rooms, is a program specifically designed for men and women who have had substance abuse problems. Sponsored by Positive Lifestyles, a rehabilitation program for people with alcohol and drug abuse, the new SRO on East Springfield Street in the South End will provide permanent housing with support services for formerly homeless people in recovery.

Six projects are in construction or ready to be in construction. They include three community residences for mentally ill adults, one SRO for graduates of a rehabilitation program for alcoholic men, an SRO for working poor people and an SRO that will mix working poor and mentally ill people and people with AIDS.

Joined by volunteers and neighborhood residents, Mayor Raymond L. Flynn throws the switch that lit the Christmas tree outside City Hall on December 10. More than 25 community tree lightings took place across the city this holiday season, each sponsored by the City's Office of Business and Cultural Development and the Office of Neighborhood Services in conjunction with community activists and groups.

T GENERAL MANAGER WANTS TO BE TOLD "WHERE TO GET OFF"

Haley Begins Effort To Get Suggestions From MBTA Customers; Meets Passengers at Back Bay Station in Campaign Kickoff

"Tell Me Where To Get Off." That's what MBTA General Manager John J. Haley, Jr. is asking T riders to do in the first of a series of meetings, held in the transit system's stations, that began today.

Haley appeared at Back Bay Station this afternoon during rush hour to take comments, suggestions, and ideas from T customers. Posters were put up throughout the T system announcing the program, and, last week, passengers received flyers telling them about today's appearance.

"Who knows more about what's wrong — and right — about the T than the people who ride it everyday?" Haley said. "They're really our leading experts on transportation. I felt it was important to go right to folks to get their concerns. People need to know that we care about what they think, and we want them to have a stake in our system."

Haley said the face-to-face program is not an idle exercise.

"We're going to pay a great deal of attention to what our customers say through this program," he said. "These are the folks who, day-in and day-out, make or break public transportation in Boston. If we aren't responsive to them, we lose riders and everyone suffers. With the Central Artery/Third Harbor Tunnel construction about to begin, it is particularly important to pay attention to riders' concerns, because many people may turn to us an alternative. It's an opportunity and we want to be fully prepared."

On the poster and flyers, Haley is pictured beside an MBTA system map. The posters say:

"Tell me where to get off."

I really want to know. As the MBTA's new General Manager, I need advice on how to make a good transit system even better. So I'm consulting one of the city's leading experts in transportation: YOU!

So tell me . . . are the elevators working at your station? Are the platforms clean? Do we need to provide more benches or trash barrels? Do some stations cry out for brighter

lighting, better signs, clearer public address announcements? Are bus and train operators courteous and responsive? Do you have adequate notice of service delays and changes?

Your suggestions will help build my customer service agenda. I will implement the best suggestions immediately, to demonstrate my commitment to you and your transportation needs. I look forward to meeting you at **Back Bay Station, Monday, December 16, 1991, 4-6 p.m.** to discuss the ways in which you would make the T the best system in America. Or, call my office at 1-800-281-MBTA.

**John J. Haley, Jr.,
General Manager.**

Haley and senior staff members met commuters near the Back Bay Station Orange Line turnstiles. Passengers also could fill out suggestion cards and deposit them in special boxes nearby. Tables were also set up, offering a variety of T information, schedules and brochures for customers.

Over the next few months, Haley will meet passengers at other T locations, or customers may provide comments over the phone by calling 1-800-281-MBTA (6282).

NEWTON CENTRE T STATION GETS A "NEW LEASE" ON LIFE WITH PUBLIC/PRIVATE PARTNERSHIP

*Coffee Connection Opens in Historic,
100-Year Old Station; T Also Un-
veils New "Train Alert" System*

The T's historic Newton Centre Station officially reopened today with a grand new tenant — the popular Newton outlet of The Coffee Connection. The 100-year-old building, designed by famed architect H. H. Richardson in 1888, will feature newly renovated quarters for The Coffee Connection, with a larger, more comfortable space than their previous location, including seats and tables so that customers can enjoy a cup of coffee and a croissant before getting on their train.

As an extra, T riders can enjoy that morning coffee without missing their trip, because the T has installed a new electronic sign inside the station building — one that alerts customers two minutes before a downtown-bound train enters the station.

"This is a perfect example of the kind of public/private partnership which benefits everyone," said T General Manager John J. Haley, Jr. at the official opening ceremonies. "This wonderful old station comes back to life, and provides a service both residents and T customers alike can use. It's good for the City of Newton, good for The Coffee Connection — and the Connection's customers and T passengers reap the benefits."

Newton Mayor Theodore Mann, who also chairs the MBTA Advisory Board, commented, "It's exciting to be able to bring two Newton 'fixtures' together — The Coffee Connection and the beautiful Newton Centre Station. The T and The Connection are both good neighbors, and they both help to spur Newton's economic growth and make our city a thriving, attractive community."

The Coffee Connection owner George Howell said, "Our old store often resembled a subway train during rush hour. By moving into the T's New-

ton Centre Station, we are repaying a debt to our faithful customers who have supported us for the past decade. We needed more space for our customers to sit and relax."

David Peck, Marketing Director for The Development Group, owners of Piccadilly Square and developers of the retail space in the old station said, "This project really revitalizes the entire Union Street and Piccadilly Square area into a cohesive shopping district. I'm impressed by the way the City of Newton and the T worked together to make this development a reality."

The new "train alert" system is connected to a sensor down the tracks, which, when tripped by a passing train, activates the electronic sign. It flashes "Boston Train Approaching" two minutes before the train enters the Station. This allows T customers to remain inside the cafe — a real boon when the weather is inclement — enjoying their coffee until just before the train arrives.

The Coffee Connection, founded by George Howell in 1975, has been called "the most serious coffee retailer on the East Coast" by *The Atlantic* magazine. The company has 10 retail store/cafe locations in the Boston area, and specializes in freshly roasted coffee and coffee beans. Its annual sales now approach \$10 million.

Developer Peck is also working to bring another retail tenant to the building, one which also will sell MBTA monthly passes.

MAYOR FLYNN CALLS FOR INCREASED DRUG EDUCATION AND PREVENTION PROGRAMS

Mayor Raymond L. Flynn recently called for increased federal drug education and treatment programs, saying that more outreach would "break the cycle of violence and despair" that often stems from substance abuse.

Speaking at the December 11 annual meeting of Boston Against Drugs, the Mayor emphasized the fact that the federal government spends most of its anti-drug budget on enforcement and de-

votes only a small amount for treatment, education and prevention efforts.

"We are forced to spend millions of additional dollars each year to keep people in prison," Mayor Flynn said. "Meanwhile, we are denied adequate state and federal funding for the prevention, education and treatment programs that keep people out of prison."

The Mayor's comments came as the various neighborhood TEAMS continue developing their work plans, which are based on the concept of empowering the community to fight drugs through education and prevention. In the Fall of 1990, the City of Boston was awarded a \$2.5 million federal grant from the Office of Substance Abuse Prevention. The award will provide the city with a definitive prevention model for dealing with Boston's substance abuse program.

Mayor Flynn called the federal anti-drug efforts' \$7.6 billion emphasis on enforcement versus its \$2.9 billion commitment to treatment and education, "tragic, because the funds we must invest in prisons could instead be invested in permanent solutions which treat or prevent drug use."

"Let's face it," the Mayor added, "drugs and alcohol contribute in a major way to the destabilization of families. And if a family is divided or destabilized, it's impossible for a community to develop the kind of values that prevent violence and create a healthy quality of life."

Mayor Flynn urged the federal government to couple its law enforcement efforts with treatment on demand and educational outreach prevention programs like Boston Against Drugs.

Boston Against Drugs Executive Director Howard Hughes said the federal grant for BAD's local prevention efforts is based on "the most modern thinking with respect to the prevention of substance abuse."

BAD has TEAMS throughout the city's neighborhoods and works for community empowerment in conjunction with local residents, civic groups, business leaders and the Mayor's Office of Neighborhood Services.

December 17, 1991

Dear Communicator:

Once again another fruitful United Way Campaign is coming to a close with pledges to date reaching \$47.3 million. Your willingness to support this effort through your employee publications was critically important and greatly appreciated.

Throughout the community, individuals and corporations were extremely generous this year. We'd like to extend the warmest "thank-you" possible. We've enclosed two separate thank-you ads for this purpose, and hope you'll find them appropriate for your publications. These ads can run from now until March 1.

Also enclosed are small space ads featuring our first-ever 800 number for the Information and Referral Service, and a direct line for the Voluntary Action Center (VAC).

Finally, from the VAC, an announcement for employees about the Volunteer Resource Guide. It helps direct groups (such as families) to volunteer projects that might be of interest.

Thanks again for lending a helping hand to get the word out. Certainly, these are difficult times for many of our fellow employees, neighbors, families, and friends.

Kind regards,
Jennifer Deakyne,
Marketing Manager.

PEDESTRIAN FACT SHEET

- There are more than 100,000 pedestrian injuries and more than 6,000 pedestrian fatalities each year.
- Crashes involving pedestrians are likely to be fatal crashes and account for approximately 15 percent of all traffic fatalities.
- Alcohol impairment is a leading factor in pedestrian fatalities and injuries. Approximately one-third of the pedestrians involved in fatal pedestrian crashes were intoxicated. In about half of the fatal pedestrian crashes, pedestrians between the ages of 14 and 65 had been drinking.

• Approximately half of the total number of pedestrian fatalities each year involve alcohol (either the driver or the pedestrian had been drinking).

• There are more than 9 alcohol-related fatal pedestrian crashes every day in this country. In 1989, there were 3,346 alcohol-related fatal pedestrian crashes.

• One out of 4 alcohol-related fatal pedestrian crashes involves a pedestrian who had not been drinking and a driver who had.

• More than half of all fatal pedestrian crashes involving adults ages 20-39 involved alcohol in 1989.

• Many prescriptions and over-the-counter medications, when combined with alcohol, impair mental alertness and the ability to walk safely.

CITY EXTENDS SAFE NEIGHBORHOODS FUND GRANT DEADLINE

Theodore Landsmark, Director of the City of Boston's Safe Neighborhoods Plan, announced this week that the deadline for applying for a Safe Neighborhoods Youth Fund grant has been extended to January 24, 1992.

"The Safe Neighborhoods Youth Fund is designed to sponsor innovative community-based efforts to provide education and support, including activities and programs for young people and families," Landsmark said this week. "Support in the form of mini-grants will be made to grassroots groups, neighborhood organizations, churches and community agencies based in Boston."

Created by Mayor Raymond L. Flynn, the Safe Neighborhoods Youth Fund — now in its third cycle of its second year — has provided thousands of dollars in support to dozens of grassroots agencies dedicated to working with young people in the city's neighborhoods.

Grant applications may be obtained by calling 725-4495.

Landsmark reminds potential applicants that their programs must support implementation of specific goals identified in the Safe Neighborhoods Plan. Landsmark also notes that pri-

ority will be given to programs that promote violence prevention education, dispute resolution and other mediation skills, as well as programs that promote self-esteem and group that develop life skills, job readiness skills, mentoring and parenting programs.

MOTORCYCLE FACT SHEET

• In 1990, traffic crashes killed 3,238 motorcyclists. An additional 72,000 were injured.

• In 1989, alcohol was present in 52.6 percent of motorcycle operators involved in fatal crashes. The presence of alcohol is higher in motorcycle operators involved in fatal traffic crashes than in the operators of any other type vehicle involved in fatal crashes.

• In 1990, 30 percent of motorcycle drivers under the age of 20 killed in traffic crashes had some level of alcohol in their blood, with the majority of these having a blood alcohol content of .10 or above.

• Although motorcycles only represent less than 3 percent of all registered motor vehicles, crashes involving motorcycles account for almost 7 percent of all motor vehicle fatalities.

• Per mile, a motorcyclist is approximately 20 times more likely to die in a crash than is an automobile operator.

• Head injury is the leading cause of death in motorcycle crashes. Compared to a helmeted rider, an unhelmeted rider is 40 percent more likely to incur a fatal head injury and 15 percent more likely to incur a head injury of lesser severity when involved in a crash.

• A study of all injured motorcyclists admitted to Maryland trauma centers for a one-year period in 1987-1988 found that of the 165 patients tested for alcohol use 53.3 percent tested positive. Of the riders under the legal drinking age tested for alcohol use, 31.3 percent tested positive.

YOU AND ME PUPPETS TO PERFORM AT BPL

Judith O'Hare and the You and Me Puppets of Reading will present a special holiday performance of "Hansel and Gretel," a participatory puppet production, in the Rabb Lecture Hall of the Boston Public Library in Copley Square on Friday, December 27th at 11:30 a.m.

With music and story line from the opera by Humperdinck, Ms. O'Hare introduces the audience to the music beforehand and then invites the children to become opera stars with her by performing and singing with her during the show.

The music and puppets blend to weave a beautiful fantasy about children who are resourceful and caring. The finale banishes fear of witches, and the puppeteer joins the audience in a song of jubilation.

Judith has a master's degree in Theatre from Tufts and a bachelor's degree in English, Education, and Fine Arts from the University of Massachusetts. She has taught at all levels and, as an arts administrator, has planned and implemented training programs for children and adults at the local and national levels. A member of the Puppeteers of America and the Boston Area Guild of Puppetry, Ms. O'Hare has also performed on television.

The program is free and open to the public and is intended for children four years old and up. Supervised groups are welcome, although seating is limited. For further information, please contact the Children's Room of the Boston Public Library at 617/536-5400, Ext. 328.

HEALTH AND HOSPITALS DEPARTMENT

Hematology Analyzer

C100-92

July 11, 1991

Dear Mr. Mayor:

I respectfully request your Honor's permission to dispense with public advertising and award a sole source procurement contract to J & S Medical Associates, Inc., a corporation, located at 19 Strathmore Road, Natick, Massachusetts 01760 to provide maintenance and repair for ABX-STX Hematology Analyzer and a Coulter Stacker.

Under this contract J & S Medical Associates, Inc., will provide maintenance service to include parts and labor for the ABX-STX hematology analyzer located in the Emergency Room at Boston City Hospital between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday with a 24-hour emergency response and one (1) preventive maintenance check for \$3,990.00. I have determined after reasonable investigation that J & S Medical Associates, Inc., is the only practicable source for this service and I made a written determination of that fact on May 28, 1991 by the letter to the City Auditor, attached.

Compensation under this contract shall not exceed six thousand nine hundred ninety dollars (\$6,990.00) which I have determined to be reasonable for the work to be performed.

The term of this contract shall be July 1, 1991 through June 30, 1992.

Because of the sole source nature of the services to be procured, I believe that public advertising would serve no useful purpose.

This contract is being processed late because the necessary documents were not received from the vendor until after July 1, 1991.

Very truly yours,

Judith Kurland,
Commissioner.

CITY OF BOSTON

Proceedings of City Council

Wednesday, May 1, 1991.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President IANNELLA in the chair, and all the members present.

INVOCATION

The Reverend William Alberts of Community Church of Boston, delivered the invocation, and the meeting was opened with the pledge of allegiance to the flag.

DISAPPROVING ORDER THAT CORPORATION COUNSEL SEEK WRIT OF MANDAMUS, IF NECESSARY, TO ENSURE FULL COMPLIANCE WITH INTENT OF SUPREME COURT ORDER, CA 91-2041D, AND APPLICABLE SECTIONS OF CITY OF BOSTON CODE RE LONG ISLAND HOSPITAL (DOCKET NO. 0563)

The following was received:

City of Boston
Office of the Mayor

April 29, 1991.

To the City Council.

Dear Councillors:

I transmit herewith without my signature and disapproved an order passed by your Honorable Body April 10, 1991, Docket No. 0563, which requests the Corporation Counsel to advise the Mayor and the Commissioner of Health and Hospitals with regard to Long Island Hospital. The order further requires the Corporation Counsel to go to court, if necessary, to enforce a court order regarding said Hospital and applicable sections of the City of Boston Code.

I believe that this order is now moot since the City Council has subsequently determined to retain its own counsel and is now bringing such suit, *Baxter, et al. v. Board of Health and Hospitals of the City of Boston*, Suffolk Superior Court C.A. No. 91-2041D.

Even if it were not moot, I would disapprove because the order is an interference by the Council with the executive and administrative business of the City, which is prohibited by the Charter. St. 1948, c. 452, sec. 17G, as appearing in St. 1951, c. 376, sec. 1. The order is also an interference with the authority of the Corporation Counsel to exercise his discretion and skills to take the steps he deems necessary in legal matters under his jurisdiction. CBC Ordinances 5-8.1.

Sincerely,

Raymond L. Flynn,
Mayor.

DISAPPROVING ORDER THAT BOARD OF HEALTH AND HOSPITALS SHALL NOT CLOSE LONG ISLAND HOSPITAL (DOCKET NO. 0564)

The following was received:

City of Boston
Office of the Mayor

April 29, 1991.

To the City Council.

Dear Councillors:

I return herewith without my signature and disapproved an order passed by your Honorable Body on April 10, 1991, Docket No. 0564, which purports to order "(t)hat in accordance with the provisions of CBC Ordinance 12 s. 3 the Board of Health and Hospitals shall not close, or reduce the bed capacity at Long Island Hospital."

There are three reasons for my disapproval. The first reason is that the April 10th Council order has a drafting error which renders it technically and legally defective. CBC Ordinances 12-3, which the Council cites as authority for its action, concerns "Council on Aging"; it has nothing to do with Boston City Hospital. Presumably the Council meant to cite CBC Ordinances 12-1.2., "Approval for Closing or Reducing Bed Capacity of Facilities".

Even if the Council had properly drafted the April 10th order, there is a second, much more important reason for disapproving it. The Council's action forces the decaying Long Island Hospital to stay open and would confine patients within that institution against their will. This is clearly wrong and unfair to the patients and would also have severe ramifications for the City's entire public health program.

There can be no dispute about what is in the patients' best interests. Long Island Hospital is one hundred and four years old and it is no longer well-suited to operate as a chronic care facility. The patients, in any event, are not "chronic care patients". According to medical experts and state and federal health care officials, these patients instead require the level of care available in a nursing home setting. Until recently, due to a shortage of nursing home beds in the Commonwealth, few options for such care existed. However, due to the recent alteration and tightening of government reimbursement policies, now there are nursing home beds available for these patients if action is taken without delay. Those patients who had the option to move to a nursing home before the City Council brought suit to stop such moves all chose to do so voluntarily. At present, as a result of a lawsuit to which the Council is a party against the Board of Health and Hospitals, the plaintiffs have obtained an order forcing some patients to be held at Long Island Hospital against their wishes even though a preferable placement is available to them in a nursing home.

Keeping this antiquated facility open in the next fiscal year would cost some eight million dollars, money which the City does not have. If the City Council were to force Long Island Hospital to remain open, the Council would by necessity be imposing huge cuts in other essential City public health programs, such as neighborhood health centers, lead paint screening programs, medical services for people with AIDS, and emergency ambulance services.

The Board of Health and Hospitals — after careful analysis of the medical needs of Long Island's patients, the nature of the facility, and the City's overall public health needs — determined that it was necessary to close the Hospital. A plan was developed to arrange for more appropriate nursing home care for all of the patients.

This is a decision for the Board of Health and Hospitals to make. Because the Board's plan respects the patients' best interests and has been approved by leading geriatricians and by the Massachusetts Department of Public Health, Commissioner Kurland and I believe that it is a reasonable, compassionate decision.

Common sense alone should tell us that decisions on such matters as closing Long Island Hospital or reducing the bed capacity are decisions to be made by public health officials. It is not just common sense, however; it is also the law. The special act governing City Hospital clearly authorizes the Board of Health and Hospitals to make such decisions. The special act does not allow for a City Council veto of the Board's decision. St. 1965, c. 656.

The third reason for my disapproval is that, as the Corporation Counsel advised at the time of its passage, the 1973 ordinance which the City Council purports to rely upon is void. This is so not only because it has no basis in St. 1965, c. 656, but also because it conflicts with the City Charter. The Charter prohibits the Council from interfering in the executive and administrative business of the City. St. 1948, c. 452, s. 17G, as appearing in St. 1951, c. 376, s. 1, as well as from unilaterally reorganizing City departments. St. 1953, c. 473, s. 5. Nor may the Council directly or indirectly require an appropriation of funds to maintain Long Island Hospital at a certain bed capacity. St. 1909, c. 486, s. 3, as appearing in St. 1982, c. 190, s. 15. Therefore, the Council is prohibited by law from exercising a veto over valid public health decisions made by the Board of Health and Hospitals.

Very truly yours,
Raymond L. Flynn,
Mayor.

RULES BE AMENDED TO INCLUDE A SPE-

(DOCKET NO. 0638)**

Coun. BOLLING offered the following:

Whereas, The City of Boston is holding municipal elections in 1991; and

Whereas, The 1990 federal census has been completed and the Boston Redevelopment Authority and the Management Information Systems Department are in receipt of the census data base for the City of Boston; and

Whereas, Federal Constitutional Law mandates that the most recent census data be used for the purpose of establishing electoral districts; and

Whereas, The City Council is responsible for redistricting in the City of Boston; and

Whereas, The City Council needs to determine the configuration of electoral districts based on the 1990 census for the City of Boston to be in compliance with both the Federal Constitutional requirements of "one person/one vote" and Section 2 of the 1965 Voting Rights Act as amended in 1982; therefore be it

Ordered, That Rule 28 of the Rules of the City Council be amended to include a Special Committee on Redistricting which shall concern itself with the implementation of a redistricting process for the 1991 municipal elections. The committee shall make recommendations for an appropriate reconfiguring of the City Council/School Committee districts based on the 1990 federal census.

COMMITTEE ON CITY AND NEIGHBORHOOD SERVICES TO HOLD HEARING RE TREASURY DEPARTMENT'S POLICY RE COLLECTION ON DEFAULTED OR DELINQUENT EXCISE TAX ACCOUNTS (DOCKET NO. 0640)

Coun. KELLY offered the following:

Whereas, Under Chapter 653 of the Acts of 1989, a motorist will be prohibited from renewing a license or registration until all outstanding excise tax bills are settled; and

Whereas, In compliance with this statute the City of Boston has mailed notices of excise tax due to residents of the City of Boston; and

Whereas, The city has contracted the services of Urban Tax Services to collect on these accounts; and

Whereas, Urban Tax Services has made claims for payment on bills over twenty years old; and

Whereas, Under Chapter 653 of the Acts of 1989, a registration or license renewal will be denied until proof of payment is made to Urban Tax Services; and

Whereas, One resident was a Notice of Intent to Suspend Registration based on a city record which showed a 1984 non-payment, when, in fact, a cancelled check proved that the excise was paid ten months before a bill was sent; and

Whereas, Although the practice of sending out ten or twenty-year-old excise tax bills may capture some delinquents, it may also snare the innocent who have no proof of payment; and

Whereas, Although state statute and city ordinances governing these collections are in all likelihood valid and constitutional, there remains a serious legal question whether the lapse between assessment and collection has affected the broader constitutional question of due process; be it therefore

Ordered, That the Committee on City and Neighborhood Services conduct a timely public hearing into the Treasury Department's policy with regard to collection on defaulted or delinquent excise tax accounts to determine whether residents are denied the opportunity of due process when they are called on to produce proof of payment of an excise tax bill ten, fifteen or twenty years old; and be it further

Ordered, That a representative of the city's Law Department, a representative of Urban Tax Services, and the Mayor's Office be invited to attend.

Referred to the Committee on City and Neighborhood Services.

ORDINANCE AMENDING CHAPTER 34 OF THE ORDINANCES OF 1984, AS AMENDED (DOCKET NO. 0641)

Coun. KELLY offered the following:
City of Boston

In the Year Nineteen Hundred and
AN ORDINANCE AMENDING CHAPTER 34 OF THE ORDINANCES OF 1984, AS AMENDED

Be it ordained by the City Council of Boston, as follows:

Section One: After the words: "dwellings therein as their permanent residence;" at the end of Section 1 (n)(11), add the following new words: "provided further, that in any exempt housing accommodation in which the owner occupants are elderly, that housing accommodation shall be considered occupied by all legal and beneficial owners where one of the owners, due to poor health or disability, enters or is committed to a nursing home or hospital."

Referred to the Committee on Housing.

ORDINANCE RE PARENTAL RESPONSIBILITY (DOCKET NO. 0642)

Coun. BOLLING offered the following:
City of Boston

In the Year Nineteen Hundred and Ninety-one
AN ORDINANCE RE: PARENTAL RESPONSIBILITY

Whereas, Over the last decade, the City of Boston has experienced an escalation of violent crime often involving minors; and

Whereas, The most fundamental responsibility of parents is to provide for the safety and welfare of their children; and

Whereas, Children engaging in criminal activities are a danger to both themselves and society; and

Whereas, The first line of defense against crime should be in the home where parents should instill basic societal values and, if necessary, take appropriate actions to restrain their children from participating in criminal activities; and

Whereas, Parents who have difficulty controlling their children should have access to help in improving their parenting skills; and

Whereas, Parents who do not uphold their parental responsibilities and whose children habitually commit criminal acts should be held responsible for their children's actions; therefore

Be it ordained by the City Council of Boston in accordance with the provisions of Massachusetts General Laws 43B, Section 13, and any other applicable law, as follows:

Section One. Definitions.

For the purposes of this Ordinance, the following definitions shall apply unless the context otherwise requires:

Delinquent Acts means those acts which violate the laws of the United States, or the statutes of the Commonwealth of Massachusetts or the ordinances of the City of Boston or those acts which would cause or tend to cause a minor to come under the jurisdiction of the juvenile division of the courts.

Minor means any person under the age of sixteen (16) years residing with a parent.

Parent means mother, father, legal guardian and any other person having the care or custody of a minor or any person acting in the parents stead who has custody or control of the child.

Illegal Drugs means controlled substances obtained without a legal prescription.

Juvenile Delinquent means those minors whose behavior interferes with the rights of others or menaces the welfare of the community.

Section Two. Parental Responsibilities.

It is the continuous responsibility of the parents of any minor to exercise reasonable control to prevent the minor from committing any delinquent act. Included (without limitation) in this continuous responsibility of reasonable parental control are the following parental duties:

(A) To keep illegal firearms out of the home and legal firearms locked in places that are inaccessible to the minor;

(B) To require the minor to attend regular school sessions and to forbid the minor to be absent from classes without parental or school permission;

(C) To arrange proper supervision for the minor when the parent must be absent;

(D) To forbid the minor from keeping stolen property, illegally possessing firearms or illegal drugs, or associating with known juvenile delinquents, or to seek help from appropriate government authorities or private agencies in handling or controlling the minor, when necessary, if it becomes known to the parent that the minor possesses stolen property, legal or illegal firearms, illegal drugs, or is associating with known juvenile delinquents.

Section Three. Notification of Parents.

Whenever a minor is arrested or detained for the commission of any delinquent act within the city, the parent of the minor shall be immediately notified by the Police Department advising the parent of such arrest or detention, the reason therefor, and the parent's responsibility under this ordinance. A record of such notifications shall be kept by the Police Department.
